14. Read the following report of the Board of Examiners for the recent B.Sc. Examination :—

"From

THE BOARD OF EXAMINERS
FOR THE B.Sc. EXAMINATION,

To

THE REGISTRAR, CALCUTTA UNIVERSITY.

Dated, Calcutta, the 3rd May, 1903.

SIR,

We have the honour to submit, for the approval of the Hon'ble the Vice-Chancellor and Syndicate, the results of the B. Sc. Examination.

The number of candidates registered for the Examination was 12, of whom 2 passed and 10 failed. Of the successful candidates, 1 was placed in the Pass list and one in the Honours list. The successful candidate in the Honours list obtained Second Class Honours in two subjects.

With reference to para. 6 of the Rule : for election to the Scholarships tenable in England by Natives of India, we are unable to make any recommendation.

We have the honour to be,

Sir,

Your most obedient Servants,

(Sd.) ASUTOSH MUKHOPADHYAY.

" G. W. KÜCHLER.

" WM. TATE.

" PAUL BRÜHL.

" J. HENRY BURKILL.

" C. E. CULLIS."

The Registrar stated that, in anticipation of the orders of the Syndicate, he had published the names of the successful candidates in the *Gazette*.

RESOLVED—

That the Report be adopted, and the action of the Registrar be approved.

The following are the names of the successful candidates :—

HONOURS LIST.

MATHEMATICS.

(Second Class.)

Mitra, Himansumohan Presidency College.

PHYSICS.

(Second Class.)

Mitra, Himansumohan Presidency College.

PASS LIST.

15. The Registrar enquired what remuneration was to be paid to the Examiners for conducting the Practical Examinations in the various subjects at the B. Sc. Examination.

RESOLVED—

That Rs. 5 be fixed as the amount of fee to be paid to the Examiners for conducting the Practical Examination of each candidate at the B. Sc. Examination in any subject, both Pass and Honours.

16. Read a letter from the Officiating Director of Public Instruction, Burmah, stating in reply to this office letter No. 1276, dated the 22nd April, 1902, that either A. W. Lonsdale, Esq., Editor, Vernacular Text-books, or Yeo Wun Sin, Sub-Editor of Vernacular Text-books, would be suitable as an Examiner in Burmese.

ORDERED—

To be recorded.

17. Read a letter from Dr. E. D. Ross, Ph.D., Principal, Madrasa College, Calcutta, stating in reply to this office letter, dated the 5th March last, that on a careful examination of Babu Jadunath Sarkar's book entitled "The India of Aurangzeb," he finds that it contains much careful research, and a certain quantity of

wholly original work displaying great diligence and a spirit of accurate scholarship deserving of high praise, and that he therefore considers that the author has satisfied the conditions laid down in para. 3 of the Rules passed by the Senate for the Premchand Roychand Studentships.

Read also a letter from the Hon'ble Mr. Justice Ameer Ali, C.I.E., M.A., B.L., stating that he has read Babu Jadunath Sarkar's work entitled "The India of Aurangzeb" carefully, and finds that it shows considerable industry and research, and that in his opinion the student has satisfied the conditions laid down in para. 3 of the Rules passed by the Senate for the Premchand Roychand Studentships.

ORDERED—

That, as provided in para. 3 of the Rules for the Premchand Roychand Studentships framed by the Senate, the Studentship of Rs. 1,400 a year already awarded to Babu Jadunath Sarkar, M.A., be extended for a further period of three years, with effect from 1900, and that the thanks of the Syndicate be conveyed to Dr. Ross and to the Hon'ble Mr. Justice Ameer Ali, C.I.E., M.A., B.L., for kindly examining the thesis and furnishing the Syndicate with their reports thereon.

18. The Registrar submitted to the Syndicate a thesis on "Line Infinity", submitted by Babu Indubhushan Brahmachari, M.A., Premchand Roychand Student for 1898, under para. 3 of the Rules passed by the Senate for the Studentships.

ORDERED—

That the thesis submitted by Babu Indubhushan Brahmachari, M.A., be referred to the President of the Board of Studies in Mathematics and to Dr. Cullis, with the request that they will be so good as to examine the thesis and favour the Syndicate with an expression of opinion as to whether the student has satisfied the conditions laid down in para. 3 of the Rules for the Premchand Roychand Studentships passed by the Senate.

19. The Registrar enquired whether under para. 6 of the Rules for the Premchand Roychand Studentships,

the limits of the Literary subjects for the Examination in 1903 should be defined.

ORDERED—

That the question be referred to the respective Boards of Studies.

20. The Registrar laid before the Syndicate the following applications for the Tagore Law Professorship for 1902-1903 :—

Names of Applicants.	Subject or subjects in which the applicants are prepared to deliver lectures
1. D. White, Esq., M.A., LL.D., Bar-at-Law	The Law of Ultra Vires.
2. S. R. Das, Esq., M.A. (Cantab.), Bar-at-law	Ditto.
3. N. N. Mitra, Esq., Bar-at-law	Ditto.
4. Babu Harakumar Mitra, Vakil, High Court	Ditto.
5. Dr Saratchandra Banerjee, M.A., D.L., Vakil, High Court	The Law relating to the Sale of Immoveable Property otherwise than by Act of Parties.
6. Babu Ujendraopal Mitra, Vakil, High Court	Ditto.
7. Babu Surendranath Ray, B.L., Vakil, High Court	Ditto, and The Law of Ultra Vires.
8. Babu Dwarkanath Chakrabarti, M.A., B.L., Vakil, High Court	The law relating to the Sale of Immoveable Property otherwise than by Act of Parties.
9. Babu Kisorilal Sarkar, M.A., B.L., Vakil, High Court	The rules of interpretation in Hindu Law with special reference to Munansa Aphorisms as applied to Hindu Law.
10. H. N. Morrison, Esq., Bar-at-Law	The Law of Ultra Vires.

and pointed out that Mr. Morrison's Synopsis and Introductory Lecture were sent in with a letter of explanation on the 9th of May.

ORDERED—

That the applications be laid before the Faculty of Law.

21. Read a letter from Babu Rajendranath Ghoshal, requesting to be informed whether holders of a Licence in Medicine and Surgery in this University are reckoned as graduates, and whether rule 9 of the revised rules for the Coates Memorial Prize is applicable to them.

ORDERED—

That Babu Rajendranath Ghoshal be informed that under Section XI of the Act of Incorporation, holders of a Licence in Medicine and Surgery in this University are reckoned as graduates, and as such rule 9 of the revised rules for the Coates Memorial Prize is applicable to them.

22. Read an endorsement from the Officiating Deputy Secretary to the Government of India, Home Department, forwarding for disposal a letter addressed by Mr. W. C. Ghose, Bar-at-Law, to His Excellency the Viceroy, submitting a memorial from some of the inhabitants of Mymensingh, praying that the application of Srimati Dirzamani Chaudhurani for the affiliation of a first grade Arts College at Mymensingh may be favourably considered

ORDERED—

That Mr. W. C. Ghose be informed that, in view of the fact that the City College, Mymensingh Branch, has already been affiliated to this University, the Syndicate do not see their way to recommending another first grade Arts College at Mymensingh for affiliation.

23. Read a letter from the Principal, St. Mary's High School, Rangoon, forwarding an application for the recognition of the Institution countersigned by the Director of Public Instruction, Burma.

ORDERED—

That St. Mary's High School, Rangoon, be recognised as an institution qualified to send up candidates to the Entrance Examination.

24. Read a letter from the Principal, Bhumihar Brahman College, Mozufferpur, inviting attention to the fact that since the establishment of the above named College in 1899, the Society's H. E. School at Mozufferpur has become its feeder, and that the College and the School form but one institution under the control of the Principal; and suggesting that under the circumstances the Society's H. E. School may henceforth be officially recognised as the Bhumihar Brahman Collegiate School.

ORDERED—

That the Society's H. E. School at Mōzufferpur be henceforth recognised as the Bhumihaar Brahman Collegiate School.

25. Read a letter from the Principal, Pabna Institution, forwarding an application from Sadaruddin Ahmed, who, after attending lectures in the 1st year class of the Midnapur College up to January, 1902, joined the 1st year class of the Pabna Institution from the 1st February, praying that, under the circumstances therein set forth, he may be permitted to count his attendance in the Pabna Institution from the date on which he actually joined it, and not from the date on which a transfer certificate was granted to him by the Principal, Midnapur College.

Read also a letter from the Principal, Midnapur College, stating in reply to this office letter No. 1224, dated the 3rd April, 1902, that Sadaruddin Ahmed's application for transfer reached him on the 14th January last, and that he passed order for the issue of a transfer certificate on the same date, but owing to an oversight on the part of the College Clerk, the certificate was not issued till the 19th of February, 1902.

ORDERED—

That the Principal, Pabna Institution, be informed that Sadaruddin Ahmed is permitted to count his attendance in the Institution from the date on which he actually joined it.

26. Read an endorsement from the Principal, Pabna Institution, forwarding an application from Gopalchandra Chakrabarti, who was lately a student in the 1st year class of the Rajshahi College, but was obliged through ill health to leave it in December, 1901, and who has since joined the Pabna Institution, praying that as after repeated applications he has failed to obtain the requisite transfer certificate from the Principal, Rajshahi College, he may be allowed to count his attendance in the Pabna Institution from the date on which he actually joined it, pending the orders of the Director of Public Instruction, Bengal, to whom his case has been referred for decision.

ORDERED—

That the Principal, Pabna Institution, be informed that the applicant is allowed to count his attendance in the Pabna Institution from the date on which he actually joined it.

27. Read a letter from the Principal, Canadian Mission College, Indore, forwarding an application from Ganpat Sadashiv Madan, praying that, under the circumstances therein set forth, the Syndicate may be pleased to reconsider his case and sanction his admission to the 2nd year class of the abovenamed College, with a view to make himself eligible for admission to the F. A. Examination in 1903.

ORDERED—

That the Principal, Canadian Mission College, be informed that the prayer of the applicant cannot be granted.

28. The Registrar reported that agreeably to an order of the Syndicate, dated the 12th April, 1902, he laid before the Moderators in Arts the cases of the three candidates at the recent Entrance Examination, who translated the passages in English into Persian instead of into any of the recognised Vernaculars, but as two of the candidates have failed in other subjects, and as the third has passed the Examination in the 2nd division without counting his marks in the translation paper, the Moderators have decided that no further action is necessary in these cases.

ORDERED—

To be recorded.

29. Considered the proposal made by the Principal, Calcutta Madrasa, that Persian may be included in the list of recognised Vernaculars for the Entrance Examination of this University.

RESOLVED—

That the question be referred to the Board of Studies in Arabic, Persian and Urdu.

30. The Registrar reported that the Moderators in Arts having considered the case of the Entrance candidate, Mrinmay Bandyopadhyay, Roll. Dac. No. 267, had come to the conclusion that it was a clear case of fraud, and had accordingly recommended that the candidate be excluded from the Examination.

ORDERED—

To be recorded.

31. Read a letter from the Officiating Director of Public Instruction, Bengal, stating with reference to this office No. 1206, dated the 26th March, 1902, that as the transfer of the student named Satischandra Basak from the K. L. Jubilee School to the Pogose School was sanctioned by the Inspector of Schools, Dacca Division, his admission to the Dacca Pogose School after the 1st of September, 1902, does not disqualify him from being a regular student of that Institution.

Read also a representation from the Head Master, Dacca Pogose School, on the subject.

ORDERED—

To be recorded.

32. Read a letter from the Officiating Director of Public Instruction, Assam, forwarding an application from Durganath Baruya, a student of the 2nd year class of the Cotton College, Gauhati, praying that, as no provision is made in the College for holding regular classes in French, he may be permitted to appear at the next F. A. Examination with French as his second language without attending lectures in that subject.

RESOLVED—

That the prayer of the applicant be granted.

33. Read a letter from the Principal, Brajamohan Institution, Barisal, forwarding an application from Kamini Kumar Das, praying that, under the circumstances therein set forth, the deficiency of 34 in his attendance at lectures in Sanskrit may be excused, so that he may be allowed to appear at the ensuing B.A. Examination without further attendance at lectures in the subject

ORDERED—

That the Principal, B. M. Institution, Barisal, be informed that the prayer of the applicant cannot be granted.

34. Read an application from Miss Waller, Assistant Mistress, Taylor High School for Girls, Poona, who passed the Previous Examination of the Bombay University in November last, requesting permission to appear at the B. A. Examination of this University as a teacher in 1903.

ORDERED—

That Miss Waller be informed that her request can not be granted.

35. Read an application from N. Jagannath Rao, who has passed the Matriculation Examination of the Madras University, requesting permission to appear at the F. A. Examination of this University.

ORDERED—

That N. Jagannath Rao be informed that he will be admitted to the F. A. Examination of this University, provided he satisfies its requirements other than the production of a certificate of having passed its Entrance Examination.

36. Read an application from Mr. A. T. Evarts, Teacher, Richmond College, Gallā, requesting permission to appear at the F. A. Examination of this University without being required to pass its Entrance Examination, on the ground of his having passed the Senior Local Examination of the Cambridge University.

RESOLVED—

That the Syndicate recommend to the Senate that Mr. A. T. Evarts be admitted to the F. A. Examination of this University without being required to pass its Entrance Examination, on the ground of his having already passed the Senior Local Examination of the Cambridge University.

37. Read an application from B. Venkata Ramiah, requesting permission to appear at the M. A. and B. L. Examinations of this University.

ORDERED—

That the applicant be informed that the permission asked for cannot be granted.

38. Read an endorsement from the Officiating Principal, Duff College, forwarding an application from Kedarnath, who has passed the Entrance Examination of the Allahabad University, requesting permission to appear at the F. A. Examination of this University in 1903, and enclosing the written permission of the Registrar, Allahabad University, in support of his application.

ORDERED—

That the Principal, Duff College, be informed that the applicant will be admitted to the F. A. Examination of this University, provided he satisfies its requirements other than the production of a certificate of having passed its Entrance Examination.

39. Read an application from Miss Must, who has passed the VIIIth Standard Examination of N.-W. P., and some of the Examinations of the College of Preceptors, London, requesting that she may be allowed to appear either at the B. A. Examination in 1904, or at the F. A. Examination in 1903.

ORDERED—

That Miss Must be informed that her request cannot be granted.

40. Read an application from Miss Rachel E. Dustie, requesting that she may be allowed to go in for the F. A. Examination of this University without being required to pass its Entrance Examination, on the ground of her having passed the High School Examination.

RESOLVED—

That the Syndicate recommend to the Senate that Miss Rachel E. Dustie be admitted to the F. A. Examination of this University without being required to pass its Entrance Examination, on the ground of her having passed the High School Examination.

41. Read an application from Gopinath Sen, B.A. (Allahabad), requesting permission to join the Law-classes

of a College affiliated to this University, with a view to make himself eligible for admission to its B. L. Examination.

ORDERED—

That the applicant be informed that he is permitted to join the Law classes of an Institution affiliated to this University, and that he will be admitted to its B. L. Examination, provided he satisfies its requirements other than the production of a certificate of having passed its B. A. Examination.

42. Read an application from Jagannatha Subbaji Tagat, B.A. (Madras), requesting permission to appear at the M. A. Examination of this University.

RESOLVED—

That the prayer of the applicant be granted.

43. Read an application from Babu Manmohan Sinharay, supported by an affidavit made before a Magistrate, praying that the mistake made by his brother Sudhakrishna Sinharay in his application for admission to the recent Entrance Examination may be rectified by altering the entry 16 years 10 months to 18 years 2 months.

ORDERED—

That the applicant be informed that his prayer can not be granted.

44. Read an application from Upendranarayan Majumdar, supported by an affidavit made before a Magistrate, praying that the mistake made by him in stating his age in his application for admission to the Entrance Examination in 1899 may be corrected.

ORDERED—

That the applicant be informed that his prayer cannot be granted.

45. Read a letter from the Head Master, Maju R. N. Bose's High English School, requesting that, under the circumstances therein set forth, the age entered in the Entrance application of Manikchandra Chatterji may be changed from 19 years 9 months to 17 years 4 months.

ORDERED—

That the Head Master, Maju R. N. Bose's High English School, be informed that his request cannot be complied with.

46. Read an endorsement from the Head Master, Narayanganj High English School, forwarding an application from Babu Bamacharan Mukerjee, requesting that, under the circumstances therein set forth, the age entered in the Entrance application of his son, Jageschandra Mukerjee, may be changed from 17 years 6 months to 16 years and 2 months.

ORDERED—

That the Head Master, Narayanganj High English School, be informed that the prayer of the applicant can not be granted.

47. Read a letter from the Magistrate of Pabna, forwarding the Entrance certificate of Mahammad Abdur Rauf, dated the 16th May, 1900, and stating that the candidate in entering his age as 16 years and 2 months in his Entrance application evidently made a false statement, as he now states his present age is 21 years, a statement which is verified by the Local Civil Medical Officer.

ORDERED—

To be recorded.

48. Read a letter from the Principal, Bhumihar Brahman College, Mozufferpur, forwarding copy of a report of the Proceedings of the B. B. College Council held in connection with the question of the supposed tampering with the College Registers, and requesting the Syndicate to take such notice of the conduct of the boys mentioned in the report as they deem proper under the circumstances.

ORDERED—

To be recorded.

49. Read a letter from the Chairman of the Executive Committee of the British School at Rome, enclosing a copy of the first report of the school, and requesting that the University will assist the Committee in making

the school an efficient centre for British students in Rome and Italy by becoming an annual subscriber.

ORDERED—

That the Chairman of the Executive Committee of the British School at Rome, be informed that the Syndicate regret that, under the terms of the Act of Incorporation of the Calcutta University, they are unable to give any pecuniary assistance to the Committee.

50. Read a letter from Messrs. Blackie & Son, forwarding specimen copies of the following publications for the approval of the Syndicate :—

Gallic War, Book I (Illustrated Latin Series).
Scott and Jones' First Latin Course.
Frew's Lamb's Tales from Shakespeare.
Queen Victoria Reader by Henty.
As you like it (Picture Shakespeare).

ORDERED—

That the Books be referred to the Boards of Studies in English and in Greek, Latin, French and German.

51. Read a letter from the Principal, Chittagong College, requesting that, under the circumstances therein set forth, the conveyance charges incurred by the gentlemen who assisted in supervising the recent University Examinations at Chittagong may be passed.

ORDERED—

That the Principal, Chittagong College, be informed that his request cannot be complied with.

52. Read an endorsement from the Principal, Burdwan Raj College, forwarding an application from Babu Ramchandra Bhattacharyya, reporting that his son, Nandalal Bhattacharyya, having deposited his fee for admission to the recent F. A. Examination, was taken ill and died before the Examination commenced, and praying that, under the circumstances, the fee paid by the deceased may be refunded.

ORDERED—

That the fee paid by Nandalal Bhattacharyya, since deceased, for admission to the recent F. A. Examination, be refunded to his father Babu Ramchandra Bhattacharyya through the Principal, Burdwan Raj College.

53. The following Remuneration Bill was passed :—

OF

THE FACULTY OF LAW

FOR THE YEAR 1902-1903.

No. 1.

THE 29TH MAY, 1902.

Present:

RAJNARAIN MITTRA, ESQ., LL.B., *President, in the Chair.*

THE HON'BLE MR. JUSTICE SARADACHARAN MITRA, M.A., B.L.	BABU DEVAPRASAD SARBADHIKARI, M.A., B.L.
THE HON'BLE DR. ASUTOSH MUKHOPADHYAY, M.A., D.L., F.R.A.S., F.R.S.E.	RAI JATINDRANATH CHAUDHURI, M.A., B.L.
BABU JOGENDRACHANDRA GHOSH, M.A., B.L.	BABU SALIGRAM SINGH, B.L.
BABU MAHENDRANATH RAY, M.A., B.L.	H. M. RUSTOMJEE, ESQ.
MAULAVI SYED SHAMSUL HUDA, M.A., B.L.	A. M. DUNNE, ESQ., B.A., LL.B.
	BABU JOGENCHUNDER DUTT, M.A., B.L.
	BABU JYOTIPRASAD SARBADHIKARI, M.A., B.L.

54. The Registrar laid before the Faculty the following applications for the appointment of Tagore Professor of Law for 1902-1903, and the Synopses and Introductory Lectures submitted by the applicants :—

Names of Applicants,	Subject or subjects in which the applicants are prepared to deliver lectures.
1. J. D. White, Esq., M.A., LL.D., Bar-at-Law 	The Law of Ultra Vires.
2. S.-R. Das, Esq., M.A. (Cantab.), Bar-at-Law 	" Ditto.

Names of Applicants.	Subject or subjects in which the applicants are prepared to deliver lectures.
3. N. N. Mitra, Esq., Bar-at-Law —	The Law of Ultra Vires.
4. Babu Harakumar Mitra, Vakil, High Court — ..	Ditto.
5. Dr. Saratchandra Banerjee, M.A., D.L., Vakil, High Court ...	The Law relating to the Sale of Immoveable Property otherwise than by Act of Parties.
6. Babu Upendragopal Mitra, Vakil, High Court	Ditto.
7. Babu Surendranath Ray, B.L., Vakil, High Court	Ditto, and The Law of Ultra Vires.
8. Babu Dwarkanath Chakrabarti, M.A., B.L., Vakil, High Court	The Law relating to the Sale of Immoveable Property otherwise than by Act of Parties.
Babu Kisorilal Sarkar, M.A., B.L., Vakil, High Court	The rules of interpretation in Hindu Law with special reference to Mimansa Aphorisms as applied to Hindu Law.
10. H. N. Morrison, Esq., Bar-at-Law ... — .	The Law of Ultra Vires.

The Registrar reported that copies of the proposed Introductory Lecture and the Synopsis of 12 lectures submitted by the last-named applicant had not been received in the University office until the 9th May, 1902, and read a letter of explanation from the applicant setting forth the circumstances under which the delay occurred.

RESOLVED—

That having regard to Rule 3 of the Rules passed by the Senate for the Tagore Law Professorship (p. 242, Calendar, 1901), the application and the proposed Introductory Lecture and Synopsis of twelve Lectures submitted by Mr. H. N. Morrison cannot be considered by the Faculty.

The Faculty then proceeded to appoint a Committee to consider and report on the Synopses and Introductory Lectures submitted by the other nine applicants for the Tagore Law Professorship for 1902-1903.

55. RESOLVED—

That the following Committee be appointed to consider and report on the Synopses and Introductory Lectures submitted by the applicants :—

Rajnarain Mitra, Esq., LL.B.

The Hon'ble Mr. Justice Saradacharan Mitra, M.A., B.L.

The Hon'ble Mr. Justice C. H. Hill, M.A.

Babu Srinath Das.

A. M. Dunne, Esq., B.A., LL.B.

MINUTES OF THE SYNDICATE

FOR THE YEAR 1902-1903.

No. 2.

THE 21ST JUNE, 1902.

• Present :

THE REVD. FATHER E. LAFONT, S.J., C.I.E., M.I.E.E., *Senior Member,*
in the Chair.

BABU KALICHARAN BANURJI, M.A., DR. NILRATAN SARKAR, M.A.,
B.L. M.D.

THE HON'BLE DR. ASUTOSH MUKHO- LT. COL. J. B. GIBBONS, I.M.S.
PADHYAY, M.A., D.L., F.R.A.S., RAJNARAIN MITRA, ESQ., LL.B.
F.R.S.E. BABU SALIGRAM SINGH, B.L.

BABU JOGINDRACHANDRA CHOSE,
M.A., B.L.

56. The Minutes of the Syndicate, dated the 10th May, 1902, were read and confirmed.

57. Read the Minutes of the Faculty of Engineering, dated the 5th May, 1902, and also for reference the Minutes dated the 3rd April, 1902.

ORDERED—

To be recorded.

RESOLVED—

That the Syndicate recommend to the Senate—

(i.) That para. 2 of the Regulations for the First Examination in Engineering (p. 78, Calendar 1901) be modified as follows :—

“Any undergraduate of the University may be admitted to this Examination provided he has prosecuted a regular course of study in a school of Engineering affiliated to the University for five years after passing the Entrance Examination or for three years after passing the F. A. Examination.

(ii.) That the following sentence be omitted from para. 2 of the above Regulations:—

“A student who has passed the B.A. Examination in the B. course shall be admitted to the F. E. Examination after two years’ study in a school of Engineering affiliated to the University.”

(iii.) That para. 2 of the Regulations for Licence in Engineering (p. 83, Calendar 1901) be altered as follows:—

“Any undergraduate of the University may be admitted to this examination on producing a certificate from the Head of an Institution affiliated up to the L. E. standard in Engineering showing that he has prosecuted a regular course of study for one year after passing the First Examination in Engineering.”

(iv.) That para. 2 of the B. E. Regulations (p. 89, Calendar 1901) be altered as follows:—

“Any candidate who has passed the First Examination in Arts may be admitted to this Examination provided he produces a certificate from the Head of an Institution affiliated up to the B.E. standard in Engineering showing that he has prosecuted a regular course of study for one year after passing the First Examination in Engineering.”

(v.) That the following revised Syllabus in Mathematics be substituted for the one given in para. 5 of the F. E. Regulations, under heading “I. Mathematics” (pp. 78-79, Calendar 1901):—

I. — MATHEMATICS.

FIRST PAPER.

Computations and Mensuration.

(a) Practical applications of Arithmetic with special reference to contracted methods.

The theory of logarithms; application of logarithms to arithmetical and trigonometrical calculations, including the solution of triangles and the determination of heights and distances.

(b) Mensuration of plane and solid figures, including the application of Simpson’s rules, the prismoidal formula and Guldin’s theorem, and not excluding proofs of the formulæ in use.

N.B.—Books of logarithmic tables will be provided for the use of candidates during the examination.

SECOND PAPER.

Algebra, Trigonometry and Plane Analytical Geometry.

(a) Summation of arithmetic and geometric series, and of series in which the n -th term is an integral function of n

Binomial, exponential and logarithmic series with easy examples.

Partial Fractions.

(b) Geometrical representation of complex quantities; addition and multiplication of complex quantities; De Moivre's theorem; derived trigonometrical formulæ including the ordinary formulæ of Elementary Trigonometry.

The expansions and exponential values of $\cos \theta$ and $\sin \theta$; the hyperbolic functions.

Summation of a series of sines and cosines of angles in arithmetical progression, and of other simple trigonometrical series.

(c) Rectangular Cartesian co-ordinates and polar co-ordinates; the analytical geometry of the straight line; equations representing two or more straight lines.

The special forms of the equations of the circle, parabola, ellipse and hyperbola without reference to the general equation of the second degree.

Determination of the asymptotes of a conic given by any equation of the second degree; their use in discriminating the character of the curve.

N.B.—The methods of pure Geometry and of the differential Calculus will not be disallowed.

THIRD PAPER.

Statics and Dynamics.

(a) Uniform and uniformly accelerated motion. Composition of velocities and accelerations. Relative velocities and accelerations. Projectiles. The laws of motion with simple illustrations, such as the motion of a particle on an inclined plane, motion of two particles connected by a string, uniform circular motion of a particle.

(b) Composition of concurrent and parallel forces acting on a rigid body. Centres of parallel forces; centres of mass. Reduction of any system of coplanar forces acting on a rigid body to a single resultant force or couple; properties of resultant; conditions of equilibrium; statically equivalent system of forces; problems on equilibrium. Friction. Machines.

(c) Impulse of a force; principle of linear momentum for a single particle and for a system of particles; simple cases of impact, including the impact of two spheres whose centres move in the same plane.

Work of a force; principle of energy for a single particle and for a system of particles; application of the principle to the solution of problems.

FOURTH PAPER.

Differential and Integral Calculus.

(a) Differentiation in general, including Leibnitz's theorem, partial differentiation, and differentiation of implicit functions.

Orders of smallness; infinitesimals and differentials. Elementary proofs of Taylor's and Maclaurin's Theorems. Expansions of functions of a single variable.

Evaluation of undetermined forms.

Tangents and normals of curves.

Maximum and minimum values of a function of one independent variable.

(b) Integration regarded as a process of a summation, and as the inverse of differentiation. The standard integrals. Integration by substitution and by parts.

Integration of rational functions. Simple integrals involving trigonometrical functions.

Application of the Integral Calculus to the determination of lengths of curves, areas, volumes; centres of mass and moments of inertia.

N.B.—Special importance will be attached to the performance and the applications of quite simple differentiations and integrations.

(*vi.*) That the following revised Syllabuses in Chemistry and Physics be substituted for those prescribed for the F. E. Examination on pages 79—82 of the Calendar, 1901, under heading "II. Natural Science":—

II.—NATURAL SCIENCE.

CHEMISTRY.

I.—General properties and changes of matter in simple common cases.
Relation of chemical changes to physical and mechanical changes

Experimental proofs of the indestructibility of matter.

Elementary forms of matter; compounds and distinction of compounds from mixtures.

Experimental deduction of the principal fundamental laws of Chemistry; equivalents.

Dalton's atomic theory.

Experimental determination of the properties of gases with regard to heat and pressure; Boyle's and Charles' laws.

Experimental determination of the volume relations of reacting gases; law of gaseous volumes.

Deduction from above laws of the probable physical composition of matter; Avogadro's hypothesis.

Distinction between the molecule and molecular weight.

Density, relative density, vapour density, and specific gravity of substances.

Relation between relative density of gases and molecular weights.

Determination of relative density of gases by direct weighing and vapour density of volatile substances by Dumas' method; deduction of molecular weights

Relation between atoms and molecules.

Distinction between atoms and atomic weights.

Deduction of the maximum value of atomic weights of elements from the molecular weights of their volatile compounds.

Relation between atomic weights and equivalents; valency.

Dulong and Petit's law of atomic heats; its use as subsidiary method of determining atomic weights

Chemical symbols and formulæ; representation of chemical changes by equations. Quantitative meaning of symbols; calculations.

General types of chemical action as illustrated by the experimental work previously done.

II.—Occurrence, preparation and properties of the elements listed below, and of their simpler compounds:—Hydrogen, Chlorine, Bromine, Iodine, Potassium, Sodium, Copper, Silver, Gold, Calcium, Strontium, Barium, Magnesium, Zinc, Mercury, Boron, Aluminium, Carbon, Titanium, Silicon, Tin, Lead, Nitrogen, Phosphorus, Arsenic, Antimony, Bismuth, Oxygen, Chromium, Tungsten, Sulphur, Iron, Nickel, Cobalt, Platinum—considered generally.

A more detailed study of the preparation, properties and determination of the composition of the typical compounds—Hydrogen, Chloride, Water, Ammonia, and Methane.

Salts, bases, acids, and other compounds; their nature, behaviour on solution and relationship with each other.

General methods for the preparation of Haloides, Oxides, Hydroxides, Sulphides, Sulphates, Nitrates, Phosphates, Carbonates, Carbides, Nitrite, and Hydrides.

The Peroxides and their relation to Ozone and Hydrogen Peroxide.

Double salts, crystallization, water of crystallization.

Isomorphism and its use in controlling atomic weights.

Systematization of Chemical data; the Periodic law, its uses and consequences.

III.—The Phenomena of combustion, explosions, reversible reaction; dissociation Phenomena

Thermo-chemical methods of investigation.

Calorimetry—Heat of combustion, heat of formation, heat of neutralisation, heat of solution.

Exothermal and endothermal reactions.

Allotropy and the Allotropic modifications of the elements, allotropy of metals.

Applications of the principles of thermo-chemistry to the solution of technical problems.

The Ionic theory of solution; deduction of the laws of dilute solutions from thermo-dynamical data; derived methods of determining molecular weights; explanations of chemical reactions based on the Ionic theory, and foundations of Analytical Chemistry.

IV.—Chemical Technology.

Natural waters, their composition, analysis, and determination of suitability for various purposes. Purification of waters on the large scale.

Preparation on the large scale of (Chemistry of the)—

- (1) Chlorine, hydrochloric acid, bleaching powder.
- (2) Oxygen, red lead.
- (3) Quick-lime.
- (4) Hydraulic lime, Portland cement, glass, soluble glass, porcelain, pottery, bricks.
- (5) Plaster of Paris, alums.
- (6) Sulphuric acid, sodium carbonate, caustic soda.
- (7) White lead, permanent white.
- (8) Tin plate, galvanized iron.
- (9) The setting and hardening of mortars and cements.

V. - PRACTICAL CHEMISTRY.

Preparation and demonstration of the properties of the common gases, such as Hydrogen, Oxygen, Nitrogen, Carbon Dioxide, Nitric Oxide, Nitrogen Monoxide, Hydrogen Sulphide, Hydrogen Chloride, Ammonia.

Preparation of the commoner acids, bases, oxides and salts, *e.g.*, Nitric Acid, Calcium Oxide, Calcium Hydride, Copper Oxide, Ferrous Sulphate, Copper Sulphate, Zinc Sulphate, Sodium Chloride, Ammonium Chloride.

Determination of the relative density and molecular weight of soluble gases.

Determination of approximate equivalents of metallic radicles in the most simple cases, *e.g.*, Copper, Lead, Iron.

Detection of the common substances by their physical characteristics.

Qualitative analysis (including blow pipe analysis) of mixtures containing not more than two acids and two basic constituents (excluding phosphates insoluble in water) from the following list :-

Hydrogen, Potassium, Sodium, Ammonium, Magnesium, Calcium, Strontium, Barium, Zinc, Manganese, Iron, Aluminium, Chromium, Arsenic, Antimony, Tin, Mercury, Lead, Copper, Silver, Carbon, Sulphur, Hydrochloric Acid, Hydrofluoric Acid, Nitrous Acid, Nitric Acid, Carbonic Acid, Silica Silicic Acid, Sulphuric Acid, Phosphoric Acid.

Qualitative analysis of substances such as Iron, Brass, Bronze, Solders, Iron Ores, Boiler scale, Lime stones, Lime, Cement, Clay, Brick, Paints and Colour washes (for commoner organic constituents only.)

Simple gravimetric estimations of Calcium, Zinc, Iron, Copper, Silver, Hydrochloric Acid, Carbonic Acid, Sulphuric Acid and Silver.

Commercial analysis of Lime, Limestone, and Brass.

VI. - PHYSICS.

I. - HEAT.

Expansion of solids, liquids, and gases. Regnault's experiments on the absolute expansion of Mercury and the expansion of gases. Charles' law. Principles of Thermometry. Temperature as measured by the expansion of solids, liquids, and gases. Mercury thermometers; air thermometers. Thermometers for various purposes. Density of solids, liquids, and gases. Absolute temperature. Calorimetry. Correction for radiation. Specific heats of solids and liquids; method of mixture; Bunsen's Ice Calorimeter. Specific heat of gases—at constant pressure. Regnault; at constant volume. Rontgen Dulong and Petit's law. Changes of state of aggregation. Regelation. Critical temperature; continuity of state. Measurement of heat of fusion and vaporization. Influence of pressure on melting and boiling points. Methods of liquefying gases. Maximum pressure of vapours. Regnault; pressure of saturated steam below and above 100° C. Vapour densities; Dumas', Hoffman's *vs.* Meyer's method. Hygrometry. Conduction; variable and permanent stages; simple cases of steady flow across a plate and along a bar; Wiedemann and Franz' experiments. Convection. First law of thermo-dynamics. Joule's experiments. Van der Wahl's Theory. Adiabatic transformations. Second law of thermo-dynamics. Cooling of gases by expansion.

II. - STATIC ELECTRICITY.

Electrification by friction. Electrosopes. Ice pail experiments. Induction. Electrophorus. Voss and Wimhurst's Influence machine. Electric

work and energy. Indicator diagram of electric work. Exploration of electric field. Potential at any point of the field. Lines and tubes of force. Equipotential surfaces; lines of induction. Measurement of electricity. Attracted disc electrometer; quadrant electrometer. Dimensions. Electrostatic units. Capacity. Condensers; two concentric spheres; Leyden jar. Specific inductive capacity. Absolute measurement of capacity; statical comparison of capacities; measurement of specific inductive capacity; standard air condenser.

III.—CURRENT ELECTRICITY.

Chemical and thermal methods of producing currents: Daniell, Grove, Bunsen, Leclanche, Lahande; thermopile; thermo-electric battery. Electrolytic conduction. Electrolysis of fused compounds and of saline solutions. Faraday's laws. The voltameter. Metallic conduction.

Ohm's law. Kirchhoff's laws. Units of resistance. Resistance coils. Wheatstone's bridge. Resistance of battery. Resistance of galvanometer. Electromotive force. Standard cells—Latimer Clark. Determination of electromotive force; statical method. Poggendorf's compensation method. Relation of electricity to heat; Joule's law. Galvanic conduction. Disruptive discharge. Flow of electricity and flow of electrical energy. Phenomena attendant on the starting, stopping, and varying of a current. Oscillating discharges.

IV.—MAGNETISM.

Fundamental experiments. Magnetic field. Magnetic elements. Declination theodolite; dip circle; magnetometer. Methods of magnetization.

Relation of magnetism to electricity. Oersted's experiment. Tangent galvanometer; Thomson's reflecting galvanometer; Wiedemann's two-coiled galvanometer. Electro-dynamic experiments, the Solenoid. Electromagnets; types. Permeability and methods of measuring it. Magnetic hysteresis. Magnetic flux, Magneto-motive force, reluctance. The law of traction. Induction of currents; Lenz's law. Self induction. Ruhmkorff's coil. Electro-magnetic units.

V.—RADIANT ENERGY.

Laws of vibrating particle. Harmonic vibrations. Transverse and longitudinal waves. Interference of wave travelling in the same and in opposite directions. Stationary waves. Composition of undulations; elliptical, circular, and rectilinear vibrations. Huyghen's principle. Reflection and refraction of thermal, luminous, and electric waves. Velocity of propagation; Foucault and Fizeau's experiments. Plane and spherical mirrors. Refraction. Prisms, minimum deviation. Determination of refractive indices of solids and liquids. Lense; cardinal points; system of lenses. Melloni's experiment on radiant heat. Hertz's experiments on electrical radiations. Röntgen rays. Wireless telegraphy. Dispersion. Spectroscope and spectra. Absorption of ethereal waves; diathermancy and athermancy; coloured bodies. Structure of the human eye.

VI.—APPLIED PHYSICS.

1. *Heat*.—Electric pyrometers. Outlines of construction of the double acting steam-engine. Otto's gas-engine, petroleum-engines, and modern ice-making machinery.

2. *Light*.—The sextant; photometry; telescope; modern field-glasses. Microscopes. Principles of photography.

3. *Electricity and Magnetism*.—Telegraphy Batteries in common use; signals; sounder; Siemens' ink-writer; Siemens' relay. Lightning-conductors. Terminals, single and multiple points; earth connection, its importance; the conductor proper; material; form; joints; clips and brackets; ridge circuits; incidental connections; space protected; protection of dwelling-houses, magazines, chimneys, periodical inspection and testing. The telephone and microphone; electric bells and indicators. Dynamo-electrical machinery Efficiency, causes of loss of energy Types of armatures. Armature coils and cores Fieldmagnets, Pole-pieces, Field-magnet coils. Commutators, Collectors, Brushes, brush-holders, Curves of potentials and induction. Reaction of armature and field. Lead of brushes. Methods of exciting field-magnets. Classification of dynamos. Examples.

Transmission of electric energy. Accumulators. Transformers. Air-lines, insulators, testing; modes of attaching the wire, material for wires, joints, lightning-protectors. Underground conduits. The three-wire system. Comparison with other methods of transmitting energy.

Motors: construction and application Electric lighting. Incandescent lamps; arc lamps. Electric welding. Electric measurements and measuring apparatus. The volt Amperemeters and voltmeters; construction and calibration. Ampere balances. The ballistic galvanometer. The Ohm; resistance coils; the shunts box; Ohmmeters. The Farad and micro-farad. The Watt.

VII.—PRACTICAL EXERCISES.

Measurement of the thickness of plates by the wiregauge, micrometer, micrometer calliper, cover-glass tester, spherometer.

Determination of the radius of curvature of lenses by the spherometer.

The cathetometer; constructional details; adjustments; measurement of differences in heights; verification of Boyle's law; co-efficient of tensional elasticity.

The longitudinal dividing machine; construction; manipulation; its use as a comparator; calibration of thermometer tubes.

The circular dividing machine; construction; manipulation.

The balance; adjustment; weighing by the method of vibration; comparison and calibration of weights; specific gravity of solids; cross-section of wires.

Moments of inertia.

The barometer: readings and corrections.

Thermometer: comparison; verification of fixed points. Co-efficients of expansion.

Hygrometry; absorption hygrometer, dewpoint hygrometers, the psychrometer; comparison of results.

Calorimetry; correction for loss of heat; specific heat of solids; heat of evaporation; heat of combustion.

Melting and boiling points; distillation.

Study of magnetic fields.

Faraday's Ice pail experiments; exercises with quadrant electrometer.

Setting up and reading of galvanometers. Ohm's law; Wheatstone's bridge. The meter bridge; insulation resistance by deflection methods; resistance of wires by Kelvin's apparatus.

The potentiometer: current and voltage measurements.

Kelvin's balance ; current, voltage, wattage.

The ballistic galvanometer ; determination of constant ; dip and intensity of earth's magnetic field by the earth inductor.

Electrolysis : electrolytic current measurements.

Secondary batteries : constructional details and management.

Thermo-electrical experiments.

Exercises at the spectroscope. Photometric experiments. Focal distances of mirrors and lenses.

(vii). That the following revised Syllabus in Mathematics be adopted for the one given in para. 5 of the L. E. and B. E. Regulations (pp. 83—84, Calendar, 1901):—

I.—MATHEMATICS.

FIRST PAPER.

Statics and Dynamics.

(a) Principle of virtual work. Analytical conditions of equilibrium.

Solution of problems in Statics by resolving and taking moments, by the principle of virtual work and by graphic methods.

Bending moments. The funicular polygon. The Catenary. Equilibrium of simple jointed frame-work

(b) Units and dimensions.

Statical equivalence of the externally impressed forces with the effective forces in any system of bodies ; the principles of linear and angular momentum ; the principles of *vis viva*.

Gravitational Potential energy ; potential energy of a stretched elastic string.

Motion under gravity of a particle on a smooth vertical circle and on other simple curves ; simple harmonic motion ; the simple and conical pendulum.

Motion of a rigid body about a fixed axis ; the compound pendulum.

SECOND PAPER.

Hydrostatics.

Nature and general properties of fluid pressure.

Density and specific gravity of a homogeneous mixture.

Relations between pressure, density and force.

Thrust on a plane area. Centre of pressure.

Resultant pressure on an immersed solid and on any immersed surface, particularly in the case of a homogeneous liquid at rest under gravity.

Conditions for the equilibrium and for the stability of the equilibrium of a floating body.

Hydrostatic Instruments. Determination of specific gravity. Properties of gases.

(viii). That the following revised Syllabuses in Natural Science for the L. E. and B. E. Examinations be substituted for those given on pp. 84—87, Calendar 1901 :—

II.—NATURAL SCIENCE.

GEOLOGY.

I.—*Object of Geology*.—Its relations to other sciences. The doctrine of uniformity, its limits.

II.—*Astronomical Geology*.—Information obtained from meteorites and by the spectroscope. Probable history of the earth in its earlier stages of existence.

III.—*Geognosy*.—The globe and its envelopes. Shape and nature of globe; density; probable internal condition; evidences of pressure and internal heat. Persistence of continental ridges and abysmal depressions.

IV.—*Petrography*.—Macroscopic and Microscopic character of rocks. Microscopic elements; their importance for the study of the history of rocks. Microscopic character of quartz, orthoclase, plagioclase, augite, hornblend, olivine, calcite. Essential and accessory constituents. Classification of rocks. Characters and essential constituents of the following rocks :—Lime-stone, quartzite, amphibolite, gneiss, micaceous and chloritic schists, phyllite, granite, granophyr, quartzporphyry, syenite, trachyte, phonolite, obsidian, pumice, norite, diorite, diabase, dolerite, plagioclase-basalt, sand and gravel, sand stones, conglomerates, breccias, shale, clay, laterite, tuffs, shellmarl, coral lime-stone, chalk, peat lignite, coal, anthracite, graphite, petroleum, asphalt, clay ironstone.

V.—*Dynamical Geology*.—Volcanic phenomena, description of volcanoes—kind, shape, distribution, relation to lines of weak resistance and instability. Theories of volcanicity. Hot springs. Earthquakes. Secular upheaval and depression. Geological functions of air. Geological functions of water and ice. Chemical and mechanical actions, denudation and deposition. Peculiarities of Indian rivers; glacial erosion; formation of lakes. Geological functions of plants and animals; coral islands.

VI.—*Petrogenetic Geology*.—Origin of granite, diorite, and basalt. Origin of sedimentary rocks; minerogen, phytogen and zoogen sedimentary rocks; theories on the origin of coal-beds. Origin of laterite. Origin of metamorphic rocks, theories of metamorphism, local and regional metamorphism. Origin of rock-cleavage. Ore deposits. Origin and classification.

VII.—*Architectonic Geology*.—Forms of bedding. Surface-markings. Concretions. Relative strata. Overlap. Groups of strata. Joints. Strike and dip; outcrop; monocline; syncline; anticline. Faults, origin and kinds. Intrusive phase of eruptivity; bosses, sheets, dykes, necks; interbedded phase of eruptivity, lavas, tuffs. Unconformability.

VIII.—*Palaeontological Geology*.—Object. Conditions for the entombment of organic remains. Preservation of organic remains in mineral masses; fossilization. Uses of fossils in Geology.

IX.—*Historical Geology*.—Leading principles in stratigraphy. Equivalent strata, absence strata and formations.

X.—*Indian Geology*.—With special reference to the Geology of the Bengal Presidency. Peninsular area. The metamorphic and crystalline series. The transition series. Lower and Upper Vindhya; petrology; the Vindhyan basin. The Gondwana system; geological positions and characters;

probable fluviatile origin; relations of Gondwana basins to existing valleys, lower and upper groups, Talchir-Karharbari, Barakar iron-stone shales, Raniganj, Rajmahal; the most important coal fields. The Deccan trap series, are a and petrology. Laterite; distribution, age. Post tertiary and recent formations; older river gravels and clays; kankar. Indo-Gangetic plain; upland and alluvial soils, red soil, regur, peat. General outlines of the Geology of the Himalayan area.

XI.—*Physiographical Geology*.—Terrestrial features due to disturbance of crust, monoclinal, symmetrical, unsymmetrical, reversed flexures, Alpine type of mountain structure. Features due to volcanic action. Features due to erosion. Indian examples.

XII.—*Field Geology*.—Geological surveying instruments, tracing of boundaries and faults. Sections; how to find direction and amount of dip; Dalton's construction; clinometer Levelling. Surface, profile, datum level; benchmarks; methods of geological levelling. Lithology; practical exercises in the identification of Indian rocks.

MINERALOGY.

Provinces of Mineralogy: its Relation to other Sciences.

I.—Properties of crystals independent of direction. Density and specific gravity. Methods of determining specific gravities; hydrostatic balance; pyknometer, Jolly's balance; floatation methods. Separation of rock-forming minerals by the floatation method.

II.—*Physical Crystallography*.—Elasticity, Relation of co-efficient of elasticity to direction. Classification of crystals with reference to elasticity.

Cohesion. Cleavage, fracture, hardness: Mohs' scale.

Optical properties of minerals. Kind and degree of lustre. Double refraction and polarization. Nicol's prism. Classification of crystals according to their optical properties.

Uni-axial and bi-axial crystals. Examination of crystals in parallel and convergent polarized light. Rotation of plane of polarization. Absorption of light: idiochromatic and allochromatic minerals; pleochroism; Haidinger's dichroscope, microscope with one nicol.

Electrical properties. Pyro-electricity. Magnetic properties. Separation of rock-constituents by the electro-magnet.

III.—*Geometrical Crystallography*.—Relation of physical properties to geometrical form. Crystalline form, faces. Planes of reference axes, parameters, indices, symbols. Law of rationality of indices. Principles of Miller's, Weiss's, Naumann's notation. Fundamental form; its selection. Symmetry: planes and axes. Classes and systems. Simple forms and combinations. Closed and open forms; prismatic, tabular, and pyramidal habit. Nature of hemihedrism. The nature of tetartohedrism. Hemimorphism. Crystallographic mimicry. Isomorphism and heteromorphism. Morphotropism and isogonism. Twinning; twinning plane; twinning axes. Contact twins and penetration twins; distinctive features of hemitropes. Crystalline aggregates, druses. Pseudomorphism. Measurement of angles; contact and reflecting goniometers; relative merits.

IV.—*Chemical Mineralogy*.—Calculation of formula. Classification of minerals. Group tests.

V.—*Descriptive Mineralogy*.—A somewhat detailed description of the following minerals:—

Elements—Diamond, gold.

Sulphides—Pyrite, marcasite, pyrrhotite, galena, sphalerite, chalcopyrite.

Oxides—Corundum, hematite, spinel, magnetite, quartz, cassiterite, limonite.

Oxysalts :—

(a) Carbonates—Calcite, dolomite, siderite, arragonite, malachite.

(b) Sulphates—Anhydrite, Barite, gypsum.

(c) Phosphates—Apatite.

(d) Silicates—Tourmaline, epidote, olivine, garnet, muscovite, biotite, talc, serpentine, pyroxene, amphibol, orthoclase, microcline, albite, aligoclase-labradorite, kaolinite.

Haloidsalts—Halite, fluorite.

VI.—*Practical exercises.*—Determination of specific gravities. Use of the scale of hardness. Exercises at the polarization microscope. Measurement of angles by the aid of contact and reflecting goniometers. Blow-pipe analysis. Identification of Indian minerals.

VII.—*Practical Metallurgy.*—

Preparation of common alloys of known composition (and determination of the tensile strength of the alloys prepared.)

(Mechanical testing of mortars and cements.)

Fire testing of the qualities of clays and brick earths.

Determination of ash, coke, and sulphur in fuels.

Determination of the calorific power of fuels by the Thomson and Hempel calorimeters.

Determination of furnace temperatures by some form of pyrometer.

Rough analysis of products of combustion.

Furnace gases and gases from gas-engines.

VIII.—*Mechanics of a Machinery.*—Simple practical applications of kinematics and dynamics of machinery. Elementary forms of machines. Gearing for transmitting and modifying motion.

Steam-engine.—Heat and work. Properties of steam.

Indicators and indicator diagrams. Valve motion. Modern types of steam-engine. Details of construction. Governor's flywheels, Condensers. Boilers: their construction and working: boiler fittings. Piping Feed-pumps and injectors. Feedwater. Heaters and economisers.

Tests of engines and boilers.

Gas and oil engines. General principles of action. Conditions of economical working.

PHYSICS.

PRACTICAL EXERCISES.

Tracing of the B. H. course by means of Du Bois' Balance and Leonard's Bismuth Spiral. Experiments with Ewing's Curve Tracer and Ewing's Hysteresis-meter. Determination of the Horizontal component of Terrestrial Magnetism by means of Kelvin's apparatus. Experiments with direct current apparatus. Constructional details of a direct current Dynamo. Running of dynamos. Characteristics of series, shunt and compound dynamos. Armature characteristics. Magnetisation curves of dynamos. Characteristic of a Thomson-Houston arc-dynamo efficiency of dynamos and motors with and without Dynamometers. Study of arc-lamps. Calibration of

ammeters and voltmeters. Construction and testing of electricity-supply meters. Exploration of the field of a dynamo. S. P. Thomson's method; the Dynamo Indicator; Leonard's Bismuth Spiral; co-efficient of magnetic leakage; power lost by Hysteresis and Foucault currents. Effects of variation of speed; variation of economic co-efficient.

Experiments with alternate current apparatus. Study of alternate currents by means of the Oscillograph. Constructional details of alternate current generators. Curve of magnetisation. Exploration of the field. Co-efficient of self-induction of coils; Impedance method, three voltmeter method; variation of inductance with current. Saturation of core. Resistance in series circuits. Measurement of power; three-voltmeter method, three amperemeter method. Effect of frequency on the angle of lag. Measurement of mutual inductance. Construction of transformers. Transformer tests. Measurement of capacity of a condenser. Comparison of capacities. Effects of capacity in alternate current circuits. Experiments with triphase generators and motors.

RESOLVED ALSO—

(i). That in the event of the above recommendations being adopted by the Senate and approved by the Governor-General in Council, the two papers in Physics at the F. E. Examination be distributed as follows:—

(a). *First paper*.—To be devoted to the theoretical parts of the subject as specified in the Syllabus recommended above under the heads—I Heat; II Statical Electricity; III Current Electricity; IV Magnetism; and V Radiant Energy.

(b). *Second paper*.—To be devoted entirely to VI. Applied Physics.

(ii). That the Syndicate approve of the suggestion made by the Faculty of Engineering that when an outside examiner is appointed to conduct the Practical Examination in any of the subjects for the Engineering Examinations, he should be associated with a Professor who is actually engaged in teaching the subject.

58. Read the Minutes of the Faculty of Law, dated the 29th May, 1902.

ORDERED—

To be recorded.

59. The Registrar submitted the following Statement of the results of the Entrance Examination of 1902.

The number of candidates registered for the Examination was 7,029, of whom 73 were absent, 5 were expelled and 1 was struck off from the list of candidates. Of the

remaining 6,950 candidates, 3,450 passed and 3,500 failed. Of the successful candidates, 610 were placed in the first division, 1,300 in the second and 1,540 in the third.

The Registrar stated that, in anticipation of the orders of the Syndicate, he had published the names of the successful candidates in the Gazette.

RESOLVED—

That the action of the Registrar be approved.

60. On the results of the Entrance Examination the following Medals and Prizes were awarded :—

(a) The Jaynarayan Prize was awarded to Akshaykumar Ghosh of the Narail Victoria Collegiate School.

(b) The Kesabchandra Sen Prize was awarded to Eunice John of the Udivale Girls English School, Jaffna.

(c) The Jatindrachandra Prize was awarded to Dhirendranath Sen of the Hare School.

(d) The Jatindrachandra Medal was awarded to Rajendra Prasad of the Chapra Zila School.

(e) A Kalidas Nyayratna Gold Medal was awarded to each of the following candidates :—Bipinbihari Ghosh and Ramprasad Maitra of the Harinavi A. S. School.

(f) A Kirtichand Mackenzie Gold Medal was awarded to each of the following candidates :—Tarakdas Sinha, Jamalpur H. C. E. School ; Surendra Chandra Chaudhuri, Pabna Institution.

61. The Registrar submitted the following statement of the results of the F. A. Examination, 1902 :—

The number of candidates registered for the Examination was 4,139, of whom 212 were absent and 1 was not allowed to appear at the Examination. Of the remaining 3,926 candidates, 1,535 passed and 2,391 failed. Of the successful candidates 129 were placed in the first division, 383 in the second and 1,023 in the third.

The Registrar stated that, in anticipation of the orders of the Syndicate, he had published the names of the successful candidates in the Gazette.

RESOLVED—

That the action of the Registrar be approved.

62. On the results of the F. A. Examination, the following Scholarships, Medals and Prizes were awarded :—

The following candidates were elected Duff Scholars :—

(a) *In Languages*—

Akshay Kumar Dattagupta, Dacca College.

(b) *In Mathematics*—

Naagauranga Basak, Rajshahi College.

(c) The best successful candidate from the F. C. Institution and Duff College—Subodhchandra Ganguli.

(d) The best successful Christian candidate of the year—A. N. Green, St. Xavier's College, Calcutta.

(e) *In Physics and Chemistry*—

Praphullachandra Maiti ... Bangabasi College.

Nagendranath Ray .. Ditto.

(f) The Pachete Prize was awarded to Akshay Kumar Dattagupta of the Dacca College.

* (h) A Saradaprasad Prize in Physics was awarded to each of the following candidates :—

Praphullachandra Maiti ... Bangabasi College.

Nagendranath Ray ... Ditto.

Hridayranjan Sen ... Chittagong College.

(i) The Saradaprasad Prize in Chemistry was awarded to Jageschandra Chaudhuri of the Presidency College.

(j) The Saradaprasad Prize in Logic was awarded to Jageschandra Chaudhuri of the Presidency College.

(k) A Saradaprasad Prize in History was awarded to each of the following candidates :—

Nilendranath Basu ... General Assembly's Institution.

Biswanath Sen ... Ditto.

(l) The Bankimchandra Medal was awarded to Manmathanath Ghosh of the General Assembly's Institution.

(m) The Stephen Finney Medal was awarded to Nagendranath Ray of the Bangabasi College.

63. Read the following Report of the Board of Examiners for the B. A. Examination, 1902 :—

Calcutta, 17th May, 1902.

"We have the honour to submit, for the approval of the Hon'ble the Vice-Chancellor and Syndicate, the results of the B. A. Examination.

The number of candidates registered for the Examination was 2,181. Of these 1,404 took up the A Course and 777 took up the B Course.

Of the 1,404 candidates in the A Course 316 were successful, 81 were absent and 1,007 failed. Of the successful candidates, 255 were placed in the Pass list and 61 in the Honour lists. Among the successful candidates in the Honour lists 11 obtained Honours in two subjects. The number of names, therefore, in the Honour lists is 72. Of these 4 were placed in the first division and 68 in the second.

Of the 777 candidates in the B Course 171 were successful, 40 absent, 1 was expelled and 565 failed. Of the successful candidates, 135 were placed in the Pass list and 36 in the Honour lists. Among the successful candidates in the Honour lists, 2 obtained Honours in two subjects. The number of names, therefore, in the Honour lists is 38. Of these 2 were placed in the first division and 36 in the second.

Detailed results of the Examination are given in the accompanying tables.

With reference to para. 6 of the Rules for Election to the Scholarships tenable in England by Natives of India, we beg to recommend the following graduates as being, in our opinion, fit and proper persons to be elected for the Government Scholarship :—

82. Read a letter from the Officiating Inspector of Schools, Presidency Division, forwarding with his recommendation an application for the recognition of the Edward Salar H. E. School in the district of Murshidabad.

ORDERED—

That the Officiating Inspector of Schools, Presidency Division, be informed that the application for the recognition of the Edward Salar H. E. School cannot be entertained, as it does not contain the requisite information about the Managing Committee of the Institution and the scale of fees to be charged.

83. Read a letter from the Officiating Inspector of Schools, Presidency Division, forwarding with his recommendation an application from the Secretary, Dumkal H. E. School in the district of Murshidabad, requesting that the Institution may be recognised by the University as a High School.

ORDERED—

That the Officiating Inspector of Schools, Presidency Division, be informed that in the absence of the requisite information regarding the Managing Committee of the Dumkal H. E. School, the Syndicate are unable to entertain the application for its recognition as a High School.

84. Read a letter from the Officiating Inspector of Schools, Dacca Division, returning with his recommendation an application for the recognition of the Autshahee Radhanath High School in the district of Dacca.

RESOLVED—

That the Autshahee Radhanath High School be recognised as an Institution qualified to send up candidates to the Entrance Examination.

85. Read a letter from the Officiating Inspector of Schools, Dacca Division, stating in reply to this office letter No. 1303, dated the 9th May, 1902, that the recognition of the Kalamridha Hari Narayan H. E. School by the Calcutta University is not likely to prove injurious to the interests of sound education and discipline, and suggesting that the maintenance of the School on an efficient footing for five years, at least, should be insisted upon.

ORDERED—

That the Kalamridha Hari Narayan H. E. School be recognised as a High School qualified to send up candidates to the Entrance Examination.

86. Read a letter from the Officiating Inspector of Schools, Dacca Division, stating in reply to this office letter No. 1302, dated the 9th May, 1902, that as the Kalma Lakshmikanta H. E. School has now a sufficient number of pupils and an endowment of Rs. 10,000 has been provided for its maintenance, its recognition by the University is not likely to prove injurious to the interests of sound education and discipline.

Read also a letter from the Secretary, Kalimohan Durgamohan Institution, Telerbag, stating that the recognition of the new School at Kalma would prove injurious to the interests of sound education and discipline.

ORDERED—

That the Kalma Lakshmikanta H. E. School be recognised as an Institution qualified to send up candidates to the Entrance Examination.

87. Read an endorsement from the Officiating Inspector of Schools, Presidency Division, forwarding with reference to this office No. 473, dated 10th December, 1901, a deed of guarantee executed by the Secretary and Members of the Khoksa-Jainpur H. F. School Committee.

ORDERED—

That the Khoksa-Jainpur H. E. School be recognised as an Institution qualified to send up candidates to the Entrance Examination.

88. Read a letter from the Officiating Principal, Rangoon College, requesting that L. DeSouza be permitted to take French, and Sadho Ram and Mohommed Saleh to take Persian as their Second languages without attending lectures in these subjects, as there is no College in Burma where lectures are delivered on these languages.

ORDERED—

FROM

THE BOARD OF EXAMINERS FOR THE
EXAMINATION FOR HONOURS IN MEDICINE, 1902,

TO

THE OFFG. REGISTRAR, CALCUTTA UNIVERSITY.

The 8th July, 1902.

SIR,

WE have the honour to report, for the approval of the Hon'ble the Vice-Chancellor and Syndicate, the result of the recent Examination for Honours in Medicine.

There was only one candidate, Ganendranath Mitra, who was examined for Honours in Medicine, Surgery and Midwifery.

After carefully considering the answers submitted by the candidate, we are of opinion that he is deserving of Honours in Medicine, Surgery and Midwifery.

We have, etc.,

A. Examination in 1903, without having attended lectures in the subject, as it is not taught in the College.

RESOLVED—

That the prayer of the applicant be granted.

136. Read an endorsement from the Principal, Ripon College, forwarding an application from Sailendranath Sen, an unsuccessful candidate at the recent B.A. Examination who took up Mathematics as his optional subject, praying that he may be permitted to appear at the next B.A. Examination with Sanskrit as his optional subject instead of Mathematics.

ORDERED—

That the prayer of the applicant be granted.

137. Read an endorsement from the Officiating Principal, Medical College, Calcutta, forwarding a representation from the students of the 3rd year class of his College, requesting to be informed whether under Section 22 of the Regulations for the degree of Bachelor of Medicine (p. 71, Calendar, 1902), a candidate who, having passed the Preliminary Scientific L. M. S. Examination, appears at the Combined Preliminary Scientific and First M. B. Examination next year, and fails to pass the Preliminary M. B. Examination, and also fails to attain the standard of the Preliminary L. M. S., but succeeds in securing the standard of the First M.B. Examination, will be entitled to a certificate of having passed the First L. M. S. Examination on the ground of his having passed the Preliminary L. M. S. Examination in the previous year.

RESOLVED—

That the Syndicate are not inclined to consider the question unless an actual case of the kind referred to comes up before them for decision.

138. Read an endorsement from the Officiating Principal, Medical College, Calcutta, forwarding an application from Satischandra Banerjee, who passed the First L.M.S. Examination in 1900, the First M. B. Examination in 1901, and the Second L. M. S. Examination held in April last, praying that he may be permitted to appear at the ensuing Second M. B. Examination without further atten-

dance at lectures, as after passing the First L. M. S. Examination he has attended the same two full courses of lectures as are delivered to the students who, after passing the First M. B. Examination, intend to go up for the Final M. B. Examination.

RESOLVED—

That the Syndicate recommend to the Senate that Satischandra Banerjee, who passed the Second L. M. S. Examination in April last, and who, after passing the First L. M. S. Examination, attended the same two full courses of lectures as are delivered to the Students who, after passing the First M. B. Examination, intend to go up for the final M. B. Examination, be permitted to appear at the ensuing Second M. B. Examination without further attendance at lectures.

"We, the members of a Committee appointed by the Faculty of Law, at their meeting held on the 29th May, 1902, to consider and report on the Synopses and Introductory Lectures submitted by the candidates for the

Tagore Law Professorship of 1902-1903, have the honour to submit the following report :—

We have considered the Synopses and Introductory Lectures of the different candidates, and are of opinion that those of S. R. Dass, Esq., are the best.

(Sd.) R. MITTRA.
 „ C. H. HILL.
 „ SARADA CHARAN MITRA.
 „ SREE NAUTH DOSS.
 „ A. M. DUNNE.”.

Read a letter from N. N. Mitra, Esq., Barrister-at-law, one of the candidates for the Tagore Law Professorship of 1902-1903, taking exception to the Report on the ground of certain alleged informalities in the proceedings of the Committee.

RESOLVED—

That the letter be recorded, and the Report adopted.

RESOLVED ALSO—

That the Faculty recommend to the Senate that Mr. S. R. Dass, Barrister-at-law, be elected Tagore Professor of Law for the year 1902-1903, and that the subject of his lectures be the Law of *Ultra Vires*.

170. The following three subjects were selected by the Faculty, upon one of which the Tagore Professor of Law for the year 1903-1904 shall be required to deliver a course of at least twelve lectures :—

(1). The Rules of Interpretation in Hindu Law, with special reference to the *Mimāṃsā* aphorisms as applied to the Hindu Law.

(2). The Hindu Law of Impartible Property, including the Law of Endowments.

(3). The Mahomedan Law of *Wakf*.

171. The Faculty resolved to recommend to the Syndicate that steps be taken to secure the speedy publication of the Tagore Law Lectures.

172. The Officiating Registrar laid on the table the following Report of the Committee appointed to revise the lists of Text-books for the Examinations in Law :—

REPORT.

“ We, the members of a Committee appointed by the Faculty of Law, at their meeting held on the 24th February, 1902, to revise the lists of Text-

books for the Examinations in Law, have the honour to make the following recommendations :—

I. With reference to the Honours-in-Law Examination, we suggest that the books recommended for the Examination of 1903, be adopted for the Examination of 1904.

II. With reference to the B. L. Examination, we recommend that the books prescribed for the Examination of 1904 be prescribed for the Examination of 1905, with the following modifications :—

(a). In the list prescribed against group 2, the following be omitted :—
Act IX of 1875 (Majority).

Act VIII of 1890 (Guardians and Wards).

Act III of 1872 (Civil Marriage) and the following be added :
Story's Equity Jurisprudence (Second Eng. Ed.), Chapter XXXIV (Infants).

(b). In the list prescribed against group 3, the following be omitted :
Regulation II (preamble only), XIX (Secs. 1-7) and XXXVII (Secs. 1-6, 10, 12, and 15) of 1793 ; and for Act VIII of 1885 be substituted—Act VIII of 1885 (Bengal Tenancy Act), Chapters I—VIII, XI, XIV, XV.

(c). That in the list prescribed against group 4, the following be omitted :—Act III of 1877 (Registration Act), Part I, Sec. 3, Parts III, IV, VI, X and XII ; Snell's Principles of Equity, Part I, Part II, Chapters I-VI, and the following be added : Act III of 1877 (Registration Act), Secs. 17, 18, 48, 49 and 50 ; Story's Equity Jurisprudence (Second Eng. Ed.), Chapters I-VII, XXIII, and XXXII.

(d). That in the list prescribed against group 5, the following be added :—
Story's Equity Jurisprudence (Second Eng. Ed.), Chapters XVII (Specific Performance) and XXII (Injunctions).

(e). That in the list prescribed against group 6, in place of—

The Code of Criminal Procedure (Act V of 1898), except Parts 5, 8, and Chapters 38-40, 42-43, and 46, be substituted :—

The Code of Criminal Procedure (Act V of 1898), omitting Chapters 1, 9, 14, 33-40, 42, 43, 46 (except Sec. 562).

And the following be added :—Mayne's Criminal Law of India (2nd Ed.) Part II, Chapters 1, 3—15.

(f). That in the list prescribed against group 7, in place of—The Code of Civil Procedure (Act XIV of 1882), Chapters 1-12, 15-22, 30-31, 33, 35-37, 40-43, 45-47 the following be substituted :—The Code of Civil Procedure (Act XIV of 1882), Chapters 1-9, 11, 12, 15, 17, 19, 21, 22, 30-31, 33, 35-37, 40-43, 45-47.

(Sd.) SARADACHARAN MITRA.

„ R. MITTRA.

„ ASUTOSH MUKHOPADHYAY.

„ GONESH CH. CHUNDER.

„ SALIGRAM SINGH.”

I am sorry I could not attend the meeting of the Committee, and am unable to accept the recommendations set forth above in their entirety. With respect to group 2, I am of opinion that the Majority Act should not be omitted, nor the whole of the Guardians and Wards Act and the Civil Marriage Act : As regards the Guardianship Act, the Chapter IV only may be omitted, and as regards the Civil Marriage Act, Sections other than 2, 6, 17 and 18 may be omitted.

With respect to group 3, I am against the omission of the Regulations mentioned above, the first of which explains the objects of the Permanent

Settlement, and the other two relate to Lakhiraj tenures : these are important parts of the subject of Land Tenures, and have been so regarded since the establishment of the University. As regards the Bengal Tenancy Act, I think Chapter IX should not be omitted, as it deals with many important matters involving questions of principle.

With respect to group 4, as regards the Registration Act, I am of opinion that Section 3 and Parts III to X and XII should be prescribed ; they are very important from a practical point of view. As regards the substitution of Story's Equity Jurisprudence for Snell's Principles of Equity, I have no objection if the Chapters of the former, that deal with the same subjects, as the students are required to read from the latter, only are prescribed. I am therefore, opposed to include Chapters IV, V, VI and VII of Story's work, which would impose a heavy burden on the students.

With respect to group 7, I am of opinion that Chapter X of the Civil Procedure Code should not be omitted, as it deals with a very important subject, which the students ought to know.

(Sd.) GOLAPCHANDRA SARKAR.

I do not see why Story's Equity Jurisprudence, Chapter 34 (Infants) should be substituted for the codified law on the subject in force in India, namely, the Guardian and Wards Act. Nor can I agree to the substitution of the Chapters of Story's Equity Jurisprudence recommended by the majority of the Committee for Snell's book. The portions of Snell's book which the students are now required to read consist of only 196 pages, whereas the portions of Story recommended consist of about 600 pages. It is an additional burden upon the student, which cannot be said to be necessary. For the Bar Final Examination in England as well as for the LL. B. Examination in Cambridge and the B. C. L. Examination of Oxford, Snell's Equity is recommended. I do not see why the Indian student should be required to read a bulkier, though it may be a more learned book. It should further be remembered that Story's book is very expensive, being priced at 45s. Students, who are generally poor, will not purchase the book, and will have recourse to cribs. I cannot also agree to 628 pages of Mayne's Criminal Law being added. The Penal Code is the clearest and the most scientific and methodical Code we have. If the Professors do their duty properly, the students may learn enough of Criminal Law without Mayne's book, which is a very good book, but which is very expensive too. The B. L. curriculum is already very heavy, and I cannot agree to make it heavier.

(Sd.) JOGENDRA CHUNDER GHOSE.

RESOLVED—

That the recommendation of the Committee with reference to the Honours-In-Law Examination be adopted.

RESOLVED ALSO—

That the recommendations of the Committee with reference to the B. L. Examination be adopted with the following modifications :—

(1.) That, with reference to clause (a) of Section II of the Report. Act IX of 1873 (Majority) be not omitted, and that Snell's Principles of

Equity, Part II, Chapter XXII (Infants) be substituted for Story's Equity Jurisprudence (Second Eng. Ed.), Chapter XXXIV (Infants).

(2.) That, with reference to clause (c) of Section II of the Report, Snell's Principles of Equity, Part I and Part II Chapters I—VI be not omitted and Story's Equity Jurisprudence (Second Eng. Ed.) Chapters I—VII, XXIII, and XXXII be not added.

(3.) That clause (d) of Section II of the Report be not adopted.

178. Read the Minutes of the Faculty of Law, dated the 29th July and the 13th August, 1902, respectively.

ORDERED—

To be recorded.

RESOLVED—

That the following recommendation of the Faculty of Law be laid before the Senate:—

"That the Faculty recommend to the Senate that Mr. S. R. Das, Barrister-at-law, be elected Tagore Professor of Law for the year 1902-1903, and that the subject of his lectures be the Law of *Ultra Vires*."

RESOLVED ALSO—

That the Registrar be requested to publish the following advertisement in the leading newspapers of Calcutta, Allahabad, Bombay and Madras, and to forward copies of the advertisement to the Sub-Treasurers of the four Inns of Court, asking them to make the matter known among the Members of their respective Inns in such manner as they deem advisable, and also to the Registrars of the Universities of Oxford, Cambridge and London:—

CALCUTTA UNIVERSITY.

NOTICE.

The Senate will proceed in the month of August, 1903, to the election of a Tagore Professor of Law for the term of one year, to commence on the 1st of November, 1903.

The salary of the Professorship is Rs. 9,000 per annum, and the Professor will be expected to deliver a course of not less than twelve lectures on one of the following subjects:—

- (1) The rules of Interpretation in Hindu Law, with special reference to the *Mimánsá* aphorisms as applied to Hindu Law.
- (2) The Hindu Law of Impartible Property, including the Law of Endowments.
- (3) The Muhammadan Law of Inheritance according to the several Schools, with a history of its origin, growth and development.

Candidates for the Professorship are requested to forward their applications to the Registrar on or before the 1st May, 1903, stating on which of the above-named three subjects they are prepared to lecture. Each candidate

will forward with his application one hundred copies of a brief synopsis of his proposed lectures; and, if he so pleases, the same number of copies of his Introductory Lecture.

The Professor will be expected to commence his lectures in November, 1903, to complete the delivery thereof in the following January, and to hold an examination of the students who have attended his lectures. He will be further required to send to the Registrar a complete manuscript copy of his lectures within five months from the commencement of the delivery thereof.

The Officiating Registrar stated that, in anticipation of the orders of the Syndicate, he had published the advertisement in the *Gazette*.

RESOLVED—

That the action of the Registrar be approved.

RESOLVED ALSO—

That the Registrar be requested to write to the Tagore Law Professors, whose Lectures should have been published by this time, to expedite the publication thereof.

RESOLVED ALSO—

189. Read a letter from the Deputy Secretary to the Government of India, in the Home Department, stating in

reply to this office letter No. 1440, dated the 30th June, 1902, that the Governor-General in Council does not think it advisable to sanction the change in para. 19 of the Regulations of the University for Licence in Medicine and Surgery until the Report of the Indian Universities Commission has been considered.

ORDERED—

To be recorded.

190. Read a letter from the Deputy Secretary to the Government of India, in the Home Department, having reference to this office letter No. 46, dated the 14th July, 1902, in which the affiliation of the Daulatpur Hindu Academy to this University in Arts up to the F. A. standard is recommended, stating that the Government of India have held over their decision in the matter until the Report of the Indian Universities Commission has been considered.

ORDERED—

To be recorded.

ORDERED ALSO—

That the Secretary to the Daulatpur Hindu Academy be informed accordingly.

191. Read a letter from the Deputy Secretary to the Government of India, in the Home Department, stating in reply to this office letter No. 1191, dated the 18th March, 1902, that the Government of India have decided to defer sanctioning the affiliation of the Auckland House Girls' High School, Simla, to this University in Arts up to the F. A. standard until the Report of the Indian Universities Commission has been considered.

ORDERED—

To be recorded.

ORDERED ALSO—

That the Honorary Secretary to the Auckland House Girls' High School, Simla, be informed accordingly.

192. The undermentioned gentlemen were appointed a Board of Examiners for conducting the ensuing Examination for Honours in Law :—

The Hon'ble Dr. Asutosh Mukhopadhyay, M.A., D.L., F.R.A.S., F.R.S.E.

St. John Stephen, Esq., B.A., LL.B.

193. Read a letter from the Clerk, Archdeacon's Office, Calcutta, intimating that the Ven'ble Archdeacon Stone has left India for good.

ORDERED—

That the intimation be sent to the Government of India, Home Department.

194. The orders passed, in circulation, on the application of Mahamahopadhyay Chandrakanta Tarkalankar, Sree Gopal Basu Mallik Fellow for the current year, permitting him to proceed on leave after holding the Vedanta classes for the 22 days specified in his application, were confirmed.

195. The Officiating Registrar reported that the Hon'ble Dr. Asutosh Mukhopadhyay, President, Board of Studies in Mathematics, and Dr. C. E. Cullis, Professor, Presidency College, to whom the thesis on "Line Infinity," submitted by Babu Indubhushan Bramachari, M.A., Premchand Roychand Student for 1898, was referred, were both of opinion that the thesis fulfils the conditions prescribed in paragraph 3 of the Rules for the Premchand Roychand Studentship Examination.

ORDERED—

That the Premchand Roychand Studentship awarded to Babu Indubhushan Bramachari, M.A., be extended for three years from the year 1901.

196. Read a letter from the Rev. Dr. John Roberts, recommending the following text-books in Khasi for the F.A. Examination of Female candidates :—

(i.) Khasi Grammar by the Rev. H. Roberts, published by Messrs. Kegan Paul, Trench, Trübner & Co., London.

(ii.) The Books of Proverbs and Ecclesiastes from the Khasi Bible.

(iii). Ka Kitab Jingphawar (Khasi Proverbs and Folklore) by Babu Raban Sing, published at the "Ri Khasi Press," Shillong.

RESOLVED—

That the text-books recommended be prescribed.

197. Read a letter from the Director of Public Instruction, Burma, having reference to the Memo. by Mr. Hla Oung, Examiner in Burmese at the last Entrance Examination, replying to the objections raised with regard to some of the questions in Burmese set by him at the aforesaid Examination.

ORDERED—

That the correspondence be brought up when the next appointment of Examiner in Burmese is made.

198. Read a letter from Mr. E. Vredenburg, Examiner in Geology at the last B.A. Examination, stating that, under the circumstances therein set forth, he is of opinion that it is quite fair to give the candidate Cal. 75, Jogindranath Datta, at least the minimum number of marks requisite for obtaining Honours in Geology.

ORDERED—

That Jogindranath Datta be declared to have obtained 2nd class Honours in Geology at the last B.A. Examination.

199. Read letters from Messrs. P. Brühl and W. Tate, A.R.C.S., F.C.S., Examiners in Physics and Chemistry, respectively, at the recent B. Sc. Examination, dealing with a representation made by some of the unsuccessful candidates at the aforesaid Examination.

ORDERED—

To be recorded.

200. The Officiating Registrar laid before the Syndicate a letter from Mr. E. F. Mondy, about the last B.A. Pass Examination in Physics, and also a letter from Mr. P. Brühl, dealing with the objections raised in the above letter from Mr. Mondy.

ORDERED—

That the letters be referred to the Rev. Father E. Lafont, S.J., C.I.E., M.I.E.E., and A. Pedler, Esq., F.R.S., C.I.E.

201. Read an endorsement from the Principal, Civil Engineering College, Sibpur, forwarding a representation from the candidates at the recent B. E. Examination, stating that question No. 6 in the First compulsory paper and question No. 6 in the Third compulsory paper were not set from the prescribed syllabuses on the respective subjects, and that the paper on Drawing was too long.

ORDERED—

To be laid before the B. E. Board of Examiners.

202. Read a letter from Professor Leudesdorf, requesting that, in view of the increase in the number of examination papers that are now printed in England, the remuneration paid to him for revising the proofs of these papers may be somewhat increased, and stating that it would greatly help him in seeing these papers through the press, if the Examiners could be induced, before these papers leave India, (1) to put the correct heading to the papers, (2) to give in all cases (Greek and Latin as well as Oriental languages) the correct reference to every passage set for translation, (3) to be careful, "when the figures in the margin indicate full marks," that the figures really are placed there, and (4) that these figures do add up to 100 or 80, or whatever may be the total maximum.

ORDERED—

That the remuneration paid to Professor Leudesdorf be raised to £50; that his suggestions be carried out; and that he be informed accordingly.

203. Read a letter from the Director of Public Instruction, Bengal, enclosing a cutting from the *Statesman*, dated the 18th June, 1902, shewing that the authorities of the Pramatha-Manmatha College at Tangail offer free board to all Government Scholarship-holders, and requesting that, as several instances have come to his notice in which private Colleges have attracted Government scholars, not so much by the quality of the instruction they impart as

by the offer of inducements in the form of scholarships or free studentships or of free board, and as such offers are subversive of true discipline and real progress, the matter may be laid before the Syndicate for consideration and orders.

RESOLVED—

That the Syndicate disapprove of the method adopted by the authorities of the Pramatha-Manmatha College to draw Government scholars to their College.

ORDERED—

That a copy of the Resolution be sent to the authorities of the Pramatha-Manmatha College.

204. Read a letter from the Assistant Secretary to the Government of India, Home Department, forwarding a copy of a letter from the Registrar and Superintendent of Records, India Office, No. R & L 702, dated the 23rd May, 1902, together with an extract from the List of Manuals, Codes, Hand-books, Rules, &c., published by the Government of India and by all Local Authorities for official use, and requesting that necessary instructions may be issued for the supply of the Calcutta University Calendar to him for transmission to the India Office in accordance with the conditions laid down in the above letter from the Registrar and Superintendent of Records.

ORDERED—

That the request be complied with.

205. Read a letter from the Director of Public Instruction, Burma, requesting that in the list of recognised schools in Burma printed on page 381 of the Calcutta University Calendar for 1902, the name of the Methodist Episcopal English Girls' School in Maulmein may be changed to "A. B. M. English Girls' School," and suggesting that Madooray Pillay's High School, Rangoon, and St. Luke's S. P. G. High School, Toungoo, which are no longer High Schools, but are reduced to the status of the Middle School, should be removed from the list.

ORDERED—

That the name of the Methodist Episcopal English Girls' School, Maulmein, be changed to "A. B. M. English

Girls' school," and that Madooray Pillay's High School, Rangoon, and St. Luke's S. P. G. High School, Toungoo, be removed from the list of recognised schools.

206. Read a letter from the Inspector of Schools, Patna Division, stating in reply to this office letter No. 77, dated the 15th July, 1902, that on enquiry it has been fully established that the Dinapur Aryan Anglo-Sanskrit School admits, without transfer-certificates, boys coming from other schools, and that such being the state of things, he is unable to recommend the recognition of the school by the University as a High School, as any encouragement to such an institution will prove prejudicial to the interests of sound education and discipline.

ORDERED—

That the application for the recognition of the Dinapur Aryan Anglo-Sanskrit School be refused.

207. Read an endorsement from the Chairman, District Board, Nadia, forwarding an extract from the Proceedings of a meeting of the above Board held on the 19th July, 1902, in which the attention of the University and of the Education Department is invited to the paucity of hostels for the accommodation of students attending the High Schools in the district of Nadia whose homes are at a distance, and to the evil effect which this condition of things is likely to have on the morals and character of these boys.

ORDERED—

To be recorded.

208. Read an endorsement from the Officiating Inspector of Schools, Presidency Division, forwarding in original a letter from the Secretary, Dumkal H. E. School, Murshidabad, stating the names of the members of the Managing Committee of the School.

210. Read a letter from the Inspector of Schools, Dacca Division, forwarding an application for the recognition of the Brahmangao H. E. School, and stating that, as the institution is within a distance of one mile (not 3 miles as stated in the application) from the recognised Lohajang H. E. School, he cannot, in the interests of sound education and discipline, recommend its recognition as a High School.

ORDERED—

That the Inspector of Schools, Dacca Division, be requested to furnish a detailed report of the Brahmangao H. E. School on the points specified in the Rules for Recognition of Schools.

211. Read a letter from the Officiating Inspector of Schools, Rajshahi Division, stating in reply to this office letter No. 6, dated the 14th July, 1902, that the Saidpur H. E. School is qualified to teach up to the Entrance Standard, that its recognition by the University is not likely to prove injurious to the interests of sound education and discipline, and that he accordingly recommends that the Institution may be recognised as a High School qualified to send up candidates to the Entrance Examination.

ORDERED---

That the Saidpur H. E. School be recognised as a High School.

21. Read a letter from the Officiating Inspector of Schools, Rajshahi Division, forwarding with his recommendation an application for the recognition of the Pakuria High English School.

ORDERED—

That the application be refused.

246. Read an application from P. Radhakrishnan, stating that he passed the F. A. Examination of the Madras University held in December 1901, and requesting permission to appear at the B. A. Examination of the Calcutta University without prosecuting a regular course of study in an Affiliated Institution.

ORDERED—

That the application be refused.

247. Read an endorsement from the Principal, T. N. Jubilee College, Bhagalpur, forwarding an application from Taraprasanna Mukerjee, who has passed the Entrance Examination of the Allahabad University, praying that he may be permitted to appear at the F. A. Examina-

ation of the Calcutta University, and enclosing the written permission of the Registrar, Allahabad University, in support of his prayer.

ORDERED—

That the application be granted.

248. Read an application from Kisorimohan Ghosh, requesting permission to prosecute his studies in the Calcutta University, with a view to appear at its F. A. Examination, and enclosing a copy of the written permission of the Registrar, Allahabad University, in support of his application.

ORDERED—

That the application be granted.

249. Read an application from Md. Yasin, B. A. (Madras), requesting permission to appear at the M. A. Examination of this University.

ORDERED—

That the application be granted.

250. Read a letter from Babu Gaursundar Sinha, offering to make over to the University $3\frac{1}{2}$ per cent. G. P. Notes to the value of Rs. 1,000, for the purpose of creating an endowment for the annual award of two silver medals, one to be awarded to the most successful candidate at the Entrance Examination from the schools in the district of Mymensing, and the other to the student of a Sanskrit Chatuspathi or Tol who shall stand first in the Middle Examination in Sanskrit Grammar or the 2nd year Examination in Vyakaran in the district of Mymensing.

ORDERED—

That Babu Gaursundar Sinha be informed that the Syndicate are willing to accept the endowment, only so far as it relates to the award of a silver medal to the most successful student at the Entrance Examination from the schools in the district of Mymensing, and that, in this view, the endowment will have to be divided, unless he should change his mind and divert it from the other object specified in his letter.

251. Read a letter from the Joint Secretary, Maha-Bodhi Society, Literary Section, forwarding a copy of Kaccayana's Pali Grammar edited by Babu Satischandra Vidyabhushan M.A., Professor, Presidency College, and requesting its adoption as a text-book in Pali at the Entrance, F.A., B.A., and M.A. Examinations.

ORDERED—

That the letter be referred to the Board of Studies in Sanskrit and Sanskritic languages.

252. Read a letter from Mr. E. C. Dozey, forwarding copies of his book on Model Drawing, and requesting its adoption as an alternative text-book in Drawing for the Entrance Examination.

ORDERED—

That the letter be referred to B. Heaton, Esq., of the Civil Engineering College, Sibpur.

253. Read a letter from the Principal, City College, Myensing Branch, requesting that copies of the University Minutes for past years may be supplied to the above College.

ORDERED—

That the request be refused.

254. Read an application from Messrs. S. K. Lahiri & Co., requesting to be appointed publishers of the new volume of the Selections in Sanskrit for the Entrance Examination in 1905, which is in course of preparation.

ORDERED—

That the application be granted.

255. Read an application from R. S. Date, an unsuccessful candidate at the last B. A. Examination, requesting that some provision may be made in the rules of the University for convincing candidates of the correctness of the Examination results published by the University.

ORDERED—

That the application be refused.

56. Read an endorsement from the Principal, Bangabasi College, forwarding an application from Babu Sasadhar Banerjee, stating that his brother, Saratchandra Banerjee, failed to present himself at the F. A. Examination owing to an illness of which he subsequently died, and requesting that under the circumstances the fee paid by the deceased for admission to the Examination may be refunded.

ORDERED---

That the fee paid by Saratchandra Banerjee, deceased, be refunded to his brother, Babu Sasadhar Banerjee, through the Principal, Bangabasi College.

257. The Officiating Registrar laid before the Syndicate for orders the bills submitted by the Principals and Professors of the Comilla Victoria College, the Mymensing City College, and the P. M. College, Tangail, for assisting in supervising the last Examinations held at Dacca, the officer through whom they are submitted holding that the charges made in these bills are unusually heavy.

ORDERED—

That the Bills be passed.

258. The undermentioned gentlemen were appointed a Board of Examiners for conducting the ensuing B. L. Examination : —

R. Mitra, Esq., LL.B., *President, ex-officio*.
 A. Caspersz, Esq., B.A.
 J. D. Bagiam, Esq., B.A.
 H. Knight, Esq., B.A.
 W. A. Bonnaud, Esq.
 H. D. Bose, Esq., M.A.
 N. Haldar, Esq.
 Zahiruddin Ahmad, Esq., B.A.
 A. Chaudhuri, Esq., M.A.
 Babu Kalikissen Sen.
 Babu Kisorilal Sarkar, M.A., B.L.
 Babu Dwarkanath Chakrabarti, M.A., B.L.
 Babu Mahendranath Ray, M.A., B.L.
 Babu Jogendranath Sen, M.A., B.L.
 Babu Jyotiprasad Sarbadhikari, M.A., B.L.
 Babu Kuladakinkar Ray, B.L.
 Babu Mahabir Sahay, B.L.

259. Read a letter from the Inspector of Schools, Bha-galpur Division, forwarding an application for the recog-nition of the Jung Bahadur Coronation H. E. School, Jam-tara, and certifying that the Institution has been in exis-tence since the 1st of July last, and is qualified to teach up to the Entrance standard.

ORDERED—

That the Jung Bahadur Coronation H. E. School, Jam-tara, be recognised as a High School.

260. Read a letter from the Officiating Inspector of Schools, Presidency Division, forwarding an application for the recognition of the Sikharpur High English School in the district of Nadia, together with a guarantee bond executed by the members of the Managing Committee of the school for its maintenance, and recommending that the In-stitution may be recognised by the University as a High School qualified to send up candidates to the Entrance Examination.

ORDERED—

That the Sikharpur High English School, Nadia, be re-cognised as a High School.

261. Read a letter from the Officiating Inspector of Schools, Rajshahi Division, forwarding, with his recom-mendation, an application for the recognition of the Sha-hapur High English School in the district of Pabna.

Read also a representation from some of the Members of the Managing Committee of the Pakuria High English School, protesting against the proposed recognition of the Shahapur High English School.

ORDERED—

That the representation be referred to the Officiating Inspector of Schools, Rajshahi Division, for favour of a report.

262. Read an endorsement from the Principal, Burd-wan Raj College, forwarding an application from Sheik Tofuzzul Hossein, praying that his admission into the 1st year class of the above-named College on the 8th August may be sanctioned.

ORDERED—

That the application be granted.

263. Read an endorsement from the Principal, Bangabasi College, forwarding an application from Surendranath Banerjee, praying that his admission into the 1st year class of the above-named College on the 12th August may be sanctioned.

ORDERED—

That the application be granted.

264. Read an endorsement from the Principal, Central College, Calcutta, forwarding an application from Jyotishchandra Chaudhuri, praying that his admission into the 1st year class of the above-named College on the 12th August may be sanctioned.

ORDERED—

That the application be granted.

265. Read an endorsement from the Principal, B. N. College, Bankipur, forwarding an application from Raj Kisore Narayan, praying that his admission into the 1st year class of the above-named College on the 13th August may be sanctioned.

ORDERED—

That the application be granted.

266. Read endorsements from the Officiating Principal, Patna College, forwarding applications from Naliniranjan Sinha and Suryyanarayan Sahay, praying that they may be permitted to take up Sanitary Science as their optional subject at the next F. A. Examination without being required to attend lectures in it, as it is not taught in the College.

ORDERED—

That the applications be refused.

267. Read an endorsement from the Principal, City College, forwarding an application from Jagatchandra Sen, who attended a course of Law lectures for a full session in 1896-97, praying that he may be permitted to ap-

pear at the B. L. Examination on his attending a further course of lectures for another year.

ORDERED—

That the application be granted, provided he makes up the prescribed number of lectures in each group.

268. Read an application from Sanatan Chakrabarti, stating that he prosecuted a regular course of study in Law under the old Regulations for three sessions in the Dacca and Jagannath Colleges, and praying that he may be permitted to appear at the ensuing B. L. Examination without further attendance at lectures.

ORDERED—

That the application be granted.

269. Read an endorsement from the Principal, B. N. College, Bankipur, forwarding an application from Tarini Prasad, who has passed the Entrance Examination of the Punjab University, praying that he may be permitted to appear at the F. A. Examination of the Calcutta University and enclosing the written permission of the Registrar, Punjab University, in support of his prayer.

ORDERED—

That the application be granted.

270. Read an application from Harikesab Sanyal, B. A. (Allahabad), requesting permission to appear at the M. A. Examination of this University.

ORDERED—

That the application be granted.

271. The Officiating Registrar stated that the present edition of the Selections in Arabic compiled by Lt.-Col. G. S. A. Ranking, M.D., I.M.S., which is prescribed for the F.A. Examination in 1904 and 1905, having run out, steps should be taken for printing a fresh edition of the work.

RESOLVED—

That Messrs. Thacker, Spink & Co. be instructed to bring out a fresh edition of the Selections.

272. Read an endorsement from the Principal, Ripon College, forwarding an application from Rajiva Nayan Sahay, B.A. (Allahabad), requesting permission to appear at the B.L. Examination of this University, and enclosing the written permission of the Registrar, Allahabad University, in support of his application.

ORDERED—

That the application be granted.

273. Read an endorsement from the Principal, City College, Calcutta, forwarding an application from Abdul Haque, praying that his admission into the 1st year class of the above-named College on the 7th August may be sanctioned

ORDERED—

That the application be granted.

274. Read an endorsement from the Director of Public Instruction, Bengal, forwarding, for disposal, an application from Babu Kalipada Nath, who after passing the F.A. Examination in 1898 read for three years in the Civil Engineering College, Sibpur, and has been serving as Drawing Master in the Serampur Union Institution since the 30th of July last, praying that he may be permitted to appear at the ensuing B. A. Examination.

ORDERED—

That the application be refused.

275. Read a letter from M. Abdul Azeez, requesting to be informed whether a student, who attends the Pleaders Law Lectures, can attend the Tagore Law class and appear at the Examination held by the Tagore Law Professor.

ORDERED—

That M. Abdul Azeez be informed that students attending Law Lectures to qualify themselves for the Pleaders Examination, are not entitled to attend the Tagore Law Lectures or to appear at the Examination held by the Tagore Law Professor.

276. Read a letter from the Principal, Jagannath College, Dacca, forwarding an application from Jadablal Mukerjee, praying that, as on account of illness he was unable to join an Affiliated Institution within the prescribed date, he may now be permitted to take his admission into the 1st year class of the Jagannath College, and enclosing medical certificates in support of his application.

ORDERED—

That the application be granted.

277. Read an endorsement from the Officiating Principal, Presidency College, forwarding an application from Gokalchand, B.A. (Punjab), requesting permission to appear at the M. A. Examination of this University, and enclosing the written permission of the Registrar, Punjab University, in support of his prayer.

ORDERED—

That the application be granted.

278. The Officiating Registrar laid on the table an estimate for lighting the Senate House with electricity and for fitting the same with electric punkhas.

ORDERED—

That the estimate be submitted to J. W. Meares, Esq., Electrical Engineer to the Government of Bengal.

279. The Officiating Registrar asked whether he could dispose of the answer-papers examined at the last University Examinations.

ORDERED—

That the answer-papers be disposed of as usual.

280. The Officiating Registrar inquired when the next meeting of the Syndicate should be held.

ORDERED—

That the next meeting of the Syndicate be held on Saturday, the 30th August, at 3-30 p.m.

K. C. BANURJI,

(Confirmed.)

Offg. Registrar.

E. LAFONT, S. J.,

281. On the motion of the Hon'ble Dr. Asutosh Mukhopadhyay, M.A., D.L., F.R.A.S., F.R.S.E., Alex. Pedler Esq., C.I.E., F.R.S., was voted to the Chair.

282. Rai Chunilal Basu, Bahadur, M.B., F.C.S., moved that paragraph 2 of the Regulations for the Examination for Honours in Medicine (Calendar for 1902, page 72) be altered as follows :—

“2. The Examination shall take place annually at such time as the Syndicate may, from time to time, appoint, and shall be conducted by means of written papers and practical tests.”

Dr. Suresprasad Sarbadhikari, M.D., seconded the motion, which was carried.

283. The Chairman moved that the following recommendations of the Syndicate be adopted :—

(i) That para. 2 of the Regulations for the First Examination in Engineering (p. 74, Calendar, 1902) be modified as follows :—

“Any undergraduate of the University may be admitted to this Examination, provided he has prosecuted a regular course of study in a School of Engineering affiliated to the University for five years after passing the Entrance Examination, or for three years after passing the F.A. Examination.”

(ii) That the following sentence be omitted from para. 2 of the above Regulations . —

“A student who has passed the B.A. Examination in the B Course shall be admitted to the F.E. Examination after two years' study in a School of Engineering affiliated to the University.”

(iii) That para. 2 of the Regulations for Licence in Engineering (page 79, Calendar, 1902) be altered as follows :—

“Any undergraduate of the University may be admitted to this Examination on producing a certificate from the Head of an Institution affiliated up to the L. E. standard in Engineering showing that he has prosecuted a regular course of study for one year after passing the First Examination in Engineering.”

(iv) That para. 2 of the B. E. Regulations (page 85, Calendar, 1902) be altered as follows :—

“Any candidate who has passed the First Examination in Arts may be admitted to this Examination, provided he produces a certificate from the Head of an Institution affiliated up to the B.E. standard in Engineering showing that he has prosecuted a regular course of study for one year after passing the First Examination in Engineering.”

(v) That the following revised Syllabus in Mathematics be substituted for the one given in para. 5 of the F. E. Regulations under heading “I. Mathematics” (pp. 74-75, Calendar, 1902) :—

I.—MATHEMATICS.

FIRST PAPER.

Computations and Mensuration.

- * (a) Practical applications of Arithmetic with special reference to contracted methods.

The theory of logarithms; application of logarithms to arithmetical and trigonometrical calculations, including the solution of triangles and the determination of heights and distances.

- (b) Mensuration of plane and solid figures, including the application of Simpson's rules, the prismoidal formula and Guldin's theorems, and not excluding proofs of the formulæ in use.

N.B.—Books of logarithmic tables will be provided for the use of candidates during the examination.

SECOND PAPER.

Algebra, Trigonometry and Plane Analytical Geometry.

- (a) Summation of arithmetic and geometric series, and of series in which the n -th term is an integral function of n .

Binomial, exponential and logarithmic series with easy examples.
Partial Fractions.

- (b) Geometrical representation of complex quantities: addition and multiplication of complex quantities; De Moivre's theorem; derived trigonometrical formulæ, including the ordinary formulæ of Elementary Trigonometry.

The expansions and exponential values of $\cos \theta$ and $\sin \theta$; the hyperbolic functions.

Summation of a series of sines and cosines of angles in arithmetical progression, and of other simple trigonometrical series.

- (c) Rectangular Cartesian co-ordinates and polar co-ordinates; the analytical geometry of the straight line; equations representing two or more straight lines.

The special forms of the equations of the circle, parabola, ellipse and hyperbola without reference to the general equation of the second degree.

Determination of the asymptotes of a conic given by any equation of the second degree; their use in discriminating the character of the curve.

N.B.—The methods of pure Geometry and of the Differential Calculus will not be disallowed.

THIRD PAPER.

Statics and Dynamics.

- (a) Uniform and uniformly accelerated motion. Composition of velocities and accelerations. Relative velocities and accelerations. Projectiles. The laws of motion with simple illustrations, such as the motion of a particle on an inclined plane, motion of two particles connected by a string, uniform circular motion of a particle.

- (b) Composition of concurrent and parallel forces acting on a rigid body. Centre of parallel forces; centres of mass. Reduction of any

system of coplanar forces acting on a rigid body to a single resultant force or couple; properties of resultant; conditions of equilibrium; statically equivalent system of forces; problems on equilibrium. Friction. Machines.

(c) Impulse of a force; principle of linear momentum for a single particle and for a system of particles; simple cases of impact, including the impact of two spheres whose centres move in the same plane.

Work of a force; principle of energy for a single particle and for a system of particles; application of the principle to the solution of problems.

FOURTH PAPER.

Differential and Integral Calculus.

(a) Differentiation in general, including Leibnitz's theorem, partial differentiation, and differentiation of implicit functions.

Orders of smallness; infinitesimals and differentials. Elementary proofs of Taylor's and Maclaurin's Theorems. Expansions of functions of a single variable.

Evaluation of undetermined forms.

Tangents and normals of curves.

Maximum and minimum values of a function of one independent variable.

(b) Integration regarded as a process of a summation, and as the inverse of differentiation. The standard integrals. Integration by substitution and by parts.

Integration of rational functions. Simple integrals involving trigonometrical functions.

Application of the Integral Calculus to the determination of lengths of curves, areas, volumes; centres of mass and moments of inertia.

N.B.—Special importance will be attached to the performance and the applications of quite simple differentiations and integrations.

(vi) That the following revised Syllabuses in Chemistry and Physics be substituted for those prescribed for the F. E. Examination on pages 75-78 of the Calendar, 1902, under heading "II. Natural Science".

II. NATURAL SCIENCE.

CHEMISTRY.

I.—General properties and changes of matter in simple common cases. Relation of chemical changes to physical and mechanical changes.

Experimental proofs of the indestructibility of matter.

Elementary forms of matter; compounds and distinction of compounds from mixtures.

Experimental deduction of the principal fundamental laws of Chemistry: equivalents.

Dalton's atomic theory.

Experimental determination of the properties of gases with regard to heat and pressure; Boyle's and Charles' laws.

Experimental determination of the volume relations of reacting gases; law of gaseous volumes.

Deduction from above laws of the probable physical composition of matter; Avogadro's hypothesis.

Distinction between the molecule and molecular weight.

Density, relative density, vapour density, and specific gravity of substances.

Relation between relative density of gases and molecular weights.

Determination of relative density of gases by direct weighing and of vapour density of volatile substances by Dumas' method; deduction of molecular weights.

Relation between atoms and molecules.

Distinction between atoms and atomic weights.

Deduction of the maximum value of atomic weights of elements from the molecular weights of their volatile compounds.

Relation between atomic weights and equivalents; valency.

Dulong and Petit's law of atomic heats; its use as subsidiary method of determining atomic weights.

Chemical symbols and formulæ; representation of chemical changes by equations. Quantitative meaning of symbols; calculations.

General types of chemical action as illustrated by the experimental work previously done.

II.—Occurrence, preparation, and properties of the elements listed below, and of their simpler compounds:—Hydrogen, Chlorine, Bromine, Iodine, Potassium, Sodium, Copper, Silver, Gold, Calcium, Strontium, Barium, Magnesium, Zinc, Mercury, Boron, Aluminium, Carbon, Titanium, Silicon, Tin, Lead, Nitrogen, Phosphorus, Arsenic, Antimony, Bismuth, Oxygen, Chromium, Tungsten, Sulphur, Iron, Nickel, Cobalt, Platinum—considered generally.

A more detailed study of the preparation, properties and determination of the composition of the typical compounds—Hydrogen, Chloride, Water, Ammonia, and Methane.

Salts, bases, acids, and other compounds; their nature, behaviour on solution and relationship with each other.

General methods for the preparation of Haloides, Oxides, Hydroxides, Sulphides, Sulphates, Nitrates, Phosphates, Carbonates, Carbides, Nitrites, and Hydrides.

The Peroxides and their relation to Ozone and Hydrogen Peroxide.

Double salts, crystallization, water of crystallization.

Isomorphism and its use in controlling atomic weights.

Systematization of Chemical data: the Periodic law, its uses and consequences.

III.—The Phenomena of combustion, explosions, reversible reaction; dissociation Phenomena.

Thermo-chemical methods of investigation.

Calorimetry—Heat of combustion, heat of formation, heat of neutralisation, heat of solution.

Exothermal and endothermal reactions.

Allotropy and the Allotropic modifications of the elements, allotropy of metals.

Applications of the principles of thermo-chemistry to the solution of technical problems.

The Ionic theory of solution; deduction of the laws of dilute solutions from thermo-dynamical data; derived methods of determining molecular weights; explanations of chemical reactions based on the Ionic theory, and foundations of Analytical Chemistry.

IV.—Chemical Technology.

Natural waters: their composition, analysis, and determination of suitability for various purposes. Purification of waters on the large scale.

Preparation on the large scale of (Chemistry of the)—

- (1) Chlorine, hydrochloric acid, bleaching powder.
- (2) Oxygen, red lead.
- (3) Quick-lime.
- (4) Hydraulic lime, Portland cement, glass, soluble glass, porcelain, pottery, bricks.
- (5) Plaster of Paris, alums.
- (6) Sulphuric acid, sodium carbonate, caustic soda.
- (7) White lead, permanent white.
- (8) Tin plate, galvanized iron.
- (9) The setting and hardening of Mortars and Cements.

V. PRACTICAL CHEMISTRY.

Preparation and demonstration of the properties of the common gases, such as Hydrogen, Oxygen, Nitrogen, Carbon Dioxide, Nitric Oxide, Nitrogen Monoxide, Hydrogen Sulphide, Hydrogen Chloride, Ammonia.

Preparation of the commoner acids, bases, oxides and salts, *e. g.*, Nitric Acid, Calcium Oxide, Calcium Hydrate, Copper Oxide, Ferrous Sulphate, Copper Sulphate, Zinc Sulphate, Sodium Chloride, Ammonium Chloride.

Determination of the relative density and molecular weight of soluble gases.

Determination of approximate equivalents of metallic radicles in the most simple cases, *e. g.*, Copper, Lead, Iron.

Detection of the commoner substances by their physical characteristics.

Qualitative analysis (including blow-pipe analysis) of mixtures containing not more than two acid and two basic constituents (excluding phosphates insoluble in water) from the following list:—

Hydrogen, Potassium, Sodium, Ammonium, Magnesium, Calcium, Strontium, Barium, Zinc, Manganese, Iron, Aluminium, Chromium, Arsenic, Antimony, Tin, Mercury, Lead, Copper, Silver, Carbon, Sulphur, Hydrochloric Acid, Hydrofluoric Acid, Nitrous Acid, Nitric Acid, Carbonic Acid, Silica, Silicic Acid, Sulphuric Acid, Phosphoric Acid.

Qualitative analysis of substances, such as Iron, Brass, Bronze, Solders, Iron Ores, Boiler Scale, Lime-stones, Lime, Cement, Clay, Brick, Paints and Colour washes (for commoner inorganic constituents only).

Simple gravimetric estimations of Calcium, Zinc, Iron, Copper, Silver, Hydrochloric Acid, Carbonic Acid, Sulphuric Acid, and Silica.

Commercial analysis of Lime, Lime-stone, and Brass.

PHYSICS.

I.—HEAT.

Expansion of solids, liquids, and gases. Regnault's experiments on the absolute expansion of Mercury and the expansion of gases. Charles' law. Principles of Thermometers. Temperature as measured by the expansion of solids, liquids, and gases. Mercurial thermometers; air thermometers. Thermometers for various purposes. Density of solids, liquids, and gases. Absolute temperature. Calorimetry Correction for radiation. Specific heats of solids and liquids: method of mixture; Bunsen's Ice Calorimeter. Specific heat of gases—at constant pressure, Regnault; at constant volume, Röntgen. Dulong and Petit's law. Changes of state of aggregation. Regulation. Critical temperature; continuity of state. Measurement of heat of fusion and vaporization. Influence of pressure on melting and boiling points. Methods of liquifying gases. Maximum pressure of vapours, Regnault; pressure of saturated steam below and above 100°C . Vapour densities; Dumas', Hoffman's vs. Meyer's methods. Hygrometry. Conduction; variable and permanent stages; simple cases of steady flow across a plate and along a bar; Wiedemann and Franz' experiments. Convection. First law of thermo-dynamics. Joule's experiments. Van der Wahl's Theory. Adiabatic transformations. Second law of thermo-dynamics. Cooling of gases by expansion.

II.—STATICAL ELECTRICITY.

Electrification by friction. Electroscopes. Ice-pail experiments. Induction. Electrophorus. Voss and Wimhurst's Influence machine. Electric work and energy. Indicator diagram of electric work. Exploration of electric field. Potential at any point of the field. Lines and tubes of force. Equipotential surfaces; lines of induction. Measurement of electricity. Attracted disc electrometer; quadrant electrometer. Dimensions. Electrostatic units. Capacity, Condensers; two concentric spheres; Leyden Jar. Specific inductive capacity. Absolute measurement of capacity; statical comparison of capacities; measurement of specific inductive capacity; standard air condenser.

III.—CURRENT ELECTRICITY.

Chemical and thermal methods of producing currents: Daniell, Grove, Bunsen, Leclanche, Lahande; thermopile; thermo-electric battery. Electrolytic conduction. Electrolysis of fused compounds and of saline solutions. Faraday's laws. The voltameter. Metallic conduction.

Ohm's law. Kirchhoff's laws. Units of resistance. Resistance coils. Wheatstone's bridge. Resistance of battery. Resistance of galvanometer. Electromotive force. Standard cells—Latimer Clerk. Determination of electromotive force; statal method. Poggendorff's compensation method. Relation of electricity to heat; Joule's law. Gaseous conduction. Disruptive discharge. Flow of electricity and flow of electrical energy. Phenomena attendant on the starting, stopping, and varying of a current. Oscillating discharges.

IV.—MAGNETISM.

Fundamental experiments. Magnetic field. Magnetic elements. Declination theodolite; dip circle; magnetometer. Methods of magnetisation.

Relation of magnetism to electricity. Oersted's experiment. Tangent galvanometer; Thomson's reflecting galvanometer; Wiedmann's two-coiled galvanometer. Electro-dynamic experiments; the Solenoid. Electro-magnets; types. Permeability and methods of measuring it. Magnetic hysteresis. Magnetic flux, Magneto-motive force, reluctance. The law of traction. Induction of currents; Lenz's law. Self-induction. Ruhmkorff's coil. Electro-magnetic units.

V.—RADIANT ENERGY.

Laws of vibrating particle. Harmonic vibrations. Transverse and longitudinal waves. Interference of waves travelling in the same and in opposite directions. Stationary waves. Composition of undulations; elliptical, circular, and rectilinear vibrations. Huyghen's principle. Reflection and refraction of thermal, luminous, and electric waves. Velocity of propagation; Foucault and Fizeau's experiments. Plane and spherical mirrors. Refraction. Prisms, minimum deviation. Determination of refractive indices of solids and liquids. Lenses; cardinal points; systems of lenses. Melloni's experiments on radiant heat. Hertz's experiments on electrical radiations. Röntgen rays. Wireless telegraphy. Dispersion. Spectroscope and spectra. Absorption of ethereal waves; diathermancy and athermancy; coloured bodies. Structure of the human eye.

VI.—APPLIED PHYSICS.

1. *Heat*.—Electric pyrometers. Outlines of construction of the double-acting steam-engine. Otto's gas-engine, petroleum engines, and modern ice-making machinery.

2. *Light*.—The sextant; photometry; telescopes; modern field-glasses; microscopes. Principles of photography.

3. *Electricity and Magnetism*.—Telegraphy. Batteries in common use; signals; sounder; Siemens' inkwriter; Siemens' relay. Lightning-conductors. Terminals, single and multiple points; earth connection, its importance; the conductor proper; material; form; joints; clips and brackets; ridge circuits; incidental connections; space protected; protection of dwelling-houses, magazines, chimneys, periodical inspection and testing. The telephone and microphone; electric bells and indicators. Dynamo-electrical machinery. Efficiency, causes of loss of energy. Types of armatures. Armature coils and cores. Field-magnets, Pole-pieces, Field-magnet coils. Commutators, Collectors, Brushes, brush-holders. Curves of potentials and induction. Reaction of armature and field. Lead of brushes. Methods of exciting field-magnets. Classification of dynamos. Examples.

Transmission of electric energy. Accumulators. Transformers, Air-lines, insulators, testing; modes of attaching the wire, material for wires, joints, lightning-protectors. Underground conduits. The three-wire system. Comparison with other methods of transmitting energy.

Motors: construction and application. Electric lighting. Incandescent lamps; arc lamps. Electric welding. Electric measurements and measuring apparatus. The volt. Amperemeters and voltmeters: construction and calibration. Ampere balances. The ballistic galvanometer. The Ohm; resistance coils; the shunts box; Ohmmeters. The Farad and micro-farad. The Watt.

VII.—PRACTICAL EXERCISES.

Measurement of the thickness of plates by the wire-gauge, micrometer, micrometer calliper, cover-glass tester, spherometer.

Determination of the radius of curvature of lenses by the spherometer.

The cathetometer : constructional details ; adjustments ; measurement of differences in heights ; verification of Boyle's law ; coefficient of tentional elasticity.

The longitudinal dividing machine : construction ; manipulation, its use as a comparator ; calibration of thermometer tubes.

The circular dividing machine : construction ; manipulation.

The balance : adjustment ; weighing by the method of vibration ; comparison and calibration of weights ; specific gravity of solids ; cross-section of wires.

Moments of inertia.

The barometer : readings and corrections.

Thermometer : comparison ; verification of fixed points. Coefficients of expansion.

Hygrometry : absorption hygrometer ; dewpoint hygrometers ; the psychrometer ; comparison of results.

Calorimetry : correction for loss of heat ; specific heat of solids ; heat of evaporation ; heat of combustion.

Melting and boiling points ; distillation.

Study of magnetic fields.

Faraday's Ice-pail experiments ; exercises with quadrant electrometer.

Setting up and reading of galvanometers. Ohm's law ; Wheatstone's bridge. The meter bridge ; insulation resistance by deflection method ; resistance of wires by Kelvin's apparatus.

The potentiometer : current and voltage measurements.

Kelvin's balance ; current ; voltage ; wattage.

The ballastic galvanometer ; determination of constant, dip and intensity of earth's magnetic field by the earth inductor.

Electrolysis : electrolytic current measurements.

Secondary batteries : constructional details and management.

Thermo-electrical experiments.

Exercises at the spectroscope. Photometric experiments. Focal distances of mirrors and lenses.

(vii) That the following revised Syllabus in Mathematics be adopted for the one given in para. 5 of the L. E. and B. E. Regulations (pp. 79-80, Calendar, 1902) :—

1.—MATHEMATICS.

FIRST PAPER.

Statics and Dynamics.

(a) Principle of virtual work. Analytical conditions of equilibrium.

Solution of problems in Statics by resolving and taking moments, by the principle of virtual work and by graphic methods.

Bending moments. The funicular polygon. The Catenary. Equilibrium of simple jointed frame-works.

(δ) Units and dimensions.

Statical equivalence of the externally impressed forces with the effective forces in any system of bodies ; the principles of linear and angular momentum ; the principles of *vis viva*.

Gravitational Potential energy ; potential energy of a stretched elastic string.

Motion under gravity of a particle on a smooth vertical circle and on other simple curves ; simple harmonic motion ; the simple and conical pendulum.

Motion of a rigid body about a fixed axis ; the compound pendulum.

SECOND PAPER.

Hydrostatics.

Nature and general properties of fluid pressure.

Density and specific gravity of a homogeneous mixture.

Relations between pressure, density and force.

Thrust on a plane area. Centre of pressure.

Resultant pressure on an immersed solid on any immersed surface, particularly in the case of a homogeneous liquid at rest under gravity.

Conditions for the equilibrium and for the stability of the equilibrium of a floating body.

Hydrostatic Instruments. Determination of specific gravity. Properties of gases.

(viii) That the following revised Syllabuses in Natural Science for the L. E. and B. E. Examinations be substituted for those given on pages 80-83, Calendar, 1902 :—

II.—NATURAL SCIENCE.

Geology.

I.—*Object of Geology*.—Its relations to other sciences. The doctrine of uniformity, its limits.

II.—*Astronomical Geology*.—Information obtained from meteorites and by the spectroscope. Probable history of the earth in its earlier stages of existence.

III.—*Geognosy*.—The globe and its envelopes. Shape and nature of globe ; density ; probable internal condition ; evidences of pressure and internal heat. Persistence of continent ridges and abysmal depressions.

IV.—*Petrography*.—Macroscopic and Microscopic character of rocks. Microscopic elements ; their importance for the study of the history of rocks. Microscopic character of quartz, orthoclase, plagioclase, augite, hornblend, olivine, calcite. Essential and accessory constituents. Classification of rocks. Characters and essential constituents of the following rocks :—Lime-stone, quartzite, amphibolite, gneiss, micaceous and chloritic schists, phyllite, granite, granophyr, quartzporphyry, syenite, trachyte, phonolite, obsidian, pumic, norite, diorite, biabase, dolerite, plagioclase-basalt, sand and gravel, sand-stones, conglomerates, breccias, shale, clay, laterite, tuffs, shellmarl, coral lime-stone, chalk, peat lignite, coal, anthracite, graphite, petroleum, asphalt, clay iron-stone.

V.—*Dynamical Geology*.—Volcanic phenomena, description of volcanoes—kind, shape, description, relation to lines of weak resistance and instability. Theories of volcanicity. Hot springs. Earthquakes. Secular upheaval and depression. Geological functions of air. Geological functions of water and ice. Chemical and mechanical actions, denudation and deposition. Peculiarities of Indian rivers; glacial erosion; formation of lakes. Geological functions of plants and animals; coral islands.

VI.—*Petrogenetic Geology*.—Origin of granite, diorite, and basalt. Origin of sedimentary rocks; minerogen, phytogen and zoogen sedimentary rocks; theories on the origin of coal-beds. Origin of laterite. Origin of metamorphic rocks, theories of metamorphism, local and regional metamorphism. Origin of rock-cleavage. Ore deposits. Origin and classification.

VII.—*Architectonic Geology*.—Forms of bedding. Surface-markings. Concretions. Relative strata. Overlap. Groups of strata. Joints. Strike and dip; outcrop; monocline; syncline; anticline. Faults, origin and kinds. Intrusive phase of eruptivity; bosses, sheets, dykes, necks; inter-bedded phase of eruptivity, lavas, tuffs. Unconformability.

VIII.—*Palaeontological Geology*.—Object. Conditions for the entombment of organic remains. Preservation of organic remains in mineral masses; fossilizator. Uses of fossils in Geology.

IX.—*Historical Geology*.—Leading principles in stratigraphy. Equivalent strata, absence strata, and formations.

X.—*Indian Geology*.—With special reference to the Geology of the Bengal Presidency. Peninsular area. The metamorphic and crystalline series. The transition series. Lower and Upper Vindhya; petrology; the Vindhyan basin. The Gondwana system; geological positions and characters, probable fluviatile origin; relations of Gondwana basins to existing valleys; lower and upper groups, Talchir-Karharbari, Barakar iron-stone shales, Raniganj, Rajmahal; the most important coal fields. The Deccan trap series, area and petrology. Laterite; distribution, age. Post tertiary and recent formations; older river gravels and clays; kankar. Indo-Gangetic plain; upland and alluvial soils, red soils, regur, peat. General outlines of the Geology of the Himalayan area.

XI.—*Physiographical Geology*.—Terrestrial features due to disturbance of crust, monoclinal, symmetrical, unsymmetrical, reversed flexures, Alpine type of mountain structure. Features due to volcanic action. Features due to erosion. Indian examples.

XII.—*Field Geology*.—Geological surveying instruments, tracing of boundaries and faults. Sections; how to find direction and amount of dip; Dalton's construction; clinometer. Levelling. Surface, profile, datum level; benchmarks; methods of geological levelling. Lithology; practical exercises in the identification of Indian rocks.

Mineralogy.

PROVINCE OF MINERALOGY, ITS RELATION TO OTHER SCIENCES.

I.—Properties of crystals independent of direction. Density and specific gravity. Methods of determining specific gravities; hydrostatic balance; pyknometer, Jolly's balance; floatation methods. Separation of rock-forming minerals by the floatation method.

II.—*Physical Crystallography*.—Elasticity. Relation of coefficient of elasticity to direction. Classification of crystals with reference to elasticity.

Cohesion. Cleavage, fracture, hardness: Mohs' scale.

Optical properties of minerals. Kind and degree of lustre. Double refraction and polarization. Nicol's prism. Classification of crystals according to their optical properties.

Uni-axial and bi-axial crystals. Examination of crystals in parallel and convergent polarized light. Rotation of plane of polarization. Absorption of light; idiochromatic and allochromatic minerals; pleochroism; Haidinger's dichroscope, microscope with one nicol.

Electrical properties. Pyro-electricity. Magnetic properties. Separation of rock-constituents by the electro-magnet.

III.—*Geometrical Crystallography*.—Relation of physical properties to geometrical form. Crystalline form; faces. Planes of reference, axes, parameters, indices; symbols. Law of rationality of indices. Principles of Miller's, Weiss', Naumann's notation. Fundamental form; its selection. Symmetry: planes and axes. Classes and systems. Simple forms and combinations. Closed and open forms; prismatic, tabular, and pyramidal habit. Nature of hemihedrism. The nature of tetartohedrism. Hemimorphism. Crystallographic mimicry. Isomorphism and heteromorphism. Morphotrophism and isogonism. Twinning: twinning plane; twinning axes. Contact twins and penetration twins; distinctive features of hemitropes. Crystalline aggregates, druses. Pseudomorphism. Measurement of angles; contact and reflecting goniometers; relative merits.

IV.—*Chemical Mineralogy*.—Calculation of formula. Classification of minerals. Group tests.

V.—*Descriptive Mineralogy*.—A somewhat detailed description of the following minerals:—

Elements.—Diamond, gold.

Sulphides—Pyrite, marcasite, pyrrhotite, galena, sphalerite, chalcopryite.

Oxides—Corundum, hematite, spinel, magnetite, quartz, cassiterite, limonite.

Oxysalts:—

(a) Carbonates—Calcite, dolomite, siderite, arragonite, malachite.

(b) Sulphates—Anhydrite, barite, gypsum.

(c) Phosphates—Apatite.

(d) Silicates—Tourmaline, epidote, olivine, garnet, muscovite, biotite, talc, serpentine, pyroxene, amphibol, orthoclase, microcline, albite, aligoclase-labradorite, kaolinite.

Haloidsalts—Halite, fluorite.

VI.—*Practical exercises*.—Determination of specific gravities. Use of the scale of hardness. Exercises at the polarization microscope. Measurement of angles by the aid of contact and reflecting goniometers. Blow-pipe analysis. Identification of Indian minerals.

Practical Metallurgy.—

Preparation of common alloys of known composition (and determination of the tensile strength of the alloys prepared.)

(Mechanical testing of mortars and cements.)

Fire testing of the qualities of clays and brick earths.

Determination of ash, coke, and sulphur in fuels.

Determination of the calorific power of fuels by the Thomson and Hempel calorimeters.

Determination of furance temperatures by some form of pyrometer. Rough analysis of products of combustion.

Furnace gases and gases from gas-engines.

VIII.—*Mechanics of a Machinery*.—Simple practical applications of kinematics and dynamics of machinery. Elementary forms of machines. Gearing for transmitting and modifying motion.

Steam-Engine.—Heat and work. Properties of steam.

Indicators and indicator diagrams. Valve motion. Modern types of steam-engine. Details of construction. Governor's fly-wheels. Condensers, Boilers: their construction and working; boiler fittings. Piping Feed-pumps and injectors. Feedwater. Heaters and economisers

Tests of engines and boilers.

Gas and oil engines. General principles of action. Conditions of economical working.

Physics.

PRACTICAL EXERCISES.

Tracing of the B. II. course by means of Du Bois' Balance and Leonard's Bismuth Spiral. Experiments with Ewing's Curve Tracer and Ewing's Hysteresismeter. Determination of the Horizontal component of Terrestrial Magnetism by means of Kelvin's apparatus. Experiments with direct current apparatus. Constructional details of a direct-current Dynamo. Running of dynamos. Characteristics of series, shunt and compound dynamos. Armature characteristics. Magnetisation curves of dynamos. Characteristic of a Thomson-Houston arc-dynamo: efficiency of dynamos and motors with and without Dynamometers. Study of arc-lamps. Calibration of ammeters and voltmeters. Construction and testing of electricity-supply meters. Exploration of the field of a dynamo; S. P. Thomson's method; the Dynamo Indicator; Leonard's Bismuth Spiral; coefficient of magnetic leakage; power lost by Hysteresis and Foucault currents. Effects of variation of speed; variation of economic coefficient.

Experiments with alternate current apparatus. Study of alternate currents by means of the Oscillograph. Constructional details of alternate current generators. Curve of magnetisation. Exploration of the field. Coefficient of self-induction of coils; Impedance method, three-voltmeter method; variation of inductance with current. Saturation of core. Resistance in series circuits. Measurement of power; three-voltmeter method, three-ampere-meter method. Effect of frequency on the angle of lag. Measurement of mutual inductance. Construction of transformers. Transformer tests. Measurement of capacity of a condenser. Comparison of capacities. Effects of capacity in alternate current circuits. Experiments with triphase generators and motors.

The Hon'ble Dr. Asutosh Mukhopadhyay seconded the motion.

Rai Chunilal Basu, Bahadur, took exception to the Syllabus in Chemistry, instancing several omissions, which, he contended, should be supplied.

The Chairman agreed with him as regards the importance of including Fluorine, Ammonium and Manganese in paragraph 1 of Section II of Clause vi.

The Rev. Dr. John Morrison deprecated the extension, under Clause i, of the course of study to five years after passing the Entrance Examination.

The Chairman explained that the change would not practically affect the present state of things, as, under the rules of the Education Department and Government, only those who had passed the First Examination in Arts were eligible for admission to the Civil Engineering College, Sibpur.

Babu Jogendranath Sen pointed out that, in that view, the change was not necessary.

The Chairman explained that the change had been recommended in view of the future development of the Bihar School of Engineering.

C. R. Wilson, Esq., stated that, from his knowledge of the requirements of the Bihar School of Engineering, he believed that the provision was absolutely necessary.

The Chairman then re-stated his motion with the amendment that, in paragraph 1 of Section II of Clause vi, "Fluorine" be inserted after "Iodine", "Ammonium" after "Sodium," and "Manganese" after "Chromium."

The Rev. Father E. Lafont, S.J., seconded the motion in its amended form, which was carried.

24. The Rev. Father E. Lafont S. J., moved that the unsuccessful candidates at the last B. Sc. Examination may, if they so desire, be permitted to appear at the next B. A. Examination in the B. Course.

In support of the motion, Father Lafont observed that the last was the first occasion on which the B. Sc. Examination had been held, and that it was evident, from the fact that only two students had passed after receiving a training in the Presidency College, that the standard of the Examination was higher than the students or the Professor had conceived. The candidates, therefore, deserved the indulgence he claimed for them, namely, an opportunity to revise their choice. It might be said that they had not studied the English required for the B. Course of the B.A. Examination, but they would not run the risk if they did not believe they could make up in that subject.

The Hon'ble Dr. Asutosh Mukhopadhyay seconded the motion. He would only add, he remarked, that, under Section 12 of the Act of Incorporation, the Senate had clearly the power to grant the concession in question. In making the concession, the Senate would only be proceed-

ing upon the analogy of the permission given to candidates who failed to pass the B.A. Examination in the A. Course to appear in the B.A. Examination in the B. Course after 6 months' attendance at the B. Course lectures.

Rai Chunilal Basu, Bahadur, feared the concession might Act as a deterrent on students wishing to study for the B. Sc. Examination.

Mahamahopadhyay Nilmani Mukerjee hoped that the concession would not create a precedent.

The Chairman remarked that, at all events, the case would be dealt with as a special case.

The Rev. Dr. John Morrison opposed the motion. He asked whether, conversely, candidates who had failed to pass the B.A. Examination would be permitted to appear at the B. Sc. Examination. The culture adapted to the one Examination was not the same as that adapted to the other. The analogy relied on by the Hon'ble Dr. Mukerjee did not hold, because the Examinations were different. Six months' study of English could not make up for the two years' study not availed of.

G. W. Kuchler, Esq., remarked that the papers in Physics, at any rate, at the last B.Sc. Examination, were eminently fair, and that, having regard to the tendency in students to follow their own pleasure and not the guidance of their Professors, the Professors were not astonished at the result of the Examination. He would oppose the concession in the interests of discipline.

Babu Mahendranath Ray supported the Revd. Dr. Morrison's contention and demanded that there should be no departure from the Regulations. Such departures served only to operate as precedents.

The Hon'ble Mr. Justice Gooroo Dass Banerjee, M.A., D.L., pointed out that the proposal was not to confer on the unsuccessful B. Sc. candidates the degree of B.A., but only to permit them to appear at the B.A. Examination. The B. Sc. Examination last held was the first of its kind, and it was proposed only to give the candidates a chance of rectifying the mistake they might have made in their choice. As for discipline, if the discipline exercised by eminent Professors in the B.Sc. Classes for two years was not sufficient it might be dispensed with as not of much value.

The Rev. Father E. Lafont, S.J., briefly replied, pointing out that the B.A. B. Course and the B. Sc. Examination had much in common; that if anything, the candidates asked for permission to appear at a humbler Examination; and that English was not, after all, the most important subject in those Examinations.

The Chairman remarked that the Senate had certainly the power to grant the concession. Having regard to the consideration that the candidates might have been under a misapprehension as to the nature of the B. Sc. Examination and as to their capacity for the test it demanded, the dispensation might be granted as a special case, such as would not provide a precedent for future years.

The motion, on being put to the vote, was carried.

The Hon'ble Dr Asutosh Mukhopadhyay moved that it be recorded that the resolution is passed with special reference to the case of the unsuccessful candidates at the last B. Sc. Examination, and is not to operate as a precedent.

H. M. Rustomjee, Esq., seconded the motion, which was carried.

285. Rai Chunilal Basu, Bahadur, moved that Satchandra Banerjee, who passed the First L.M.S. Examination in 1900, the First M.B. in 1901, and the Second L.M.S. Examination held in April last be permitted to appear at the ensuing Second M.B. Examination without further attendance at lectures, as after passing the First L.M.S. Examination he has attended the same two full courses of lectures as are delivered to the students who after passing the 1st M.B. intend to go up for the 2nd M.B. Examination.

The mover cited a precedent in support of the recommendation.

Major D. Prain seconded the motion.

Dr. Suresprasad Sarbadhikari pointed out that, although the Senate had power to grant the permission in question, it would be in contravention of the Regulations. Special cases seemed to be multiplying, and there should be a limit to them somewhere.

The motion, on being put to the vote, was carried..

286. The Chairman moved that the following recommendations of the Syndicate be adopted :—

- (i) That Mr. A. T. Evarts be admitted to the F.A. Examination without being required to pass the Entrance Examination, on the ground of his having passed the Senior Local Examination of the Cambridge University.
- (ii) That Mr. G. E. H. Arndt be admitted to the F.A. Examination without being required to pass the Entrance Examination, on the ground of his having passed the Senior Local Examination of the Cambridge University.
- (iii) That Miss Alice M. Faber who has passed the Senior Local Examination of the Cambridge University be admitted to the F.A. Examination without being required to pass the Entrance Examination.
- (iv) That Miss Cohen, Miss Muzlie N. Joseph and Miss Rachel F. Dustie be admitted to the F.A. Examination without being required to pass the Entrance Examination, on the ground of their having passed the High School Examination for European Schools in December 1901.

The motion was carried.

287. R. Mitra Esq., LL.B., moved that Mr. S. R. Das, Barrister-at-Law, be elected Tagore Professor of Law for the year 1902-1903, and that the subject of his lectures be the Law of *Ultra vires*.

Babu Jogendrachandra Ghose seconded the motion, which was carried.

288. The Officiating Registrar laid before the Senate the following Report of the Board of Accounts :—

REPORT.

We have examined the accounts of the University for the year 1901-1902 and recommend that intimation be sent to the Comptroller-General that they are ready for audit.

The progress in the financial condition of the University noticed in our last Report was well maintained in the last year. The receipts for the year from all sources amounted, roundly, to Rs. 2,70,220-0-0, against Rs. 2,44,644-0-0 in the previous year, and the expenditure for the year amounted to Rs. 2,30,167-0-0, as against Rs. 2,10,455-0-0 in the previous year. During the year a sum of Rs. 48,831-15-5 was transferred to the Reserve Fund. The year closed with a debit balance of Rs. 4,038-7-7, due to over-investment of that amount on account of the Reserve Fund, which has already been covered by receipts during the current year.

The Reserve Fund, with an investment of Rs. 48,831-15-5 in Government Securities during the year, holds at its credit Government Securities for Rs. 5,55,000-0-0.

We have examined the Bank's Receipts for the Government Securities and other stock standing at credit of the Reserve Fund and the several Endowment Funds of the University.

 „ C. LITTLE.
 „ H. M. RUSTOMJEE.

On the motion of the Chairman, the Report was adopted.

289. The Chairman moved that in the form of Application for admission to the Entrance Examination, on page 94 of the Calendar for 1902, after the heading "Entrance Examination" the following words be added.—

"Form of application to be used only by candidates who appear as students of a High School recognised by the Calcutta University."

He explained that the addition of the words had become necessary as cases had arisen in which private students who should have applied in a form adapted to them, and whose applications should have been forwarded by Inspectors of Schools, had been sent up by Head Masters of Schools using forms of application meant only for students of High Schools.

The motion was carried.

290. The Hon'ble Dr. Asutosh Mukhopadhyay moved that in the Regulations for the M.A. Examination, paragraph 8, page 53 of the Calendar for 1902, the words "including Higher Plane Curves" be inserted after "Analytical Plane Geometry."

He explained that the words had been omitted from the Regulations on the ground that a text-book was not available. It was now proposed to restore them, as a text-book had been published.

Babu Gaurisankar De seconded the motion, which was carried.

MINUTES OF THE SYNDICATE.

FOR THE YEAR 1902-1903.

No. 5.

THE 30TH AUGUST, 1902.

P r e s e n t :

REV. FATHER E. LAFONT, S.J., C.I.E., M.I.F.E., *Senior Member, in the Chair.*

BABU KALICHARAN BANERJI, M.A., B.L.

C LITTLE, ESQ., M.A.

THE HON'BLE DR. ASUTOSH MUKHO-

PADHYAY, M.A., D.L., F.R.A.S.,

F.R.S.E.

BABU JOGENDRACHANDRA GHOSE,

M.A., B.L.

R. MITRA, ESQ., LL.B.

291. The Minutes of the Syndicate, dated the 16th August, 1902, were read and confirmed.

292. Read the Proceedings of the Board of Studies in Biology and Geology, dated the 20th August, 1902.

ORDERED—

To be recorded.

RESOLVED—

(1) That the following Text-books be prescribed for the F.A., B.A. and B.Sc. Examinations in 1905, and for the M.A. Examination in 1904 :—

F. A EXAMINATION, 1905.

BOTANY FOR FEMALE CANDIDATES.

Oliver's First Book of Indian Botany; the whole of Part I and Chapter I of Part II, *vis.*, the Elements of Morphology and Physiology of

Flowering Plants, the principles of their natural Classification, and the Diagnosis and detailed accounts of the following twelve Natural Orders :—

- | | |
|------------------|------------------|
| 1. Anonaceæ. | 7. Compositæ. |
| 2. Rutaceæ. | 8. Apocynæ. |
| 3. Meliaceæ. | 9. Euphorbiaceæ. |
| 4. Leguminosæ. | 10. Scitamineæ. |
| 5. Cucurbitaceæ. | 11. Palmææ. |
| Rubiaceæ. | 12. Gramineæ. |

SANITARY SCIENCE.

The following books are recommended to be used in studying the subject as defined by the Syllabus prescribed :—

- | | | |
|------------------|-----|---|
| Col. K. P. Gupta | ... | Elements of Sanitary Science and Practical Hygiene for the F.A. course. |
| Dr. Banks | ... | Manual of Hygiene for use in India. |

PHYSIOLOGY.

- | | | |
|----------------------|-----|--|
| John Gray M'Kendrick | ... | Elementary Physiology (William and Robert Chambers), omitting Division II (Histology) and Chapters 13 (only the portion on Hearing), 14, and 15 of Division III. |
|----------------------|-----|--|

B. A. EXAMINATION, 1905.

(2) That for the F.A. Examination in 1904, Gregg's Text-book of Indian Botany, pp. 1-224 be replaced by Oliver's First Book of Indian Botany; the whole of Part I and Chapter I of Part II. *viz.*, the Elements of Morphology and Physiology of Flowering Plants, the Principle, of their Natural Classification, and the diagnosis and detailed accounts of the following twelve natural orders:—

- | | | | |
|----------------|-----------------|-------------------|---------------|
| 1. Magnoliaceæ | 4. Sapindaceæ. | 7. Convolvulaceæ. | 10. Lauraceæ. |
| 2. Bixaceæ. | 5. Combretaceæ. | 8. Labiatæ. | 11. Liliaceæ. |
| 3. Meliaceæ. | 6. Compositæ. | 9. Amarantaceæ. | 12. Gramineæ. |

(3) That for the B.A. and B.Sc. Examinations in 1904 and the M.A. Examination in 1903, Rutley's Mineralogy and Rock-forming Minerals be allowed to be substituted for Dana's Text-book of Mineralogy, and Nicholson and Lydekar's Palæontology, Vol. II, be allowed to be substituted for Vol. II of Zittel's Text-book of Palæontology.

(4) That for the B.A. Examination in 1904, Medlicott and Blanford's Manual of the Geology of India, (2nd edition) by Oldham, be added to the Text-books in Geology, both in the Pass and in the Honour Course.

• 293. Read the Proceedings of the Board of Studies in Mathematical and Experimental Physics, dated the 25th August, 1902.

ORDERED—

To be recorded

RESOLVED—

(1) That for the B.A. and B.Sc. Examinations in 1905 the following text-book be prescribed for the Pass and Honour Courses :—

B. A. EXAMINATION, 1905.

MATHEMATICAL AND EXPERIMENTAL PHYSICS.

PASS COURSE.

Ganot ... Physics (16th edition, 1902).

General properties of Matter.—Omitting Books I, II, III, IV, with the exception of Articles 85, 86, 87, 88, 89, 96, 181, 182.

Sound.—The whole book is to be read.

Heat.—Omitting Articles 363, 391, 395, 408, 447, 480, 481, 482, 483, 491, 492, 493, 494, 507, 508, 509.

Light.—Omitting Articles 592, 603, 620, 621, 622, 623, 624, 626, 627, 631, 632, 634, 640, 641, 642, 645, 647, and Chapter VIII.

Magnetism.—Omitting Articles 722, 723, 724, 725, 736, 738, 740.

Frictional and Voltaic Electricity.—Omitting Articles 773, 775, 777, 797, 798, 801, 810, 811, 861, 862, 898, 899, 900, 902, 904, 905, 906, 907, 913, 918, 924—932, inclusive, 943, 965, 968, 969, 970, 985; Chapters XIII, XIV down to 1003; XV, and all the rest.

HONOUR COURSE.

Ganot ... Physics (16th edition, 1902), omitting Chapter XV of Book X and the Elements of Meteorology.

B. SC. EXAMINATION, 1905.

MATHEMATICAL AND EXPERIMENTAL PHYSICS.

THEORETICAL PORTION.

PASS COURSE.

Ganot ... Physics (16th edition, 1902).

General properties of Matter.—Omitting Books I, II, III, IV, with the exception of Articles 85, 86, 87, 88, 89, 96, 181, 182.

Sound.—The whole book is to be read.

Heat.—Omitting Articles 363, 394, 395, 408, 447, 480, 481, 482, 483, 491, 492, 493, 494, 507, 508, 509.

Light.—Omitting Articles 592, 603, 620, 621, 622, 623, 624, 626, 627, 631, 632, 634, 640, 641, 642, 645, 647, and Chapter VIII.

Magnetism.—Omitting Articles 722, 723, 724, 725, 736, 738, 740.

Frictional and Voltaic Electricity.—Omitting Articles 773, 775, 777, 797, 798, 801, 810, 811, 861, 862, 898, 899, 900, 902, 904, 905, 906, 907, 913, 918, 924-932, inclusive, 943, 965, 968, 969, 970, 985, Chapters XIII, XIV down to 1003, XV and all the rest.

HONOUR COURSE.

Ganot Physics (16th edition, 1902), omitting Chapter XV of Book X and the Elements of Meteorology.

(2) That the syndicate recommend to the senate that the following syllabus in Practical Physics be prescribed for the B. Sc. Examination.

PRACTICAL EXAMINATION.

No text-books are prescribed. The examination will be conducted with reference to the following syllabus :—

PASS COURSE.

[About 10 lessons.]

Use of Logarithm Tables.

Method of drawing curves.

Construction of Scales and Verniers.

Measurement of Length by $\left\{ \begin{array}{l} \text{Calliper.} \\ \text{Screw-gauge.} \\ \text{Spherometer.} \\ \text{Verniers.} \end{array} \right.$

Measurement of areas by plotting on curve paper.

Measurement of angles by } Protractors.
Verniers.

Laws of simple Pendulum. Value of g .

Atwood's Machine—

Use of Balance—Sp. gr. of solids heavier than water.

“ ” lighter than water.

liquids by sp. gr. bottle.

Verification of Law of Archimedes.

Nicholson's Hydrometer.

Hare's apparatus for specific density of liquids.

[About 8 lessons.]

Temperature corrections of Barometer.

Boyle's Law.

Melting point of solids.

Determination of fixed points of Thermometers.

Water equivalent of Calorimeters.

Specific heat of solids.

Latent heat of water.

Latent heat of steam.

• *Sound, 2 lessons—*

Velocity of sound by resonant columns.
 Sonometer—Verification of its laws.

Light, 5 lessons—

Laws of reflection.
 Plain and Concave Mirrors. Focal Length and Radius of curvature of Concave Mirrors.
 Bunsen's and Rumford's Photometers.
 Refractive index of glass plates.
 Focal length of Convex lenses.
 Production of a pure Spectrum.

Magnetism, 4 lessons—

Simple laws of Magnetism.
 Methods of Magnetisation.
 Construction of Magnetic curves.
 Comparison of Magnetic moments.
 Simple measurement of Dip.

4 lessons—

Electro-statics. Simple Laws. Electroscopes.
 Experiments on Induction. Phenomena of a Hollow Conductor.
 Ordinary Frictional and Influence Machines.
 Leyden Jars.

6 lessons—

Use of Primary and Secondary Cells.
 Magnetic effect of currents, Ampere's rule, &c.
 Tangent Galvanometers.
 Measurement of Resistance by Metre Bridge.

HONOURS COURSE.

All the Experiments in the Pass Course.
 Laws of Inclined Plane.
 Laws of Friction.
 Verification of Hooke's Law—"ut tensio sic vis."

Use of Balance—

Weighing by oscillations, with accuracy.
 Borda's method of weighing.
 Corrections for air displaced.
 Measurement of linear co-efficient of expansion of solid metals.
 Measurement of co-efficient of increase of pressure of a gas at constant volume.
 Measurement of specific heat of liquids by method of cooling.
 Finding of dew-point and humidity with Daniell's and Regnault's Hygrometer.
 Focal length of concave lenses.
 Adjustment of simple optical instruments.
 Measurement of magnifying power.
 Measurement of angles and refractive Index by Spectrometer.
 Measurement of Magnetic dip with corrections.
 Distribution of Magnetism along a Magnet.
 Determination of Magnetic moment and horizontal force.
 Measurement of Resistance, Current and E. M. F.
 Ohm's Law. Shunts. Ammeter and Voltmeter (calibration of).
 Electro-chemical equivalents of copper and water.
 Determination of galvanometer constants.
 Elementary knowledge of the working of dynamos.

(3) That no text-books be named for the Practical Examination in Physics at the B. Sc. Examination in 1905, but that the Examination be conducted with reference to the following syllabus:—

294. Read the Proceedings of the Library Committee, dated the 25th August, 1902.

ORDERED—

To be recorded.

RESOLVED—

(1) That the purchase of the books recommended by the Library Committee be sanctioned.

(2) That Babu Kisorilal Sarkar, Vakil, High Court, Calcutta, be permitted to use in the building any books

from the University Library that might be of service to him in the preparation of his books in Hindu Philosophy, but not to remove them from the building.

295. Read the following Report of the Board of Examiners for the B.E. Examination, 1902:—

" FROM

THE BOARD OF EXAMINERS FOR THE
B. E. EXAMINATION,

TO

THE REGISTRAR, CALCUTTA UNIVERSITY.

Calcutta, the 20th August, 1902.

SIR,

We have the honour to submit, for the approval of the Hon'ble the Vice-Chancellor and the Syndicate, the results of the B.E. Examination.

The number of candidates registered for the Examination was 28, of whom 13 passed and 14 failed, and 1 was absent. Of the successful candidates, 5 were placed in the First Division and 8 in the Second.

The Examination has been conducted in accordance with the instructions contained in our letters of appointment.

We have, &c.,

(Sd.) C. LITTLE, *Chairman*.
" W. BANKS-GWYTHYER.
" G. W. KUCHLER.
" P. N. BOSE.
" E. R. GARDINER."

The Officiating Registrar stated that in anticipation of the orders of the Syndicate he had published the names of the successful candidates in the Gazette.

RESOLVED—

That the Report be adopted and the action of the Officiating Registrar be approved.

The following are the names of the successful candidates:—

FIRST DIVISION.
(*In Order of Merit*).

Kar, Upendranath	... Civil Engineering College, Sibpur.
Deb, Munindranath	Ditto.
Nandi, Kalicharan	Ditto.
Chattopadhyay, Herambanath	Ditto.
" Madhusudan	Ditto.

SECOND DIVISION.

(In Order of Merit).

Sinha, Mahendranath	... Civil Engineering College, Sibpur.
Sen, Satischandra	Ditto.
Chaudhuri, Jamininath	Ditto.
Chattopadhyay, Nagendranath	Ditto.
Sengupta, Jaminikanta	Ditto.
Stone, T. A. F.	Ditto.
Chakrabarti, Munindranath	Ditto.
Sarma, Rohindranath	Ditto.

296. On the results of the B.E. Examination in 1902, the Trevor Testimonial and the Ambikacharan Chaudhuri medals were awarded to Manindranath Deb and Upendranath Kar, respectively.

297. Read a letter from the President of the Faculty of Law, nominating Walter Gregory, Esq., B.A., Barrister-at-Law, for appointment as an Examiner at the ensuing B.L. Examination in the place of H. Knight, Esq., resigned.

RESOLVED—

That Walter Gregory, Esq., B.A., be appointed an Examiner at the ensuing B.L. Examination in the place of H. Knight, Esq., resigned.

298. The undermentioned gentlemen were appointed Examiners to set and examine papers in Latin at the M.A. Examination in 1902 :—

The very Rev. Father A. Neut, S.J.

H. Stephen, Esq., M.A.

299 The undermentioned gentlemen were appointed Examiners to look over answer papers at the M.A. Examination in 1902 :—

ENGLISH.

300. Read a letter from the President and the Secretary of the Board of Trustees of the North-western University at Evanston, Chicago, requesting that one or more Delegates may be appointed to take part in the installation of the President of the University on the 19th, 20th and 21st of October, 1902.

RESOLVED—

That the thanks of the Syndicate be conveyed to the President and the Secretary of the Board of Trustees of

the North-western University at Evanston, Chicago, for their invitation, with an expression of regret that the Syndicate are not in a position to appoint any Delegates.

301. The Officiating Registrar laid on the table the letters from Mr. E. F. Mondy and Mr. P. Brühl having reference to the last B.A. Pass Examination in Physics, together with the remarks made thereon by the Rev. Father E. Lafont, S.J., C.I.E., M.I.E.E., and Alex. Pedler, Esq., C.I.E., F.R.S.

ORDERED—

To be recorded.

302. Read an endorsement from the Officiating Principal, Presidency College, forwarding an application from Tanu Sinha Manipuri, one of the successful candidates at the last B.A. Examination from the above College, claiming the Vidyasagar Medal, as Panchanan Ghoshal, to whom the Medal has been awarded, not being a *bonâ-fide* student of the Presidency College, is not entitled to it.

RESOLVED—

That the application be rejected.

303. Read a letter from the Secretary, Daulatpur Hindu Academy, requesting that, in view of the fact that the Government of India have deferred the consideration of the resolution of the Syndicate recommending the affiliation of the above Institution up to the F.A. standard, such orders may be passed as may enable the students at present reading in the 2nd year F.A. class of the Institution to appear at the forthcoming F.A. Examination.

RESOLVED—

That, under the circumstances, the students at present reading in the 2nd year F.A. class of the Daulatpur Hindu Academy be permitted to appear at the ensuing F.A. Examination.

304. Read a letter from the Officiating Principal, Duff College, forwarding an application from Prabhakar Patra, praying that his admission into the 1st year class of the above named College on the 6th August may be sanctioned.

ORDERED—

That the application be granted.

305. Read a letter from the Principal, Metropolitan Institution, forwarding applications from certain students who have been provisionally admitted into the 1st year class of the Institution after the 31st July, praying that they may be permitted to count their attendance for the present session.

ORDERED—

That the application be granted.

306. Read an endorsement from the Principal, City College, Calcutta, forwarding an application from Nagen-dranath Banerjee, praying that his admission into the 1st year class of the above named College on the 16th August may be sanctioned.

ORDERED—

That the application be granted.

307. Read an endorsement from the Principal, Victoria College, Cooch-Bihar, forwarding an application from Chandrahansa Das, praying that his admission into the 3rd year class of the above named College on the 14th August may be sanctioned.

ORDERED—

That the application be granted.

308. Read an endorsement from the Principal, Morris College, Nagpur, forwarding an application from Dinkar Damodar Katate, praying that his admission into the 1st year class of the above named College on the 20th August may be sanctioned.

ORDERED—

That the application be granted.

309. Read an endorsement from the Principal, Hislop College, Nagpur, forwarding an application from Md.

Mahfzul Bari, praying that his admission into the 1st year class of the above named College after the 31st July, may be sanctioned.

ORDERED—

That the application be granted.

310. Read a letter from the Principal, Berhampur College, forwarding an application from Abdul Aziz, praying that his admission into the 3rd year class of the above named College on the 11th August may be sanctioned.

ORDERED—

That the application be granted.

311. Read a letter from the Principal, Albert College, forwarding an application from Nirdbaran Biswas, praying that his admission into the 1st year class of the above named College on the 1st August may be sanctioned.

ORDERED—

That the application be granted.

312. Read an endorsement from the Principal, Victoria College, Comilla, forwarding an application from Kalikumar Bhattacharyya, praying that his admission into the above named College on the 16th August may be sanctioned.

ORDERED—

That the application be granted.

313. Read a letter from the Principal, Raj Chandra College, recommending that Gopal Chandra Bhattacharyya, who, under the circumstances therein set forth, was transferred from the 2nd year to the 1st year class on the 15th August, may be permitted to count his percentage of attendance from the date of his transfer.

ORDERED—

That the application be granted.

314. Read endorsements from the Officiating Principal, Patna College, forwarding applications from Bishun Deo

Narayan Singh, Mohiuddin Khoda Buksh, Imamuddin, Md. Shamsuddin, Habibur Rahman and Abdul Jalil, praying that they may be allowed to take up Sanitary Science as their Optional subject at the F.A. Examination without attending lectures in it, as it is not taught in the above named College.

ORDERED—

That the applications be refused.

315. Read an endorsement from the Officiating Principal, Patna College, forwarding an application from Narendranath Sinha, praying that he may be permitted to take up Physiology as his Optional subject without attending lectures in it, as it is not taught in the above College.

ORDERED—

That the application be refused.

316. Read an endorsement from the Prefect, College Department, St. Xavier's College, forwarding an application from Syed Mohamad Mohsin, praying that he may be permitted to take up Sanitary Science at the next F. A. Examination without attending lectures in the subject, as it is not taught in the above named College.

ORDERED—

That the application be refused.

317. Read endorsements from the Prefect, College Department, St. Xavier's College, forwarding applications from Tun Hla and Hla Aung, praying that, under the circumstances therein set forth, they may be allowed to take up Pali as their Second Language at the next F. A. Examination without attending lectures in the subject, as it is not taught in the above College.

ORDERED—

That the applications be granted.

318. Read an endorsement from the Prefect, College Department, St. Xavier's College, forwarding an application from Jitendralal Basu, who having completed the prescribed percentage of attendance in all the subjects,

including Logic (Optional), failed to appear at the last F.A. Examination, praying that he may be permitted to take up Sanitary Science instead of Logic at the ensuing F. A. Examination without being required to attend lectures in the subject, as it is not taught in the above College.

ORDERED—

That the application be refused.

319. Read an endorsement from the Principal, T. N. Jubilee College, Bhagalpur, forwarding an application from Asutosh Sarkar, an unsuccessful candidate at the B. A. Examination in 1895, praying that he may be permitted to take up Sanskrit instead of Mathematics at the ensuing B. A. Examination.

ORDERED—

That the application be granted.

320. Read an endorsement from the Principal, Bangabasi College, forwarding an application from Ambikacharn Chakrabarti, praying that he may be permitted to take up French as his Second Language at the next F. A. Examination without attending lectures in the subject, as it is not taught in the above College.

ORDERED—

That the application be granted.

321. Read an endorsement from the Officiating Principal, Duff College, forwarding an application from Nani-lal Bhattacharyya, a student in the 3rd year B. A. class in the above named College, praying that he may be permitted, under the circumstances therein stated, to give up the B. Course and take up the A. Course instead.

ORDERED—

That the applicant is at liberty to take up the A. Course, but his percentage of attendance must be counted on the A. Course lectures delivered in the College from the commencement of the session, save that he will have the benefit of his attendance at the B. Course lectures on subjects common to the two Courses.

322. Read an endorsement from the Principal, Rajshahi College, forwarding an application from Abdul Kaddus Sarkar, who, on account of illness, was prevented from attending lectures in the 2nd year class last session from December, 1901, and has, in consequence, fallen short of the prescribed percentage of attendance in Logic by .16 praying that he may be permitted to appear at the ensuing F. A. Examination without being required to attend further lectures in Logic.

ORDERED—

That the application be refused.

323. Read an endorsement from the Principal, B. N. College, Bankipur, forwarding an application from Ak-houri Raghubar Dayal, an unsuccessful candidate at the Intermediate Examination of the Allahabad University, who is attending the 2nd year class of the above named College since the 1st of July last, praying that he may be permitted either (1) to appear at the ensuing F. A. Examination or at the F. A. Examination in 1904 on his prosecuting a regular course of study for one session or for two sessions in the 2nd year class or (2) to have his name transferred from the 2nd to the 1st year class and to count the attendance already scored by him in the 2nd year class since the date of his admission towards the qualifying percentage of attendance for two academical years.

ORDERED—

That the second alternative prayer of the applicant be granted.

324. Read an application from Atulchandra Mukerjee, an unsuccessful candidate at the last B. A. Examination, praying that he may be permitted to complete his six months' service as a *bona-fide* teacher in an English school by the end of February next, in order to be eligible for admission to the ensuing B.A. Examination.

ORDERED—

That the application be granted.

325. Read an application from Nripendranath Basu, an unsuccessful candidate at the last F. A. Examination,

- praying that he may be permitted to appear at the ensuing F. A. Examination as a teacher on his serving in that capacity in an English school from the 25th August to the 23rd of February next.

ORDERED—

That the application be granted.

326. Read an endorsement from the Principal, B. N. College, Bankipur, forwarding an application from Ak-houri Udaya Prakas Sinha, who after passing the Entrance Examination of this University appeared at the Intermediate Examination of the Allahabad University last year, but was unsuccessful, praying that his admission into the 2nd year class of the above named College may be sanctioned, so that he may appear at the ensuing F.A. Examination of this University

ORDERED—

That the application be refused, but the applicant may take his admission into the 1st year class.

RESOLVED—

That the Officiating Registrar be instructed to inform *Babu Harendranath Datta* that, in the opinion of the Syndicate, the scheme proposed by him is not covered by the terms of the trust deed, and that, therefore, they are unable to accept it, but that they are prepared to consider a scheme framed in accordance with the trust deed.

402. Agreeably to a Resolution of the Syndicate, dated the 21st June, 1902, the Officiating Registrar brought up for consideration the question of the desirability of appointing Head Examiners in the different subjects for the F. A. Examination and a letter from Mr. A. Thomson, M.A., F.A. Tabulator, showing to what extent there has been a want of uniformity in the system of marking adopted by the Examiners at the F. A. Examination in recent years; also laid before the Syndicate letters from the Head Examiners at the recent Entrance Examination, showing that none of the Sub-Examiners acted in contravention of Rule 14 of the Rules for Examinations, but that some of the Examiners, as pointed out by the Head Examiner in English, are in the habit of sending only a small portion of the marks each week to the Head Examiners, reserving the bulk of the results till the last date fixed by the Syndicate, which necessarily retards the work of the Head Examiners and delays the publication of the results.

RESOLVED—

(1) That, in future, Head Examiners be appointed in the different subjects of the F. A. Examination, it being understood that due care will be exercised in the selection of Head Examiners, so that they may be acceptable to the Sub-Examiners.

(2) That an amendment of Rule 14 of the Rules for Examinations (p. 148, Calendar for 1902), with a view to secure that, in accordance with the spirit of the rule, a proportionate number of pages of the roll is sent at the end

of the week, be laid before the Syndicate for consideration at the next meeting.

43. The Officiating Registrar enquired whether the additions to the Rules for Examinations suggested by Mr. A. Thomson, F. A. Tabulator, were to be adopted.

RESOLVED—

That the proposals be put into shape for incorporation, if necessary, into the Rules, printed and circulated, and re-submitted for consideration at the next meeting.

404. Read a letter from Mr. B. Heaton, Professor, Civil Engineering College, Sibpur, recommending Mr. C. E. Dozey's Book on Model Drawing for adoption as an alternative text-book for the Entrance Examination.

RESOLVED—

That Mr. C. E. Dozey's Book on Model Drawing be adopted as an alternative text-book in Drawing for the Entrance Examination.

405. Read a letter from the Principal, Civil Engineering College, Sibpur, returning a letter from the Commanding Royal Engineer, Cordite Factory District, Conoor, and stating that the standard required for a Sub-Engineer's Certificate at the Roorkee College in both Mathematics and Science is considerably below that laid down for the F. E. Examination of this University and that consequently he does not see his way to support the request made in the above letter that a holder of the above mentioned certificate be permitted to present himself for the L. E. Examination of this University.

RESOLVED—

That in accordance with the view expressed by the Principal, Civil Engineering College, the Commanding Royal Engineer, Cordite Factory District, Conoor, be informed that the holder of a Sub-Engineer's Certificate at the Roorkee College cannot be permitted to present himself for the L. E. Examination without passing the F. E. Examination of this University.

406. Read an endorsement from the Officiating Principal, Uttarpara College, forwarding an application from

Haricharan Chattopadhyay, stating that Jyotishchandra Ganguli, to whom the Biharilal Basu Scholarship for 1901 was awarded and who drew the Scholarship up to December, 1901, has given up his studies and has been working as a clerk in the E. I. Railway since July last, and praying that under the circumstances the Scholarship for the remainder of the term may be awarded to him as the next best student of his year.

ORDERED—

That the application be refused.

407. Read a letter from the Director of Public Instruction, Bengal, forwarding his report on the allegations made in the letter from the late Principal of the Rajchandra College, Barisal, dated the 26th March, 1902.

ORDERED. —

That the Officiating Registrar be instructed to forward to the Proprietor of the College a copy of the Report of the Director of Public Instruction on the letter addressed to the Syndicate by the late Principal of the College, and to inform him (1) that, in the opinion of the Syndicate, the College should at once be placed under a responsible Committee of Management; (2) that the Committee he may accordingly appoint should undertake to carry out, within a reasonable time, the various reforms suggested in the Director's Report, and should report to the Syndicate within one month of their appointment, the steps they propose to take in that behalf; (3) that, in default of the appointment of such Committee and of such undertaking on the part of the Committee, the Syndicate would have to consider the question of the connection of the College with the University; and (4) that a reply to this communication will be expected before the 6th December, on which date the next meeting of the Syndicate will be held.

408. Read a letter from the Director of Public Instruction, Assam, forwarding with his recommendation an application for the recognition of the Nazira High School.

ORDERED—

That the Nazira High School be recognised as a High School.

409. Read an application for the recognition of the Point Pedro H. E. School, Jaffna, supported by a certificate from the Government Inspector of Schools, Jaffna.

ORDERED—

That the Point Pedro High School be recognised as a High School.

410. Read a letter from the Inspector of Schools, Burdwan Division, forwarding with his recommendation an application for the recognition of the Bagnapara H. E. School in the District of Burdwan.

ORDERED—

That the Bagnapara High School be recognised as a High School.

411. Read a letter from the Officiating Inspector of Schools, Rajshahi Division, returning with his remarks a representation from some of the members of the Managing Committee of the Pakuria H. E. School, protesting against the proposed recognition of the Sahapur H. E. School in the District of Pabna

ORDERED—

That the Sahapur High School be recognised as a High School.

412. Read a letter from the Inspector of Schools, Dacca Division, reporting that the High English School at Kaliganj in the District of Dacca has been named, "The Kaliganj Raja Rajendranarayan H. E. School."

ORDERED—

To be recorded.

413. Read a letter from the Officiating Inspector of Schools, Rajshahi Division, stating that the Radhanagar Majumdar Academy has forfeited the right of competing for Junior Scholarships at the ensuing Entrance Examination owing to flagrant breaches of the transfer rules.

ORDERED—

To be recorded.

414. Read a letter from the Honorary Secretary, Bombay Circle Litteraire Francais, forwarding copy of a representation to His Excellency the Viceroy and Governor-General in Council on the subject of the exclusion of the French language from the University course as recommended by the Indian Universities Commission, and requesting that the same may be laid before the Syndicate.

ORDERED—

To be recorded.

415. Read a letter from the Lady Principal, Bethune College, enquiring whether a female pupil, who has her name enrolled in a College, but systematically absents herself from the lectures, may be sent up as a pupil of the College.

ORDERED—

That the Lady Principal, Bethune College, be informed that she is not bound to send up such a pupil as a pupil of the College.

416. Read a letter from Mr. S. C. Bagchi, B. A., enquiring whether he can sit for the M. A. Examination of this University in Mathematics next year at Cambridge.

ORDERED —

That Mr. Bagchi be informed that such an arrangement cannot be sanctioned.

417. Read an endorsement from the Officiating Principal, Patna College, forwarding an application from Syed Md. Abdur Rub, requesting permission to take up Arabic as his second Language at the B.A. Examination in 1904 without being required to attend lectures in the subject, which is not taught in the Patna College.

ORDERED—

That the application be granted.

418. Read an endorsement from the Prefect, College Department, St. Xavier's College, forwarding an application from Ezekiel Cohen, who, after prosecuting his studies in the 1st year class of the above College from

June 1900 to March 1901, was obliged to give up his studies, praying that he may be permitted to join the above-named College with a view to prepare himself for the F.A. Examination of 1904.

ORDERED—

That the application be granted.

419. The Officiating Registrar laid before the Syndicate a telegram from the Principal, Bihar National College, Bankipur, requesting sanction to the admission of Awadh-kumar Sinha, an unsuccessful candidate at the last B. A. Examination, into the 4th year class of the above-named College on the 30th September, 1902.

ORDERED—

That the admission be sanctioned.

420. Read a letter from the Principal, Rajchandra College, Barisal, requesting that under the circumstances therein set forth, the application and fee submitted by Jogendranath Sen for admission to the ensuing B. L. Examination may be refunded as the candidate will not be able to appear at the Examination owing to ill health.

The Officiating Registrar reported that he had received several other applications for refund of B. L. fees, including one from the father of a candidate named Charuchandra Mitra, who had died of cholera.

ORDERED—

That the fee deposited by Charuchandra Mitra be refunded to his father, but that all the other applications be refused.

421. The Officiating Registrar re-submitted for orders an application from Jogendranath De, praying that his attendance at the Murarichand College during certain months, for which the Principal of that College has refused to give him credit, may be counted towards his qualifying percentage of attendance, together with a letter of explanation from the Principal, Murarichand College, Sylhet, to whom the matter was referred by an order of the Syndicate dated the 30th August, 1902.

ORDERED—

That the application be rejected.

422. Read a letter from the Officiating Inspector of Schools, Presidency Division, forwarding an application from Babu Harendrakumar Chatterjee, who has been serving as a teacher in the Barisa H. E. School from the 8th September last, and enquiring whether, under the circumstances therein stated, the applicant may be permitted to appear at the ensuing B. A. Examination provided he produces a certificate from the Secretary of the above-named School that he will continue to serve as a *bond-fide* teacher in the School up to the 7th of March next.

ORDERED—

That the application be granted.

423. Read an application from Sarbaranjan Sidhanta, Officiating Head Master, Mainam M. E. School, and an unsuccessful candidate at the last F. A. Examination, praying that he may be permitted to appear at the ensuing F. A. Examination as a teacher on his completing his 6 months' service on the 16th of February next.

ORDERED—

That the application be granted.

424. Read a letter from Dineschandra Bhattacharyya, who has been serving as a teacher in the Jamirta H. E. School since the 14th of September last, praying that he may be permitted to appear at the ensuing B. A. Examination as a teacher.

ORDERED—

That the application be granted.

ORDERED—

That the application be granted.

• 426. Read an endorsement from the Principal, City College, Mymensingh Branch, forwarding an application from Jaminikisor Majumdar, praying that, under the circumstances therein stated, the break in his period of study for one month may be condoned.

ORDERED—

That the application be granted, but that the lectures delivered in the College during the applicant's absence be included in calculating his percentage of attendance.

427. Read an endorsement from the Principal, Duff College, forwarding an application from Jogeschandra Chatterjee, who after passing the Intermediate Examination of the Punjab University, read in the 3rd year B. A. class of the Delhi College up to the end of October last, praying that under the circumstances set forth in the application, his admission into the 3rd year B. A. class of the Duff College on the 13th of November may be sanctioned, with a view to enable him to appear at the B. A. Examination of this University in 1914.

ORDERED—

That the admission be sanctioned but that the lectures delivered in the College prior to the applicant's admission be included in counting his percentage of attendance.

428. Read an application from M. C. Chinnappa, B. A. (Madras), requesting permission to appear at the M. A. Examination of the Calcutta University.

ORDERED—

That the application be granted.

429. Read a letter from the Principal, Rajchandra College, Barisal, requesting that, under the circumstances therein set forth, Umeschandra Datta and Sasikumar Guha who presented themselves for admission into the 1st class of the Rajchandra Collegiate School on the 1st of September last on production of the usual transfer certificates from another school in the district may be permitted to appear at the next Entrance Examination as regular students of the Collegiate School.

ORDERED—

That the permission applied for be granted.

430. Read an application from Saber Ali, praying that his father having changed his name from "Panchu Biswas" to "Muhammad Ibrahim" a corresponding change may be made in his application for admission to the Entrance Examination in 1898.

ORDERED—

That the applicant be called upon to submit an affidavit in support of the change in his father's name.

431. Read an application from Mohsin Hoosain, supported by an affidavit made before a Magistrate, praying that the mistake made by him in stating his age in his application for admission to the Entrance Examination in 1901 may be rectified.

ORDERED—

That the application be refused.

432. Read a letter from the Rev. Dr. John Morrison, M.A., D.D., Chairman of the Conference of Arts College Teachers, requesting that the above Conference may be allowed to meet at the Senate House on the 1st and 2nd December at 5 P.M., to discuss the Report of the Indian Universities Commission.

ORDERED—

That the request be complied with.

433. Read a letter from Mr. Bernard Quaritch, offering a set of Hansard's Parliamentary Debates from the beginning up to the year 1893 (lacking Vol. 356 of the 3rd series) for £120 nett.

ORDERED—

That Mr. Bernard Quaritch be informed that the University Library has already been supplied with the books.

434. Read a letter from Messrs. R. Cambary & Co., offering a complete set of the "Parliamentary Papers relating to India" from 1772-1850 in 104 volumes for Rs. 2,500.

ORDERED—

That the offer be not accepted.

435. Read a letter from the Manager, Indian Press, Allahabad, forwarding a copy of "Ganjina-I-Farsi," Part III, by Maulvi Mohamed Ilahi Bakhsh Qarin and requesting that the book may be laid before the Board of Studies in Arabic, Persian and Urdu.

ORDERED—

That the book be referred to the Board of Studies in Arabic, Persian and Urdu.

436. Read an application for the recognition of the Palasdanga H. E. School supported by a certificate from the Inspector of Schools, Burdwan Division.

ORDERED—

That the Palasdanga High School be recognised as a High School.

437. With reference to the withdrawal of the certificate granted to Mounq Gyi for his admission to the B.L. Examination, the Officiating Registrar stated that the Principal of Rangoon College had inquired whether, having reference to the previous confidential correspondence, it was intended to imply that the difficulty would be permanently operative.

ORDERED—

That the Officiating Registrar be instructed to inform the Principal of Rangoon College that for the purposes of any future Examination he is free to sign the certificate without any explanation, if, with reference to the time being, he has no hesitation to make the declaration required, and, in his judgment, the past need no longer be taken into account.

438. The Officiating Registrar reported that Babu Mahabir Sahay, B.L., one of the Examiners appointed for the B.L. Examination, had died, and that on the nomination of the President of the Faculty of Law, he had appointed Babu Saradaprasanna Ray, M.A., B.L., in the place of Babu Mahabir Sahay, deceased.

ORDERED—

That the action of the Officiating Registrar be approved.

439. The Officiating Registrar stated that it was necessary to make certain structural additions to two of the office rooms for purposes of greater security.

ORDERED—

That the structural additions be sanctioned, and that the Executive Engineer in charge of the building be requested to carry them out.

449. The Officiating Registrar re-submitted for consideration certain proposed additions to the Rules for Examinations.

On the motion of the Hon'ble Dr. Asutosh Mukhopadhyay, M.A., D.L., F.R.A.S., F.R.S.E., it was resolved—

I. That the following paragraph be added to Rule 3 of the Rules for Examinations (Calendar for 1902, p. 147):—

“Head Examiners shall be appointed to superintend the work of the F.A. Examiners, one in each of the following subjects:

- (i) English.
- (ii) Mathematics.
- (iii) Sanskrit.
- (iv) Physics.
- (v) Chemistry.
- (vi) History.
- (vii) Logic.”

II. That in paragraph 11 of the said Rules, for the words "in the case of the Entrance Examination," be substituted the words "in the Entrance and F.A. Examinations."

III. That to the Rules for the First Examination in Arts (Calendar for 1902, pp. 151-152), the following new Rules be added :

"6. The Head Examiner shall determine, in consultation with the F.A. Examiners in his subject, the method of marking the answer papers of the candidates.

For this purpose a meeting of the Examiners in each subject shall be held as soon as possible after the close of the Examination, at which provisional rules shall be drawn up. After this meeting, each Examiner shall look over a certain number of papers (the number to be determined at the meeting), and shall submit them to the Head Examiner for re-examination. After he has re-examined these papers, the Head Examiner shall call another meeting for the final determination of the rules. A copy of these rules shall be sent to each F.A. Examiner and to the Registrar.

7. Each Head Examiner shall re-examine 5 per cent. of the answer papers looked over by each of the F.A. Examiners in his subject, with a view to see whether they are working uniformly according to the method indicated, and shall direct, if necessary, any Examiner to conform strictly to that method.

The re-examination of the answer papers shall be conducted in the following manner :—

Every F.A. Examiner shall, as soon as he finishes the examination of about 100 papers, send them with the corresponding pages of his roll to his Head Examiner, who shall examine at least five papers taken at random out of them, and shall give the examiner any further instructions he may deem fit, or shall return the remaining papers for re-examination, if he is of opinion that the rules have not been complied with. The same course shall be followed with every subsequent batch of 100 papers.

8. In no case shall the Head Examiner increase or diminish the marks assigned to any paper by an F.A. Examiner without himself examining that paper.

9. In case of a difference arising between a Head Examiner and an F.A. Examiner, an appeal shall lie to the Moderators.

10. Every F.A. Examiner must remain in Calcutta as long as his services are required by his Head Examiner.

11. The Head Examiner shall forward to the Registrar by instalments the marks or totalised marks, as the case may be, in his subject, with observations on those cases which he may deem worthy of special consideration.

In order to avoid delay in the submission of the totalised marks, Head Examiners are requested to see that the F.A. Examiners look over the papers of candidates in the order in which their names appear in the rolls (General Rule 13)."

IV. That to Rule 14 of the Rules for Examinations (Calendar for 1902, p. 148), the following be added after the first sentence :

“The number of papers examined each week is expected to be fairly proportionate to the total number of papers to be examined within the time prescribed.”

V. That in Rule 16 (Calendar for 1902, p. 149), the following be added to the first paragraph.

“In the case of the B.A. Examination 40 half-papers shall, for the purposes of this Rule, be taken equivalent to 25 papers.

Where an Examiner has over 100 papers or half-papers to re-examine, he shall send in the marks of these papers by instalments of 100 or less, as the re-examination of them is completed.”

VI. That the following additions be made to the Table of Remuneration to Examiners, under the heading F.A. Examination (Calendar for 1902, pp. 169-170.)

“Head Examiner’s Fee* in English, Mathematics, Sanskrit	.Rs. 500
Head Examiner’s Fee* in Physics, Chemistry, History, Logic	250”

450. Read a letter from the Principal, Civil Engineering College, Sibpur, recommending that the Sibley Scholarship for 1902 may be awarded to T. A. F. Stone, who after passing the B. E. Examination in August last, has elected to undergo one year’s course of practical training in the workshops attached to the above-named College and is at present working in the electrical laboratory; also stating that no student will take up the Mining Course this year.

ORDERED—

That the Sibley Scholarship for 1902 be awarded to T. A. F. Stone.

451. Read an endorsement from the Principal, Civil Engineering College, Sibpur, forwarding an application from T. A. F. Stone, requesting that definite rules may be framed for the conduct of the Examination for Honours in Engineering.

ORDERED—

That it is not necessary to furnish further information than is contained in the Regulations.

* The fee of a Head Examiner for re-examining an answer paper is equal to the fee allowed for examining it.

The remuneration to be paid to a Head Examiner in any subject for the work of re-examining the answer papers is limited to the amount which will be due to him for examining 5% of the papers in that subject.

452. Read a letter from the Inspector of Schools, Burdwan Division, returning with his recommendation an application for the recognition of the Dwarkanath H. E. School, Agoonshi, in the District of Howrah.

ORDERED—

That the Dwarkanath H. E. School, Agoonshi, Howrah, be recognised as a High School.

453. Read a letter from the Inspector of Schools, Presidency Division, enclosing a transfer certificate granted to Mg. Kyan Yanoo, showing that he left the Municipal High School, Akyab, from the VIII Standard class on the 19th of May last, and enquiring whether the student can, on the strength of that certificate, be admitted into the 1st Class of a Higher Class English School here.

ORDERED—

That the Inspector of Schools, Presidency Division, be referred to the Director of Public Instruction, Bengal, for the information.

454. Read an endorsement from the Officiating Principal, Medical College, Calcutta, forwarding an application from Rajendrachandra Datta, who, after passing the F. A. Examination of the Calcutta University in 1898, joined the Lahore Medical College, where he has passed the Preliminary Scientific and First L. M. S. Examinations, and is now reading in the 5th year class, praying that he may be permitted to join the 5th year class of the Calcutta Medical College.

ORDERED—

That the applicant's certificates of passing the Preliminary Scientific and First L. M. S. Examinations be accepted, but that the disposal of his prayer for permission to join the 5th year class of the Calcutta Medical College be left in the hands of the Principal of the College.

455. Read a letter from the Principal, P. M. College, Tangail, forwarding an application, supported by a Medical Certificate, from Debnath Kar, praying that, as on account of ill-health he was unable to join an affiliated Institution before the 1st of August, his admission into the 1st

year class of the above-named College on the 13th September last may be sanctioned, with a view to enable him to count his attendance for the current session.

ORDERED—

That the application be granted.

456. Read an endorsement from the Principal, Ravenshaw College, Cuttack, forwarding an application from John Patra, who was a student in the 1st year class of the above-named College from June, 1896, to 19th February, 1897, and attended more than 66 per cent. of the lectures delivered in each subject during the year, but who subsequently discontinued his F. A. studies, praying that he may be permitted to join the 1st year class of the above-named College now, and that the 8 months of attendance during 1896-1897 and the 4 months during which he will be in the present 1st year class may be taken together as one session.

ORDERED—

That the application be refused.

457. Read a letter from Mr. L. H. Proud, inquiring whether a student who has obtained certificates of the Third and Second Classes of the College of Preceptors may be permitted to appear at the F. A. Examination as a private student.

ORDERED—

RESOLVED ALSO—

That the recommendation of the Board of Examiners *re* scientific subjects for the M.A. Examination be referred to the Faculty of Arts.

487. Read the following report of the Board of Examiners for the B.L. Examination, 1902:—

FROM

THE BOARD OF EXAMINERS FOR THE
B. L. EXAMINATION,

TO

THE REGISTRAR, CALCUTTA UNIVERSITY.

Calcutta, the 16th January, 1903.

SIR,

We have the honour to submit, for the approval of the Hon'ble the Vice-Chancellor and Syndicate, the results of the B.L. Examination.

• The number of candidates registered for the Examination was 704, of whom 352 passed, 296 failed, and 56 were absent. Of the successful candidates 25 were placed in the First Division and 327 in the Second.

We are of opinion that Prandhan Bhar, of the Ripon College, who stands first in the First Division, deserves a gold medal, and we accordingly recommend that the same may be awarded to him.

We have, etc.,

RESOLVED—

That the Report be adopted, and that the subject and other particulars of the Prize be published in the Gazette and the leading newspapers, English and Bengali, once every six months.

193. The Officiating Registrar reported that it having been brought to his notice that Mr. F. W. Sudmerson, B.A., will not be able to undertake the work of Examiner in English at the ensuing F.A. Examination, as he is about to proceed to Europe on leave, he had, in consultation with the President of the Faculty of Arts, transferred Mr. J. H. Ellis from the list of Entrance Examiners in English to act in Mr. Sudmerson's place, and had filled up the vacancy thus caused in the Entrance list by appointing Babu Nimaichandra Das, M.A.

RESOLVED

That the action of the Officiating Registrar be approved.

194. Read a letter from Mr. C. Russell, declining to accept the appointment of Examiner in Philosophy (Pass) at the ensuing B.A. Examination.

ORDERED—

That Mr. H. R. James, M.A., be appointed Examiner in Philosophy (Pass) at the ensuing B.A. Examination, in the

place of Mr. C. Russell, in addition to his appointment as Examiner in Philosophy (Honours).

195. Read a letter from Mr. C. L. Griesbach, C.I.E., F.G.S., intimating that he is unable to accept the appointment of Examiner in English and Mineralogy at the ensuing B.Sc. Examination, owing to his pending retirement from the service and departure from the country.

ORDERED.—

That Mr. R. D. Oldham, F.G.S., be appointed Examiner in English and Mineralogy at the ensuing B.Sc. Examination, in the place of Mr. C. L. Griesbach, C.I.E., F.G.S.

496. Read a letter from Babu Herambachandra Maitra, M.A., declining to accept the appointment of Examiner in English at the ensuing F.A. Examination.

Read also a letter from Babu Lalitkumar Banerjee, M.A., stating that, on account of illness, he is unable to accept the appointment of Examiner in English at the ensuing F.A. Examination.

ORDERED -

That Babu Jyotishchandra Banerjee, M.A., be transferred from the list of Entrance Examiners in English, and appointed Examiner in English at the ensuing F.A. Examination, in the place of Babu Herambachandra Mitra, M.A.

That Mr. Pramathanath Chaudhuri, M.A., be appointed Examiner in English at the ensuing F.A. Examination, in the place of Babu Lalitkumar Banerjee, M.A.

That Babu Satischandra Mookerjee, M.A., be appointed Examiner in English at the ensuing Entrance Examination, in the place of Babu Jyotishchandra Banerjee, M.A.

497. The Officiating Registrar enquired whether under exceptional circumstances Examiners residing in the Mofussil may be exempted from attending the meeting of the Examiners.

ORDERED -

That Examiners should not be exempted from attending meetings called by their Head Examiners for the purpose of giving instructions.

498. Read a letter from Mr. A. Barnes, declining to accept the appointment of Examiner in English at the ensuing Entrance Examination.

ORDERED—

That the Rev. E. C. Woodley, M.A., be appointed Examiner in English at the ensuing Entrance Examination, in the place of Mr. Barnes.

499. Read an endorsement from the Comptroller and Auditor-General, forwarding a copy of a report on the audit of the accounts of the University for the year ending 30th June, 1902.

ORDERED—

To be recorded.

500. Read a letter from the Joint Honorary Secretary, Coronation Festivities Fund, forwarding a copy of the route which the Viceregal Procession will take on the night of the 28th January, 1903, in connection with the Coronation Festivities in Calcutta, and expressing a hope that the Senate will co-operate in the general display by suitably illuminating the University premises on this great occasion.

ORDERED—

That the Officiating Registrar write, in reply, to the Joint Honorary Secretary, Coronation Festivities Fund, that steps will be taken to illuminate the University premises in a manner suitable to the great occasion.

501. Read an endorsement from the Principal, Medical College, Calcutta, forwarding applications from certain unsuccessful candidates at the recent 2nd L.M.S. Re-Examination, praying that in accordance with a recommendation of the Syndicate dated the 8th March, 1902, (Minutes, 1901-1902, p. 402) they may be permitted to appear at the next 2nd L.M.S. Re-Examination in the subject or subjects only in which they failed to secure pass marks.

ORDERED—

That inasmuch as the recommendation relied on had not yet received the sanction of the Government of India, the Syndicate were not prepared to give it effect.

502. Read an endorsement from the Principal, Medical College, forwarding an application from Tarinicharan Das, who passed the 1st L. M. S. Examination in 1900, the 1st M. B. in 1901, and the 2nd L. M. S. in 1902, praying that he may be permitted to appear at the ensuing 2nd M. B. Examination without further attendance at lectures.

ORDERED—

That the Syndicate recommend to the Senate that Tarinicharan Das be permitted to appear at the ensuing 2nd M. B. Examination without further attendance at lectures.

503. Read a letter from the Rector, Agaratala College, requesting that, in view of the fact that the affiliation of the above named College has not yet been sanctioned by the Governor-General in Council, the students reading in the 2nd year class of the Institution may, by a special order of the Syndicate, be permitted to appear at the ensuing F. A. Examination.

ORDERED—

That the students reading in the 2nd year class of the Agartala College be permitted to appear at the ensuing F. A. Examination.

504. Read a letter from the Officiating Inspector of Schools, Rajshahi Division, stating that, under the circumstances therein set forth, he is unable to recommend the recognition of the Edward Seminary at Baulia.

Read also a representation from the members of the Managing Committee of the Edward Seminary, Baulia, praying for the recognition of the Institution as a High School.

ORDERED—

That the papers be forwarded to the Director of Public Instruction, Bengal, with a request that he may be good enough to inquire into the matter and favour the Syndicate with his opinion.

505. Read a letter from the Inspector of Schools, Burdwan Division, forwarding with his recommendation

an application for the recognition of the Jhapardaha, Duke Institution in the District of Howrah.

ORDERED—

That the Jhapardaha Duke Institution in the District of Howrah be recognised as a High School.

ORDERED—

To be recorded.

507. Read an endorsement from the Principal, Presidency College, forwarding an application from some of the unsuccessful candidates at the last B.Sc. Examination who, under a special order of the Senate, were allowed to appear at the ensuing B. A. Examination in the B. Course, praying that, under the circumstances therein set forth, they may be permitted to count their attendance in English for the current session from the 28th of August last.

ORDERED—

That the prayer of the applicants be granted.

508. Read an endorsement from the Principal, Comilla Victoria College, forwarding an application from Abanimohan Ganguli, an unsuccessful candidate at the last F.A. Examination who was admitted into the 2nd year class in July last and who, on account of illness, was unable to attend lectures regularly for two months, praying that his attendance for six months may be allowed to count for the six months next preceding the Examination instead of from the date of his admission, and enclosing a Medical Certificate in support of his application.

ORDERED—

That the applicant's prayer be granted.

ORDERED ALSO—

That the decision on this application govern similar applications.

- 509. Read an endorsement from the Principal, Comilla Victoria College, forwarding an application from Jageschandra Chakrabarti, praying that the deficiency in his attendance in Mathematics and History of 3 and 2 lectures, respectively, may be excused, with a view to enable him to appear at the ensuing F. A. Examination.

ORDERED—

That the application be refused.

510. Read an application from Mr. H. R. Osborne, who, after passing the F. A. Examination, has kept the two years' term partly as a student and partly as a teacher, praying that as a special case he may be permitted to appear at the ensuing B. A. Examination.

ORDERED—

That the application be refused.

511. Read an application from Iswarchandra Biswas, who, after passing the Entrance Examination, has been serving as a teacher from the 1st of July, 1901, requesting to be informed whether he may be permitted to appear at the ensuing F. A. Examination as a teacher.

ORDERED—

That the applicant be permitted to appear at the ensuing F. A. Examination as a teacher.

ORDERED ALSO—

That a letter be written to the Director of Public Instruction, Assam, explaining the decision of the Syndicate on the application.

512. Read an application from Kaliprasanna Pal, an unsuccessful candidate at the last B. A. Examination, who has been serving as a teacher from the 4th of September last, praying that he may be permitted to appear at the ensuing B. A. Examination on his completing six months' service as a teacher by the 4th of March, 1903.

ORDERED—

That the applicant's prayer be granted.

513. Read a letter from the Commanding Royal Engineer, Cordite Factory District, Conoor, enquiring with

reference to this office No. 599, dated 8th December, 1902; whether Serjeant Hamilton, who holds a Sub-Engineer's certificate granted by the Roorkee College, may be permitted to appear at the F. E. Examination without being required to pass the Entrance Examination.

ORDERED—

That the question be referred to the Principal, Civil Engineering College, Sibpur, for the favour of his opinion.

514. Read an endorsement from the Officiating Principal, Patna College, forwarding an application from Muhammad Nazib, who after passing the Entrance Examination of the Allahabad University has joined the 1st year class of the above named College, praying that he may be permitted to appear at the F. A. Examination in 1904.

ORDERED—

That the applicant's prayer be granted.

515. Read an application from Mr. W. M. Cadwell, who has passed the B.A. Examination of the Madras University in one subject only, requesting permission to appear at the M.A. Examination of this University in 1903.

ORDERED—

That the application be refused.

516. Read an application from Abdul Aziz Khan, who after passing the F. A. Examination of the Madras University in 1899 has been serving as a teacher and holds a teachership certificate, praying that he may be admitted to the B.A. Examination of this University.

ORDERED—

That the applicant's prayer be granted.

517. Read an application from Mr. John J. Hensman, B.A. (Madras), whose vernacular is Tamil, requesting permission to appear at the M.A. Examination of this University.

ORDERED—

That the application be granted.

518. Read an application from Mr. W. A. Kodippily, who has passed the Senior Local Examination of the Cambridge University, praying that he may be permitted to appear at the F. A. Examination of this University without being required to pass its Entrance Examination.

ORDERED—

That the Syndicate recommend to the Senate that Mr. W. A. Kodippily be permitted to appear at the F.A. Examination of this University without being required to pass its Entrance Examination.

519. Read a letter from the Principal, Rajshahi College, forwarding an application from Jaminikanta Chakrabarti, supported by an affidavit made before a Magistrate, praying that his surname "Chakrabarti" may be changed to "Chattopadhyay" in his Entrance and F.A. certificates and in the records of the University.

ORDERED—

That the applicant's prayer be granted.

520. Read an application from Hiralal Saha, supported by an affidavit made before a Magistrate, praying that his surname "Saha" may be changed to "Ray" in his Entrance and F.A. certificates and in the records of this University.

ORDERED—

That the applicant's prayer be granted.

521. Read an application from Miss Sailabala Hajra, supported by an affidavit made before a Magistrate, praying that her surname "Hajra" may be changed to "Das" in her Entrance and F.A. certificates and in the records of the University.

ORDERED—

That the applicant's prayer be granted.

522. Read an application from M. Katan, supported by an affidavit made before a Magistrate, praying that he

may be allowed to change his name from "Katan" to "Kyton," and that the corresponding change may be made in the records of the University.

ORDERED—

That the applicant's prayer be granted.

523. Read an application from B. DeSilva, supported by an affidavit made before a Magistrate, praying that his name may be changed to D. A. DeSilva in his Entrance certificate and in the records of the University.

ORDERED—

That the applicant's prayer be granted.

524. Read a letter from the Head Master, Arrah Zila School, forwarding an application from Babu Ramcharan Dube, praying that the mistake made by his son, Muralidhar Dube, in stating his age in his application for admission to the Entrance Examination may be corrected in the records of the University, and submitting his son's horoscope in support of the application.

ORDERED—

That the application be refused.

525. Read an application from Atulchandra Guha, who was allowed to deposit his fee for admission to the recent B. L. Examination provisionally pending receipt of a formal application countersigned by the Principal of his College, praying that as he failed to submit a formal application and to present himself at the Examination, the fee held in deposit may be refunded.

ORDERED—

That the applicant's application be granted.

526. Read an endorsement from the Principal, Rajchandra College, Barisal, forwarding an application from Matilal Banerjee, praying that, as on account of illness he could not appear at the last F. A. Examination except in the morning of the first day of Examination, he may be permitted to appear at the ensuing F. A. Examination on payment of half the fee.

ORDERED—

That the applicant's prayer be granted.

That each of the papers be counted as a full paper for the purpose of remuneration.

535. Read an application from Babu Harimohan Mookerjee, Third Assistant, praying for 3 months' privilege leave on medical certificate.

ORDERED—

That three months' privilege leave be granted to Babu Harimohan Mookerjee, and that the Officiating Registrar be authorised to make suitable arrangements for the performance of his duties on such terms as may be found necessary.

536. Read communications from the Proprietor of the Brajamohan Institution, Barisal, intimating the amalgamation of his College with the Rajchandra College, Barisal; from the Proprietor of the Rajchandra College, intimating cancelment of such amalgamation, and submitting names of Committee of Management as requested by the Syndicate; and from N. D. Beatson-Bell, Esq., Settlement Officer, Barisal, intimating that the Rajchandra College had been placed temporarily under his management, and that he was anxious to know to whom the Syndicate would desire him to make over the College.

RESOLVED—

(1) That the Proprietor of the Brajamohan Institution be informed that the Syndicate could not recognise the amalgamation without a joint application from him and the Proprietor of the Rajchandra College for affiliation of the Colleges on an amalgamated basis.

• (2) That the Proprietor of the Rajchandra College be informed that, in the opinion of the Syndicate, the Committee suggested by him should be modified as follows :—

The Proprietor,
The Principal,
Rev. W. Carey,
Babu Jogeschandra Sen,
Maulavi Fazlul Huq,
with

N. D. Beatson-Bell, Esq., as President.

(3) That the thanks of the Syndicate be conveyed to Mr. N. D. Beatson-Bell for the interest he is taking in the affairs of the Rajchandra Collège; that he be informed that the management of the College may be transferred to the Committee recommended by the Syndicate, if such a Committee is formed by the Proprietor, and that the Syndicate would be glad if he would see his way to accept the office of President of the Committee; and that he be requested to forward the Syndicate with his opinion as regards the prospects of an amalgamation of the Colleges.

538. The Officiating Registrar read a letter from the Officiating Secretary to the Government of India, in the

•Home Department, intimating for the information of the Senate that the Governor-General in Council has been pleased to re-appoint the Hon'ble Mr. Thomas Raleigh, C.S.I., to be Vice-Chancellor of this University.

ORDERED—

To be recorded.

The Hon'ble the Vice-Chancellor expressed the hope that his relations with the Senate might continue to be as happy as during the first term of his office.

539. The Hon'ble Dr. Asutosh Mukhopadhyay moved that in Rule 1 of the Rules for the Affiliation of Colleges (p. 91, Calendar, 1902) after the word "Engineering" the words "or a Department of Engineering" be added. He explained that the object of adding these words was to provide for the affiliation of such an Institution as the Bihar School of Engineering, where the teaching was to be up to the F. E. Standard only.

Babu Saligram Singh seconded the motion, which was carried.

540. Rev. Father E. Lafont moved that the following Syllabus in Practical Physics be prescribed for the B. Sc. Examination.

PASS COURSE.

(About 10 lessons.)

Use of Logarithm Tables.

Method of drawing curves.

Construction of Scales and Verniers.

	Calliper.
	Screw-gauge.
Measurement of Length by	Spherometer.
	Verniers.

Measurement of Areas by plotting on curve paper.

Measurement of Angles by	{ Protractors.
	{ Verniers.

Laws of simple Pendulum. Value of *g*.

Atwood's Machine.

Use of Balance—Sp. gr. of solids heavier than water.

„ „ lighter than water.

„ liquids by sp. gr. bottle.

A verification of Law of Archimedes.

Nicholson's Hydrometer.

Hare's apparatus for specific density of liquids.

(About 8 lessons.)

Temperature corrections of Barometer.
 Boyle's Law.
 Melting point of solids.
 Determination of fixed points of Thermometers.
 Water equivalent of Calorimeters.
 Specific heat of solids.
 Latent heat of water.
 Latent heat of steam.

*Sound—**(2 lessons.)*

Velocity of sound by resonance columns.
 Sonometer. Verification of its laws.

*Light—**(5 lessons.)*

Laws of reflection.
 Plain and Concave Mirrors. Focal Length and Radius of Curvature of Concave Mirrors.
 Bunsen's and Rumford's Photometers.
 Refractive index of glass plates.
 Focal length of Convex lenses.
 Production of a pure Spectrum.

*Magnetism—**(4 lessons.)*

Simple laws of Magnetism.
 Methods of Magnetisation.
 Construction of Magnetic curves.
 Comparison of Magnetic moments.
 Simple measurement of Dip.

(4 lessons.)

Electro-statics. Simple Laws. Electroscopes.
 Experiments on Induction. Phenomena of a Hollow Conductor.
 Ordinary Frictional and Influence Machines.
 Leyden Jars.

(6 lessons.)

Use of Primary and Secondary Cells.
 Magnetic effect of currents, Ampere's rule, &c.
 Tangent Galvanometers.
 Measurement of Resistance by Metre Bridge.

HONOUR COURSE.

All the Experiments in the Pass Course.
 Laws of Inclined Plane.
 Laws of Friction.
 Verification of Hooke's Law—"ut tensio sic vis."

Use of Balance—

Weighing by oscillations, with accuracy.
 Borda's method of weighing.
 Corrections for air displaced.
 Measurement of coefficient of increase of pressure of a gas
 Measurement of linear coefficient of expansion of solid metals.
 at constant volume.

- Measurement of specific heat of liquids by method of cooling.
- Finding of dew-point and humidity with Daniell's and Regnault's Hygrometer.
- Focal length of concave lenses.
- Adjustment of simple optical instruments.
- Measurement of magnifying power.
- Measurement of angles and refractive Index by Spectrometer.
- Measurement of Magnetic dip with corrections.
- Distribution of Magnetism along a Magnet.
- Determination of Magnetic moment and horizontal force.
- Measurement of Resistance, Current and E. M. F.
- Ohm's Law. Shunts. Ammeter and Voltmeter (calibration of).
- Electro-chemical equivalents of copper and water.
- Determination of galvanometer constants.
- Elementary knowledge of the working of dynamos.

Father Lafont explained that in accepting the Syllabus he had been influenced by the assurance that the teaching in the Presidency College was based upon this Syllabus, and anything short of it would make the Examination too easy.

Babu Gaurisankar De seconded the motion.

Dr. J. C. Bose opposed the adoption of the Syllabus and recommended the continuance of the present standard in the meantime. He reminded the Senate that B. Course was to be abolished in a few years, and unless students were drawn to the B. Sc. Course the cause of Science would suffer. The recent B. Sc. Examination had drawn only twelve candidates, and only two had passed, although their qualifications were above the average. The result was that the admissions in the Presidency College had dwindled down to five. It was not desirable, under the circumstances, to make the course more difficult and more extensive.

Babu Gobindachandra Das supported Dr. Bose's recommendation. He pointed out that the new Syllabus was a prodigious advance on the existing course, and the experiments prescribed were so numerous that it would not be possible for most Colleges to provide the sets of apparatus necessary to meet the requirements of even a class of thirty students.

Mr. Kuchler said that he did not anticipate the objection taken to the Syllabus for the F.E. Examination, which was certainly an inferior Examination: substantially the same Syllabus had been accepted only the other day. In other Universities this Syllabus was prescribed for an intermediate Examination. The present course was so ludicrously inadequate that the Examiner of Physics at

the recent Examination could not abide by it. If the result was so bad, it should be remembered that the candidates had deliberately shirked all work that was outside the text-book. The next Examination was likely to show better results, as the students were taking real interest and working very hard.

The Hon'ble Dr. Asutosh Mukhopadhyay moved, as an amendment, that the Syllabus be referred back to the Board of Studies in Experimental and Mathematical Physics. There was no hurry in the matter, as a number of changes adopted by the Senate were in abeyance, in view of the outcome of the Universities Commission Report. When two learned Professors like Dr. Bose and Mr. Küchler differed fundamentally, it was best that the question should be re-discussed in the Board.

Maulavi Seraj-ul-Islam seconded the amendment.

Babu Debaprasad Sarbadhikari supported the amendment. He remarked that Father Lafont had made his motion with some reservation, while Dr. Bose and Mr. Küchler were hopelessly at variance. He regretted that the fact of the Examiner in Physics for the recent B.Sc. Examination having set his papers with regard to the text-books prescribed had not been stated when the Senate permitted some of the failed candidates at the B.Sc. Examination to revert to the B. Course.

The amendment was put to the meeting and carried.

541. The Hon'ble Dr. Asutosh Mukhopadhyay moved that Miss Alice C. Vannitamby, who had passed the Senior Local Examination of the Cambridge University in December, 1901, be permitted to appear at the F.A. Examination of this University in 1904, without being required to pass the Entrance Examination.

The Rev. Father E. Lafont seconded the motion, which was carried.

542. The Hon'ble Dr. Asutosh Mukhopadhyay moved that the undermentioned female candidates, who were successful at the last B. A. Examination, be admitted to the Degree of Bachelor of Arts :—

Hridayabala Basu
Gladys Harding

... Bethune College.
... Rangoon College.

The Revd. Father E. Lafont seconded the motion, which was carried.

543. The Rev. Father Lafont moved that the under-
 tioned successful candidates at the last B. A. and M. A.
 Examinations, who had not prosecuted a regular course
 of study in an Affiliated Institution, be admitted to their
 respective degrees: -

B.A.

TEACHERS.

Maqbul Husain.
 Umeschandra Datta.
 Bipinbilari Dasgupta.
 Hariprasad Chakrabarti.
 Prasannakumar Deb.
 Rambilas Sinha.
 Kumudmohan Gangopadhyay.
 Munindrakumar Mukhopadhyay.
 Surendramohan Sen-majumdar.
 A. C. Bissell.
 E. E. Sharp.
 Akshaychandra Goswami.
 Pramathanath Haldar
 Hemendranath Das.
 Kailaspati.

M.A.

PRIVATE STUDENTS.

Asutosh Bandyopadhyay
 Atulchandra Ghosh.
 Jitendralal Bandyopadhyay
 Kalikrishna Goswami.
 Syed Ata Husain.
 Naseruddin Ahmad
 Pramathanath Bandyopadhyay
 Jogindranath Sarkar.
 Surendranath Mukhopadhyay.
 Anadinath Mitra.
 Saratkumar Datta.

Babu Gaurisankar De seconded the motion, which was
 carried.

544. Dr. Nilratan Sarcar moved that the Tarinicharan
 Das, who passed the 1st L.M.S. Examination in 1900, the
 1st M.B. in 1901, and the 2nd L.M.S. in 1902, may be per-
 mitted to appear at the ensuing 2nd M.B. Examination
 without further attendance at lectures. He pointed out
 that there were precedents in support of his motion.

Rai Chunilal Basu, Bahadur, seconded the motion,
 which was carried.

545. The Hon'ble Dr. Asutosh Mukhopadhyay moved that W. A. Rodippily may be permitted to appear at the F.A. Examination of this University without being required to pass its Entrance Examination, on the ground of his having passed the Senior Local Examination of the Cambridge University.

Mr. Rustomjee seconded the motion, which was carried.

546. The Hon'ble Dr. Asutosh Mukhopadhyay moved that Alex. Pedler, Esq., C.I.E., F.R.S., be elected President of the Faculty of Arts for the year 1903-1904.

The Rev. Father E. Lafont seconded the motion, which was carried unanimously.

Mr. Pedler thanked the Faculty for electing him their President for several years in succession, and expressed the hope that he might be able to discharge his duties as in the past.

547. The Faculty then proceeded to elect five representatives on the Syndicate for the year 1903-1904.

The following names were proposed for election :

Rev. Father E. Lafont, S.J., C.I.E., M.I.E.E.

Babu Kalicharan Banurji, M.A., B.L.

Alex. Pedler, Esq., C.I.E., F.R.S.

The Hon'ble Dr. Asutosh Mukhopadhyay, M.A., D.L., F.R.A.S., F.R.S.E.

Babu Mahendranath Ray, M.A., B.L.

Maulavi Syed Shamsul Huda, M.A., B.L.

Babu Saligram Singh, B.L.

Rai Chundernarain Singh, Bahadur, M.A.

. A ballot having been taken, it was found that the following five members were elected :—

The Hon'ble Dr. Asutosh Mukhopadhyay, M.A., D.L., F.R.A.S., F.R.S.E.

Alex. Pedler, Esq., C.I.E., F.R.S.

Babu Kalicharan Banurji, M.A., B.L.

Rev. Father E. Lafont, S.J., C.I.E., M.I.E.E.

Rai Chundernarain Singh, Bahadur, M.A.

548. The Officiating Registrar laid on the table the following recommendation from the M. A. Board of Examiners for 1902 :—

"That, as regards the conditions for passing, the Scientific subjects for the M.A. Examination be put on the same footing as the literary subjects, and candidates in the Scientific subjects be required to obtain 30 per cent. of the marks in each paper, with 40 per cent. in the aggregate for a Third class, 48 per cent. for a Second class, and 60 per cent. for a First class."

The President explained that the recommendation was based on the fact that there were instances of candidates passing, even when they failed, and failed miserably, in the Practical Examination. He was clearly of opinion that something should be done to prevent candidates from passing, who gave no evidence of practical knowledge. But he was more than doubtful whether the recommendation should be adopted in its entirety.

The Hon'ble Dr. Asutosh Mukhopadhyay moved that, before dealing with the recommendation, the question be referred to the Boards of Studies in Mathematics, Mathematical and Experimental Physics, Chemistry, and Biology and Geology, for an expression of their views. He remarked that, while it was desirable to insist upon practical knowledge, care should be taken not to deter students from the pursuit of Science Degrees.

Rai Chunilal Basu, Bahadur, seconded the motion.

Mr. H. M. Percival pointed out that, at the meeting of the M.A. Board of Examiners, the recommendation had, in the first instance, related only to the Practical Examination in Chemistry, but gradually assumed its present expanded form.

A distinction had always been made between Arts and Science, and Scientific subjects had been regarded as more difficult.

A comparison of results showed also that the standard had been raised, so that candidates in Chemistry, for

example, who had been expected by their teachers to take a first class, were placed by their Examiners in the third.

Babu Mahendranath Ray supported the reference to the Boards. He pointed out that in some of the Scientific subjects there was no Practical Examination at all.

Rev. Dr. Morrison contended that no distinction should be made between Arts and Science in the M.A. Examination; whatever justification there might have been, in the beginning, for any concessions in favour of Scientific subjects, there was absolutely none now. A comparison of results for the last ten years would show that the passes in Arts and in Science were not very discrepant. English had been described as an easy subject, but the results pointed to a different conclusion. There was ample ground for the recommendation made by the Board of Examiners.

Dr. P. K. Ray supported the reference to the Boards. It should not be possible for any candidate, he said, to obtain a Degree in Science without giving evidence of practical knowledge.

The motion was then put to the meeting and carried.

550. The Minutes of the Syndicate, dated the 17th January, and the 7th February, 1903, respectively, were read and confirmed.

551. The Sub-Committee of the Syndicate, appointed on the 7th February, submitted the following questions, arising out of the Universities Commission Report, for reference to the Senate:—

THE SENATE.

1. Is it desirable that there should be a new Senate? If so, by whom and in what manner is it to be constituted?

2. Is it desirable to fix a maximum number for the Senate? If so, what would be a suitable number for this University? If such maximum number falls short of the existing number, how is the reduction to be effected?

3. What should be the proportion in the new Senate between nominated Fellows and elected Fellows? Should any new Fellows be elected by the Senate as well as by the Graduates? By what class of Graduates is the right of election to be exercised? Is the right of election to be limited to Graduates holding the highest degree in any Faculty?

4. Are members of the Senate to be appointed for a fixed period? If so, for what period?

THE FACULTIES.

5. Should the Faculties be constituted by the Government of India, instead of by the Senate as at present?
6. Is it necessary to limit the number of members in the several Faculties?
7. Is it desirable to prevent any member of the Senate from becoming a member of more than one Faculty?

THE SYNDICATE.

8. Is it desirable that the Director of Public Instruction should be *ex-officio* a member and Vice-Chairman of the Syndicate?
9. Is it desirable that the Syndicate should be elected by the Senate, instead of by the Faculties as at present?
10. Is it desirable that there should be a statutory majority of teachers, as such, in the Syndicate?
11. Is it desirable that any of the powers of the Syndicate should be exercised independently of the Senate? Is it desirable that the Syndicate should act independently of the Senate in regard to disaffiliation of Colleges?

COLLEGES AND SCHOOLS.

12. What should be the relation between the University and its affiliated Institutions, especially in the matter of control, supervision, and formal inspection?
13. What should be the attitude of the University in the matter of "Residential Colleges" and "Licensed lodging houses or Hostels"?
14. Is it necessary that there should be a properly constituted governing body for each College, or that there should be no Colleges dependent on the interest of one individual?
15. Is it desirable to lay down the principle that the fees must not be fixed so low as to tempt a poor student of but ordinary ability to follow a University Course which it is not to his real interest to undertake?
16. Is it desirable to lay down the principle that if free studentships are permitted, they ought not to exceed three per cent. of the total number of students on the rolls of a College?
17. Is it desirable that the Syndicate should prescribe a minimum rate of fees for affiliated Colleges?
18. Is it desirable to prescribe that no transfer should be permitted in the middle of a course of study, unless for special reasons to be recorded in writing by the College authorities and reported to the Syndicate?
19. Is it desirable that *Second Grade* Colleges should either rise to the rank of *First Grade* Colleges or fall back to the position of High Schools? Is it desirable that the University should decline to affiliate any new *Second Grade* College?
20. Is it desirable that the study of Law should be centralised in a properly equipped Law College maintained by the University?

21. Is it necessary that College classes should be conducted in a separate building and under separate management?

22. Is it desirable that the recognition of Schools by the University should depend on their recognition by the Director of Public Instruction?

INSTRUCTION AND EXAMINATIONS.

23. Is it desirable that the study of English should not be permitted to be begun till a boy can be expected to understand what he is being taught in that language?

24. Is it desirable that text-books in English should be abolished for the Entrance Examination?

25. Is it desirable to fix a minimum limit of age for candidates for the Entrance Examination? If so, what limit?

26. Is it desirable to raise the standard for the Entrance Examination by prescribing that no candidate should pass who does not obtain 40 per cent. in English and 35 per cent. in each of the other subjects, and that a minimum of 30 per cent. should be required in each of the English Papers?

27. Is it desirable to lay down that no candidate shall be allowed to appear for Matriculation more than three times, whether at one or at several Universities?

28. Is it desirable to introduce the principle of bifurcation at the stage of the F.A. Examination?

29. Is it practicable to insist that every candidate for the F.A. Examination should have gone through a practical course in Physics and Chemistry in the College laboratory?

30. Is it desirable that History should be altogether excluded from the F.A. Examination?

31. Is it desirable to abolish the "B" or Science Course from the B.A. Examination?

32. Is it desirable that the B.A. Honour Examination should be abolished, that the standard of the Pass Examination should be raised, and that the number of subjects in which a candidate is to be examined should be raised from three to four?

33. Is it desirable to allow candidates who have failed to pass the F.A. or B.A. Examination to appear at a subsequent Examination without attending a fresh course of lectures?

34. Is it desirable to dispense with a separate test in English for the B.Sc. Examination?

35. Is it true that the Course in English for the M.A. Examination has been too easy? Is it desirable that it should be combined with a Course in a vernacular, or in an eastern or western classical language? Is it necessary that Anglo-Saxon should be excluded from the M.A. Course in English?

36. Is it desirable that an Indian vernacular should form part of the subjects for Examination for the M.A. Degree in a classical language of India?

37. Is it desirable that Persian should not be accepted by itself as a subject for the M.A. Course, but that it should be combined with some other Indian classical language or Urdu?

38. Is it desirable to frame any course of studies which renders it possible for a candidate to obtain a degree in this University without any knowledge of Physical Science and Chemistry?

39. Is it desirable that candidates who take up Sanskrit should be compelled to write in Debnagri characters?

40. Is it desirable that unseen passages should carry high value in all the higher Examinations in Arabic?

41. Is it desirable to abrogate the rule which provides that no gentleman shall be appointed to set a paper in a subject of which he teaches the whole or a part?

42. Is it desirable to abolish the practice of noting the number of marks assigned to each question in an Examination paper?

43. Is it desirable to forbid the award of grace marks, and to apply a hard and fast rule to candidates who have failed in one subject?

44. Is it desirable to make any alteration in the rules for the admission of Private Students to the Examinations of this University?

45. Is it desirable that the system of Examination by Compartments, in so far as it has been applied to candidates who have failed in the L.M.S. Examination, should be abolished?

46. Is it desirable that the F.A. Examination should be the preliminary qualification for the University Course in Engineering?

47. Is it desirable to provide suitable courses of lectures for teachers, and to grant a license in teaching?

RESOLVED—

That these questions be referred to the Senate, after they had been re-grouped by the Hon'ble the Vice-Chancellor.

552. Read the following report of the Examiners for the Examination for Honours in Law, 1902:—

To

THE REGISTRAR, CALCUTTA UNIVERSITY.

DEAR SIR,

We beg to report that neither of the two candidates we have examined is qualified for Honours in Law.

The Examination has been conducted in accordance with the rules laid down for our guidance.

Yours faithfully,

(Sd.) ST. JOHN STEPHEN,
,, ASUTOSH MUKHOPADHYAY.

Examiners.

BAR LIBRARY :

5th February, 1903.

RESOLVED—

That the Report be adopted.

553. Read a letter from Pandit Harischandra Kabiratna, declining to accept the appointment of Examiner in Sanskrit at the ensuing Entrance Examination.

The Officiating Registrar reported that, in anticipation of the orders of the Syndicate, he had appointed Pandit Rajendranath Bidyabhushan an Examiner in Sanskrit at the ensuing Entrance Examination in the place of Pandit Harischandra Kabiratna, resigned.

RESOLVED—

That the action of the Officiating Registrar be approved.

554. The Officiating Registrar reported that Mr. James, who has been appointed to look over the Pass papers in Philosophy at the ensuing B.A. Examination in the place of Mr. Russell, having declined to accept the appointment, he had, in anticipation of the sanction of the Syndicate, appointed Babu Sasibhushan Datta, M.A., in his place.

RESOLVED—

That the action of the Officiating Registrar be approved.

555. The Officiating Registrar reported that Mr. G. C. Bose, M.A., having declined to accept the appointment of Examiner in Chemistry at the ensuing F.A. Examination, he had, in consultation with the President of the Faculty of Arts, appointed Babu Brajalal Mukerjee, B.A., in his place.

RESOLVED—

That the action of the Officiating Registrar be approved.

556. The Officiating Registrar reported that owing to the prevalence of Plague in the Patna District, he had, in consultation with the Principal of the Patna College and the Civil Surgeon of Patna, and in accordance with the orders of the Syndicate obtained by circulation, issued a circular letter to the Heads of all recognised Institutions

in Bihar, intimating that of the Entrance candidates in Bihar, such only as are students of Institutions situated in infected districts, and are ordinarily to be registered for the Patna Centre, will be permitted to appear at the Examination to be held at Bankipur, and that the rest of the candidates who have been sent up from Institutions situated in non-infected districts will be examined at Bhagalpur, although Patna may be their ordinary place of examination.

RESOLVED—

That the action of the Officiating Registrar be approved.

557. The following dates were fixed for the submission of marks by the Examiners at the ensuing Entrance, F.A. and B.A. Examinations:—

ENTRANCE EXAMINATION.

For Sub-Examiners in English, Mathematics, Sanskrit, Bengali, Bengali Translation, History and Geography	25th April, 1903.
For Head Examiners in English, Mathematics, Sanskrit, Bengali, Bengali Translation, History and Geography	2nd May, 1903.
For Examiners in subjects other than those mentioned above	18th April, 1903.

F. A. EXAMINATION

For Sub-Examiners in English, Mathematics, Sanskrit, Physics, Chemistry, History, and Logic	1st May, 1903.
For Head Examiners in English, Mathematics, Sanskrit, Physics, Chemistry, History, and Logic	8th May, 1903.
For Examiners in subjects other than those mentioned above	1st May, 1903.

B. A. EXAMINATION.

For all Examiners	26th April, 1903.
-------------------	-----	-----	-----	-------------------

558. Read a letter from the Director of Public Instruction, Burma, recommending that the Government High Schools at Thazi and Maymyo may be recognised as Institutions qualified to send up candidates to the Entrance Examination.

ORDERED—

That the Director of Public Instruction, Burma, be requested to furnish the names and qualifications of the teachers, and the scale of fees, as required by the Rules for Recognition of Schools, of which a copy should be sent to him.

559. Read an endorsement from the Principal, Presidency College, Calcutta, forwarding a representation from Mr. C. Little, M.A., Senior Professor of Mathematics in the above College, having reference to the recent M.A. Examination in Mathematics, Group B.

RESOLVED—

That the representation be referred to the M.A. Board of Examiners for 1902, with a request that the Board may reconsider the results in Mathematics, Group B.

560. Read an endorsement from the Principal, Presidency College, Calcutta, forwarding a representation from Mr. H. E. Stapleton, M.A., Senior Professor of Chemistry in the above College, having reference to the case of Babu Bidubhushan Datta, a candidate in Chemistry at the recent M.A. Examination.

ORDERED—

To be recorded.

561. Read a letter from the Principal, Presidency College, Calcutta, pointing out that Jitendralal Banerjee, who stood first in the first class in English at the recent M.A. Examination, and who, in his view, was a regular student of his College, appeared at the Examination as a Private Student.

ORDERED—

That Jitendralal Banerjee be called upon to explain how it was that, under the circumstances, he had appeared as a private student, and after so appearing had attempted to draw his scholarship, which was tenable only at the Presidency College.

562. Read an endorsement from the Principal, City College, Calcutta, forwarding an application from Kaliram Medhi, stating that Subodhchandra Ray, to whom the

Woodrow Scholarship has been awarded on the results of the last B.A. Examination, has joined the Agricultural Department of the Civil Engineering College at Sibpur instead of prosecuting his studies in an affiliated Institution for the M.A. degree, and praying that, under the circumstances, the Syndicate will be pleased to revoke their former order and award the scholarship to him as the next best student.

RESOLVED—

That the application be refused.

563. Read an endorsement from the Principal, City College, forwarding an application from Kaliram Medhi, praying that the Amritanath Mitra Prize may be awarded to him, instead of to Dwijendranath Majumdar, who holds the Laha Scholarship, and is not entitled to the Prize under the terms of the endowment.

RESOLVED—

That the application be refused, but that the award of the Amritanath Mitra Prize to Dwijendranath Majumdar be withdrawn.

564. Read an endorsement from the Principal, City College, Calcutta, forwarding an application from Saikh Naimuddin, who after reading in the 3rd year B.A. class of the Presidency College, Calcutta, from June 1900 to February 1901, was obliged to give up his studies by a sudden attack of paralysis, and after a lapse of eight months, during which his name was not borne on the rolls of any affiliated Institution, joined the 3rd year B.A. class of the City College in November 1901, where he has since regularly attended the lectures delivered in the 3rd and 4th year classes, praying that he may be permitted to appear at the forthcoming B.A. Examination.

RESOLVED—

That the applicant's prayer be granted.

565. Read an endorsement from the Principal, Sanskrit College, Calcutta, forwarding, with his recommendation, an application from Kasinath Das, who after passing the Entrance Examination of the Allahabad University in 1898 and attending lectures for about a year in the Queen's College, Benares, joined the 1st year class of the

Sanskrit College, Calcutta, on the 22nd September, 1901, praying that a deficiency of 4·48 in his attendance in Physics and Chemistry may be excused, with a view to enable him to appear at the forthcoming F.A. Examination, as the above deficiency is due solely to his late admission into the Sanskrit College owing to the delay made by the Registrar, Allahabad University, in granting him permission to join a College affiliated to the Calcutta University.

RESOLVED—

That the applicant's prayer be granted.

566. Read a letter from the Principal, Bihar National College, Bankipur, forwarding an application from S. A. Hameed, praying that a deficiency of '3 in his attendance in History may be overlooked, in order to enable him to appear at the ensuing F.A. Examination.

RESOLVED—

That the applicant's prayer be granted.

567. Read a letter from the Principal, Albert College, forwarding an application from Manindralal Basu, praying that a deficiency of '58 in his percentage of attendance in Physics and Chemistry may be excused, with a view to enable him to appear at the ensuing F.A. Examination.

RESOLVED—

That the applicant's prayer be granted.

568. Read an endorsement from the Principal, Rajshahi College, forwarding an application from Sureschandra Ray, No. I, praying that a deficiency of '84 in his percentage of attendance in Mathematics may be excused, with a view to enable him to appear at the ensuing F. A. Examination.

RESOLVED—

That the applicant's prayer be granted.

569. Read an endorsement from the Principal, Ripon College, forwarding an application from Birchand Ghosh, praying that a deficiency of 1·92 in his attendance in Mathematics may be excused, with a view to enable him to appear at the ensuing F.A. Examination.

RESOLVED—

That the applicant's prayer be granted.

570. Read an endorsement from the Principal, Presidency College, Calcutta, forwarding an application from Tarinikanta Pan, praying that a deficiency of '74 in his attendance in History may be excused, with a view to enable him to appear at the ensuing B.A. Examination.

RESOLVED—

That the applicant's prayer be granted.

571. Read an endorsement from the Principal, Ripon College, forwarding an application from Krishnagopal Ghosh, praying that a deficiency of '58 in his attendance in Physics and Chemistry may be excused, in order to enable him to appear at the forthcoming F.A. Examination.

RESOLVED—

That the applicant's prayer be granted.

572. Read an endorsement from the Principal, Ripon College, forwarding an application from Bibhutibhushan Ray, praying that a deficiency of '8 in his attendance in Sanskrit may be excused, with a view to enable him to appear at the ensuing F.A. Examination.

RESOLVED—

That the applicant's prayer be granted.

573. Read an endorsement from the Principal, Bihar National College, forwarding an application from Syed Nurur Rahaman, praying that a deficiency of '4 in his attendance in Mathematics may be excused, with a view to enable him to appear at the ensuing F.A. Examination.

RESOLVED—

That the applicant's prayer be granted.

574. Read a letter from the Principal, General Assembly's Institution, requesting that a candidate, named J. J. Moodi Naglingham, who was regularly helped in his study of Latin by the Professors, although no regular lectures

were delivered in the subject in the College, may be allowed to take Latin as his second language at the ensuing F.A. Examination.

RESOLVED—

That the candidate be allowed to take Latin as his second language at the ensuing F.A. Examination.

575. Read a letter from the Principal, General Assembly's Institution, requesting that two F.A. candidates from his College, who were helped by Professors from time to time in their study of Greek, may be permitted to take that subject as their second language at the ensuing F. A. Examination, although no regular lectures were delivered in the College in it.

RESOLVED—

That the candidates be allowed to take Greek as their second language at the ensuing F.A. Examination.

ORDERED—

That a circular be issued to the Heads of Colleges intimating that such concessions would not in future be made if it appeared that the subjects were taught in any local College, and that, at any rate, such applications should be made at the commencement of the term.

576. Read an endorsement from the Principal, Krishnagar College, forwarding an application from Rameshchandra Sen, who, after attending lectures in Physiology as an optional subject in the 1st year class of the Burdwan Raj College up to the 4th December last, has taken his transfer to the Krishnagar College, where there being no class in Physiology he has been obliged to give up the subject and take History in lieu of it, praying that under the circumstances he may be permitted to count the percentage of his attendance in History from the date of his transfer to the Krishnagar College.

RESOLVED—

That the applicant's prayer be granted.

577. Read a letter from the Inspector of Schools, Southern Circle, Nagpur, recommending that his camp

clerk, Mr. Balwant Narayan Gudkary, who for the last 7 years has been assisting him in the work of examining all classes of schools, both European and native, and as such has seen quite as much educational work as a Deputy Inspector of Schools, may be permitted to appear at the ensuing F.A. Examination.

RESOLVED—

That the recommendation be not entertained.

578. Read a letter from the Inspector of Schools, Presidency Division, recommending that Biharilal Chakrabarti, Head Pundit, Faith Orphanage Upper Primary Pathsala, who regularly taught English in the Pathsala, may be permitted to appear at the ensuing F.A. Examination as a teacher.

RESOLVED—

That the recommendation be not entertained.

579. Read an application from Sureschandra Dasgupta, an unsuccessful candidate at the last B.A. Examination, praying that he may be permitted to appear at the ensuing B.A. Examination as a teacher on his completing the requisite 6 months' service as a *bond-fide* master in an English School before the date fixed for the commencement of the Examination.

RESOLVED—

That the applicant's prayer be granted.

580. Read an endorsement from the Prefect, College Department, St. Xavier's College, forwarding an application from G. R. Ewing, who after passing the High School Examination in November, 1901, has prosecuted his studies in St. Joseph's College, Darjeeling, for one year for the P. W. Department Superior Accounts Examination, praying that he may be permitted to join the 1st year class at St. Xavier's College with a view to qualify himself for admission to the F. A. Examination in 1904.

RESOLVED—

That the application be rejected.

581. Read an application from Mr. H. Godfree, who has passed the Cambridge Junior Local Examination, the

Oxford Senior Local Examination, and the Matriculation Examination of the London University, and also holds a First Class certificate from the English Education Department, praying that he may be permitted to appear at the B.A. Examination of this University without being required to pass its F.A. Examination.

RESOLVED—

That the application be refused, but that the Syndicate recommend to the Senate that the applicant be permitted to appear at the First Examination in Arts of this University without passing the Entrance Examination.

582. Read an application from M. T. Vaz, an undergraduate of the Bombay University, requesting permission to appear at the F.A. Examination of this University as a teacher.

RESOLVED—

That the application be refused.

583. Read an application from C. M. Correa, B.A. (Madras), requesting permission to appear at the M.A. Examination of this University

RESOLVED—

That the application be refused.

584. Read a letter from the Principal, Victoria College, Narail, stating that in the case of one of the candidates from the above-named Institution for admission to the ensuing Entrance Examination, named Bhababhushan Chakrabarti, he has been obliged to accept as true the statement of age made by the boy in his application as his father produced an affidavit in support of it, although certain erasures in the figure regarding the age of the boy in the Admission Register gives rise to grave suspicion as to the correctness of the statement made, and that the appearance of the boy seems to support the suspicion.

ORDERED—

To be recorded.

585. Read a letter from the Principal, Berhampur College, forwarding an application from Narendranath Biswas, supported by an affidavit made before a Magistrate, praying that the mistake made by him in his appli-

cation for admission to the Entrance Examination in 1901 may be corrected.

RESOLVED—

That the application be refused.

586. Read a letter from the Head Master, Dinajpur Zila School, requesting that, under the circumstances therein set forth, the age stated in the application of Satis-chandra Chakrabarti (Roll Cal. 217) for admission to the ensuing Entrance Examination from the above-named Institution may be changed to 17 years and 6 months.

ORDERED—

That the request be complied with.

587. Read an endorsement from the Head Master, Ripon Collegiate School, forwarding an application from Babu Trailokyanath Mitra, supported by an affidavit made before a Munsiff, requesting that the mistake made by his son, Birendranath Mitra, in stating his age in his application for admission to the ensuing Entrance Examination may be corrected.

ORDERED—

That the application be refused.

588. Read an application from Ramcharan Ghosh, supported by an affidavit made before a Magistrate, praying that his name may be changed to Ramchandra Ghosh in the records of the University and in his F.A. Certificate and B.A. and M.A. Diplomas.

RESOLVED—

That the application be granted.

589. Read an endorsement from the Principal, General Assembly's Institution, forwarding a letter from Mr. K. C. Ghosh, praying for a refund of the fee deposited for admission to the B.A. Examination by his son, Upendrakumar Ghosh, who had died since the date of such deposit.

ORDERED—

That the fee be refunded.

590. Read a letter from Babu Priyanath Sen, M.A., Premchand Roychand student for 1899, submitting for

the approval of the Syndicate an original thesis on the "Philosophy of the Vedānta."

RESOLVED—

That the thesis be referred to the Presidents of the Boards of Studies in Mental and Moral Science and in Sanskrit and Sanskrit Languages for their opinion.

591. Read a letter from Mr. C. C. Ghose, requesting that he may be permitted to present to each of the successful candidates at the last B.A. Examination who obtained Honours in History, and to each of the successful candidates at the recent M.A. Examination in History, a copy of Mr. R. C. Dutt's Economic History of India.

RESOLVED—

That no order be made.

592. Read a notification by the Registrar, Bombay University, intimating that Chhotalal Ramchandra Dave, private student, Manibhai Hirabhai Vakil of Ahmedabad High School, and Jivaji Shrinivas Hungund, private student, having been found guilty of dishonest practices at the last Matriculation and the University School Final Examinations, have been debarred from appearing at any of the University Examinations until 1904.

ORDERED—

To be recorded.

593. Read an application from Charuchandra Mitra, praying that, under the circumstances therein set forth, he may be allowed to go in for the ensuing F.A. Examination as a teacher, or if it is now too late to grant him such permission, to appear at the Examination in 1904, without being required to serve as a *bona-fide* master of an English School for a further period of 6 months.

ORDERED—

That the application be refused.

594. The Senate was convened for the purpose of conferring degrees.

The Vice-Chancellor having declared the Convocation opened, the graduates of the year were admitted to their respective degrees in the usual manner.

595. His Excellency the Chancellor then called upon the Hon'ble the Vice-Chancellor to address the Convocation.

596. The Hon'ble the Vice-Chancellor then addressed the Convocation as follows:—

Your Excellency, Your Honour, Ladies and Gentlemen of the University,—The events of the last academic year have not been such as to call for a long report on this occasion. The Senate has lost six of its members by death, and nine by retirement or resignation. Their services to the University will be recorded elsewhere, but I may be allowed to say that our teachers and superintendents had their share in the sorrow which has lately fallen on the Province, and that our meeting to-day seems incomplete without the presence of Sir John Woodburn.

INDIAN UNIVERSITIES COMMISSION.

In my Convocation Address of last year I referred to the appointment of a Commission to report on the Universities of India. When the Report of that Commission was signed, I warned my colleagues to prepare for a strong movement of protest, and the event has justified my forecast. I shall not complain of anything that has been said or written, but I may express my regret that the discussion has taken, on the whole, an unpractical turn. Much energy has been expended in denouncing proposals which nobody ever made, and the actual recommendations of the Commissioners have not been widely read, and have certainly not been generally understood.

THE DESPATCH OF 1854.

In framing those recommendations the Commissioners founded themselves on the Education Despatch of 1854. They drew attention to the fact that some of the most important proposals of the Despatch—notably those which relate to University Professorships and to the inspection of Colleges—have never been carried out; and they tried to show how the policy of 1854 might receive its legitimate and necessary fulfilment.

In taking this line, the Commission was constrained to leave on one side a scheme of University reform which has attracted a certain amount of support. There are able men who tell us that the experiment of 1854 is a failure; that India possesses at present no University worthy of the name; and that the only hope for the future lies in the foundation of a new Teaching University, well equipped

in all branches of advanced study, and attracting to itself the best students from all our colleges. One able writer has even selected a site for the new foundation, somewhere among the hills of Chota Nagpur. Far be it from me to say that the University of the future, as these gentlemen imagine it, is only a dream. We shall have it, I hope, but if we are to have it, I am firmly convinced that the first step is to make the most and the best of existing institutions.

GOVERNMENT AND THE UNIVERSITIES.

In laying down the lines on which these institutions may be improved, the Commissioners address their advice in the first place to Government, from which the Universities derive all their powers. But there is nothing in the Report to justify the charge that we aimed at destroying the independence which the Universities now enjoy. The chief aim of the Commission was to strengthen the Universities ; and the stronger they are, the more independent they are likely to be. In those of our recommendations which relate to the Director of Public Instruction, we were guided by established usage. In all the Universities the Director of Public Instruction is a Fellow and a member of the Syndicate. When schools and colleges are under discussion, his colleagues are accustomed to look to him for information and guidance. We proposed that the Director should be in all cases an *ex-officio* Fellow, and that he should act as Vice-Chairman of the Syndicate. This modest suggestion would hardly be worth mentioning, if it were not that it is accepted in some quarters as a convincing proof that the Commissioners were bent on placing the Universities under the heel of the Education Departments.

THE APPEAL TO UNIVERSITY GRADUATES.

But the Report is not for the consideration of Government only ; it challenges the attention of all educated men in India. For sometime past we have been aware that our Universities are not usually mentioned with approval by outside critics. They are freely described as examining boards, and we have been told that the training given in our colleges is to a great extent inadequate and unsatisfactory. You now have to face the fact that a Commission, on which the Universities themselves were strongly represented, has closely inspected more than fifty colleges ; has conferred with more than 150 witnesses, and has come

to the unanimous conclusion that great changes in our methods are urgently required. I say the unanimous conclusion, because the points on which my honourable and learned colleague, Mr. Justice Banerjee, has recorded a note of dissent, are all points which may be conceded without surrendering the main position of the Report. If the opponents of our policy should offer to withdraw their objections, on condition that we accept the learned Judge's modifications of the scheme, I think we should close with the offer at once:

Take, by way of illustration, that part of the Report which relates to the re-constitution of the Senate. We propose that our Senate should be a working body, directly responsible for advanced teaching, and competent to maintain a high standard of teaching in the colleges generally. We propose that those of our Fellows, who are able and willing to attend to University work, should be among those who are appointed to the new Senate; and that the rest should become in title, what they already are in fact, namely Honorary Fellows. As in the case of other deliberative bodies, we propose that the appointment should be for a term of years. For making these suggestions, we have been accused of unwisdom and of revolutionary violence. Now, let us hear Mr. Justice Banerjee. He agrees as to the expediency of creating a new Senate; he agrees as to the number we propose; he agrees as to the limit of five years. His plan for selecting the members of the new governing body seems to me open to some objections. But sooner than remain as we are, I would readily accept my honourable colleague's proposals.

This is not the time to go point by point through the scheme of the Commission; my opportunity for detailed explanation will come at a later stage. But there is one version of our Report which meets me so often in conversation and correspondence that I should like to deal with it here and now. It is represented to me that the Commissioners have shown a certain want of sympathy with the difficulties which teachers in this country have to encounter. There are some who say to me: "We are carrying on our College work with scanty resources, and under many discouragements. You come now with a catalogue of new demands and with a plain hint that we must cease to exist, unless those demands are complied with."

• No charge distresses me so much as this, for I spent the best years of my life as a teacher, with all the advantages which a resident at Oxford enjoys. I should be inexcusable if I could forget, still more inexcusable if I could add to the burden laid on those who are doing the same work under less easy conditions. But I usually find that those who make this charge have not had an opportunity of reading the Report. The taste for blue-books is not widely diffused in India, and the newspapers—of which I wish to speak with courtesy—deal with these matters in a summary way. In giving the outline of our scheme they turn “should” into “shall” and “may” into “must”; they leave out the qualifying words; and thus an impression is produced that every suggestion we make is meant to be turned at once into a law and imposed on five Universities and some scores of colleges without the least regard to place, time, and circumstance. One small example of this method may suffice to show its absurdity. In speaking of hostels, the Commissioners happened to remark on the quality of the lamps used by students who burn the midnight kerosene in the pursuit of learning. On this a newspaper editor gravely asks me to say whether the quality of a student’s lamp is a proper subject of legislation. To be sure not; but who said it was?

LEGISLATION.

In the paragraph which is devoted to legislation, the Commissioners have clearly described the initial steps which they humbly recommend the Government and the Legislature to take. The rest of the Report is for the most part in the nature of advice. You cannot refuse to consider that advice; five of the seven names appended to it are the names of men who have had long experience of educational work in this country. But the Commissioners themselves tell you that the process of improvement to which they look forward must be gradual, that it must be carried out with due regard to existing interests, and that you are to rely not only on statutes and regulations, but on the voluntary co-operation of all who are interested in the higher education.

“EFFICIENCY.”

We knew well that we were making a formidable demand on our colleges. We had some misgivings lest the demand for increased efficiency might have the inci-

dental effect of curtailing the opportunities which poor students now enjoy. But this is one of the passages where the difference between "must" and "may" is very important. The measures we propose *may* have the effect of narrowing the field of University education. Whether they are to have that effect or not will depend, not on the Commission, nor on Government, but on the educated classes of this country. We are often reminded that this is a poor country, and that our ambition must be limited accordingly, but we ought not to make the poverty of the ryot an excuse for want of energy or want of hope in other and more fortunate classes of our people. We have, here in Bengal, all the resources, in men and money, which are required to place the colleges of Bengal in a satisfactory position. The worst enemies of education are the men who argue that because India is a poor country, therefore we must tolerate what we know to be inferior, we must not think of aiming at the best.

The word "efficiency" has recently become a weapon of attack in English politics; it seems to alarm some of our college teachers, and they have asked me to define the term by means of rules. Something can be done in that way, and Allahabad has taken the lead by prescribing in detail the arrangements to be made by colleges which undertake to teach Physics and Chemistry. But the utility of rules, as His Excellency and I have much reason to know, is limited. Efficiency is an ideal, always before us, and never quite attained. Balliol College, for example, has the advantage of our Calcutta colleges, at least in certain points; but if I could take you through the halls of that learned society, you would find that in their official capacity, the Fellows of Balliol are a body of discontented men. There is always some great thing which the college needs, and is trying to get. If the day should come when the Fellows fold their hands and say—"No more changes: we are as good as any one can expect us to be"—that will be the day of Balliol's decline.

LAW TEACHING.

There is one department of our work which has occupied so much of my mind that I should like to mention it specially to-day. I refer to our Law classes. There is a very strong body of opinion to the effect that our present system of law teaching is inadequate and unsatisfactory.

I will ask you to look closely at the advice given by the Commissioners on this point, and I make that request because this part of our scheme is persistently misquoted. The Bombay Senate, for example, has recorded a Resolution condemning a proposal which I cannot find in the Report. We recommend—I wrote the words myself, and chose them carefully—that “the question of creating or maintaining and improving an adequate School of Law should be taken up without delay at each of the Universities.” When the question is taken up, we shall have to consider details and to meet fairly any representation from the interests affected. In the first instance, the question, as it relates to Calcutta, is for the Government of Bengal and the High Court; and with them I am content to leave it. But my colleagues in the Senate may rest assured of this, that we do not advocate centralisation for its own sake. My own belief is that a School or College of Law, if we can see our way to establishing it, will render services of great value to our profession, and will also have a good effect on the administration of justice in the Province.

As to existing Law classes we submitted no formal recommendation, but we expressed the opinion that they **must disappear** “except where it can be shown that a centre of *bonâ fide* legal teaching can be established.” Taken with these qualifying words, the sentence is almost a truism, for surely none of us would defend a college department which neither is nor hopes to become a centre of *bonâ fide* teaching.

On this point there is, I venture to think, a considerable measure of agreement between Mr. Justice Banerjee and myself. He is opposed to centralisation, so far as Calcutta is concerned, and at Calcutta, Bombay and Allahabad he would leave Law teaching to the colleges, provided—my honourable and learned friend is a master of accurate language, and you must not forget the proviso—“provided that they increase their staff where it is insufficient, and make arrangements for tutorial supervision.” And he recommends “that those three Universities should establish at their local centres good Law libraries accessible to all Law students of affiliated colleges, and Law societies under the guidance of Committees composed of members of the Bench and the Bar of the High Court and of Professors of the Law Colleges.” If those who quote Mr. Justice Banerjee’s opinion against mine will only

promise to work up to the learned Judge's programme, I will gladly leave the matter to be settled between him and them.

THE FINANCIAL PROBLEM.

The problem of reform is to some extent a money problem. My mind is always returning to this part of the subject, and I see as clearly as any of our critics all the difficulties that lie before us. I do not for one moment forget that good work has been done, and is being done with very humble appliances, or that India is a country in which learning and poverty have often gone cheerfully hand in hand; but even if our staff be left out of account, we cannot have the buildings and the libraries and the laboratories we should like to have unless we are prepared to face a large expenditure. I have sometimes been asked to explain how the Scottish nation has been able to provide itself with four teaching Universities for a population of four millions. Those Universities owe little to legislation or to Government action of any kind. They have been placed in the position they now occupy by a long succession of gifts from their own graduates and students—men who remember their college days with pride, and who desire to hand on to others the advantages which they have themselves enjoyed. It is to this source, more than to any other, that I would fain look for the help we need. Do not say that the University is an alien institution, which strikes no deep root into the soil of India, but make it your own by wise generosity and patient effort.

THE QUESTION FOR THE SENATE.

Next week we shall begin to debate these matters in the Senate. May I now make a personal appeal to my colleagues in that learned body? It seems to me that the time has come to shut off the stream of eloquence which has been flowing so freely, and to see what we can effect by amicable interchange of opinions. I shall be present at that debate, not as a Commissioner, nor as a member of the Government, but as Vice-Chancellor, bound to consider every question in its relation to the interests and the sentiments of my own University.

I ought, perhaps, to apologise for an address which has partaken so largely of a controversial character. The learned Chief Justice may almost have thought he was back in the High Court, listening to a too persistent ad-

- vocate. And in truth I have spoken this afternoon as one who has a great cause to plead. I hold a brief for the University of Calcutta, and my brief is the Report of the Universities Commission. On that I shall ask their judgment—not pressing any detail of our scheme, but concentrating attention on the main issue. I ask them to admit that there are serious defects and some abuses in our present system, and if they are with me on that point, then to decide that the University will co-operate with the Government in endeavouring to find a remedy for evils which we all deplore. If their judgment is in my favour I shall rejoice, and if it is against me, I can wait for better times.

597. In opening the proceedings, the Hon'ble the Vice-Chancellor explained that the Senate had been convened to consider, at the invitation of the Government of India, the Report of the Indian Universities Commission. The lateness of the invitation was due to an official misunderstanding as to whether India or Bengal should invite the opinion of the Senate. The Syndicate had framed a series of questions arising out of the Report, for the Senate to discuss and vote upon. These questions were now laid before the Senate. He would like to impress on the Senate that the Government of India was not going to prepare a detailed scheme of University administration,

and to impose it upon them forthwith. What Government had to consider was the main issue of the Report—whether the powers of the Universities ought to be enlarged, and if they were enlarged, what constitutional changes would be necessary. That was the issue to which he would ask the Senate mainly to direct themselves, especially as they were expected to communicate their opinion before Government left Calcutta.

QUESTIONS FOR DISCUSSION.

THE SENATE.

1. Is it desirable that there should be a new Senate? If so, by whom and in what manner is it to be constituted?

2. Is it desirable to fix a maximum number for the Senate? If so, what would be a suitable number for this University? If such maximum number falls short of the existing number, how is the reduction to be effected?

3. What should be the proportion in the new Senate between nominated Fellows and elected Fellows? Should any new Fellows be elected by the Senate as well as by the Graduates? By what class of Graduates is the right of election to be exercised? Is the right to election to be limited to Graduates holding the highest degree in any Faculty?

4. Are members of the Senate to be appointed for a fixed period? If so, for what period?

THE FACULTIES.

5. Should the Faculties be constituted by the Government of India, instead of by the Senate as at present?

6. Is it necessary to limit the number of members in the several Faculties?

7. Is it desirable to prevent any member of the Senate from becoming a member of more than one Faculty?

THE SYNDICATE.

8. Is it desirable that the Director of Public Instruction should be *ex-officio* a member and Vice-chairman of the Syndicate?

9. Is it desirable that the Syndicate should be elected by the Senate, instead of by the Faculties as at present?

10. Is it desirable that there should be a statutory majority of teachers, as such, in the Syndicate?

11. Is it desirable that any of the powers of the Syndicate should be exercised independently of the Senate? Is it desirable that the Syndicate should act independently of the Senate in regard to disaffiliation of Colleges?

COLLEGES.

12. What should be the relation between the University and its affiliated Institutions, especially in the matter of control, supervision, and formal inspection?

13. What should be the attitude of the University in the matter of "Residential Colleges" and "Licensed lodging houses or Hostels"?

14. Is it necessary that there should be a properly constituted governing body for each College, or that there should be no Colleges dependent on the interest of one individual?

FEES.

15. Is it desirable to lay down the principle that the fees must not be fixed so low as to tempt a poor student of but ordinary ability to follow a University Course which it is not to his real interest to undertake?

16. Is it desirable to lay down the principle that if free studentships are permitted, they ought not to exceed three per cent. of the total number of students on the rolls of a College?

17. Is it desirable that the Syndicate should prescribe a minimum rate of fees for affiliated Colleges?

TRANSFERS.

18. Is it desirable to prescribe that no transfer should be permitted in the middle of a course of study, unless for special reasons to be recorded in writing by the College authorities and reported to the Syndicate?

SECOND GRADE COLLEGES AND SCHOOLS.

19. Is it desirable that *Second Grade* Colleges should either rise to the rank of *First Grade* Colleges or fall back to the position of High Schools? Is it desirable that the University should decline to affiliate any new *Second Grade* College?

20. Is it necessary that College classes should be conducted in a separate building and under separate management?

21. Is it desirable that the recognition of Schools by the University should depend on their recognition by the Director of Public Instruction?

LAW TEACHING.

22. Is it desirable that the study of Law should be centralised in a properly equipped Law College maintained by the University?

ENTRANCE EXAMINATION.

23. Is it desirable that the study of English should not be permitted to be begun till a boy can be expected to understand what he is being taught in that language?

24. Is it desirable that text-books in English should be abolished for the Entrance Examination?

25. Is it desirable to fix a minimum limit of age for candidates for the Entrance Examination? If so, what limit?

26. Is it desirable to raise the standard for the Entrance Examination by prescribing that no candidate should pass who does not obtain 40 per cent. in English and 35 per cent. in each of the other subjects, and that a minimum of 30 per cent. should be required in each of the English Papers?

27. Is it desirable to lay down that no candidate shall be allowed to appear for Matriculation more than three times, whether at one or at several Universities?

F. A. EXAMINATION.

28. Is it desirable to introduce the principle of bifurcation at the stage of the F. A. Examination?

29. Is it practicable to insist that every candidate for the F. A. Examination should have gone through a practical course in Physics and Chemistry in the College laboratory?

30. Is it desirable that History should be altogether excluded from the F. A. Examination.

B. A. EXAMINATION.

31. Is it desirable to abolish the "B" or Science Course from the B. A. Examination?

32. Is it desirable that the B. A. Honour Examination should be abolished, that the standard of the Pass Examination should be raised, and that the number of subjects in which a candidate is to be examined should be raised from three to four?

33. Is it desirable to allow candidates who have failed to pass the F. A. or B. A. Examination to appear at a subsequent Examination without attending a fresh course of lectures?

B. SC. EXAMINATION.

34. Is it desirable to dispense with a separate test in English for the B. Sc. Examination?

M. A. EXAMINATION.

35. Is it true that the Course in English for the M. A. Examination has been too easy? Is it desirable that it should be combined with a Course in a vernacular, or in an Eastern or Western classical language? it necessary that Anglo-Saxon should be excluded from the M. A. Course in English?

36. Is it desirable that an Indian vernacular should form part of the subjects for Examination for the M. A. Degree in a classical language of India?

37. Is it desirable that Persian should not be accepted by itself as a subject for the M. A. Course, but that it should be combined with some other Indian classical language or Urdu?

SUBJECTS OF EXAMINATION.

38. Is it desirable to frame any course of studies which renders it possible for a candidate to obtain a degree in this University without any knowledge of Physical Science and Chemistry?

39. Is it desirable that candidates who take up Sanskrit should be compelled to write in Deb nagri characters?

40. Is it desirable that unseen passages should carry high value in all the higher Examinations in Arabic?

METHODS OF EXAMINATION.

41. Is it desirable to abrogate the rule which provides that no gentleman shall be appointed to set a paper in a subject of which he teaches the whole or a part?

42. Is it desirable to abolish the practice of noting the number of marks assigned to each question in an Examination paper?

43. Is it desirable to forbid the award of grace marks, and to apply a hard-and-fast rule to candidates who have failed in one subject?

44. Is it desirable to make any alteration in the rules for the admission of Private Students to the Examinations of this University?

45. Is it desirable that the system of Examination by Compartments, in so far as it has been applied to candidates who have failed in the L. M. S. Examination, should be abolished?

46. Is it desirable that the F. A. Examination should be the preliminary qualification for the University Course in Engineering?

LICENSE IN TEACHING.

47. Is it desirable to provide suitable courses of lectures for teachers, and to grant a license in teaching?

598. Babu Debaprasad Sarbadhikari, M.A., B.L., who had given notice of a motion to refer the questions to a Committee for report, withdrew his motion.

599. Mr. R. Mittra, LL.B., moved—

“That the Senate being of opinion that the Senate, as at present constituted, has on the whole worked very well, and that the various necessary elements are fairly represented on it, disapproves of the recommendation to abolish the present Senate and appoint a new one consisting of 100 members.”

In presenting the motion, Mr. Mittra remarked that the situation was a critical one. The Senate had practically met to show cause why the verdict of the Commission for their extinction should not be enforced. It was a Commission in the composition of which they had had no voice, and on it sat a Mahomedan Member with an avowed animus against the Indians of Bengal, for whom Government had to travel beyond British India. It had been urged that the Senate was an unwieldy body. But the number of Fellows of the Calcutta University was not so large as that of the Fellows of English Universities—of Cambridge for example. Besides, a scrutiny of the list of Fellows would show that, for all intents and purposes, there were only 110 Fellows, that is, only ten in excess of the number recommended. The charge of inefficiency was very vague. If a tree was to be judged by its fruit, this inefficient Senate had turned out men who were ornaments to the spheres of life they had adopted. Indeed, the classes of men from which the Universities Commission would draw our Senators were just the classes of men who composed our present Senate. Thus there was no case against the Senate, and the movement seemed to emanate from an alarmist view of the situation, as if the growth of graduates and the popular element were fraught with political danger.

Babu Herambachandra Maitra, M.A., seconded the motion. Referring to the charge that the Senate was an unwieldy body, he pointed out that, as a matter of fact, the proceedings of the Senate had never suffered from any of the drawbacks incident to an unwieldy body. He illustrated in detail how a progressive spirit had always dominated the deliberations of the Senate. Important reforms had been effected, and other reforms had been blocked only by the virtual refusal of Government to enlarge the powers of the Senate. There was absolutely no case for the sweeping measure recommended by the Commission.

Babu Debaprasad Sarbadhikari, M.A., B.L., pointed out that an analysis of the results of the system of election, as far as it had been in operation here, would show that the electors had fully justified the concession made.

Babu Jogendranath Sen, M.A., B.L., observed that a reduction in the number of Fellows was not to be regarded as a panacea for all the defects in the existing system of University education. There was need for the element of aristocracy as well as that of culture finding a representation on the Senate.

Mr. A. F. M. Abdur Rahman, Khan Bahadur, protested against Mr. Mittra's remarks with reference to the Mahomedan Member on the Commission, who enjoyed the absolute confidence of his community.

The Rev. A. P. Begg, M.A., urged that the number of Fellows should not be under 150.

The Rev. Dr. J. Morrison, M.A., D.D., remarked that if the composition of the Senate was not all that was desirable, the blame lay on Government, and not on the Senate. There was need for a larger representation of teachers on the Senate and Syndicate to provide against unsatisfactory results.

Mr. N. N. Ghose, F.R.S.L., observed that Mr. Mittra's motion was the safest to be adopted under the circumstances. If the composition of the Senate was to be improved, the end might very well be secured without the aid of fresh legislation. The Chancellor had absolute discretion in the appointment of Fellows, and that discretion had only to be properly exercised in the filling up of vacancies, to secure any desirable reduction in the number of Fellows, or any desirable introduction of certain classes of Fellows. No difficulty had ever been experienced in

conducting the meetings of the Senate. If the deliberations of the Senate had not always resulted in good, would be found that in those cases the mischief had been caused by experts, each animated with a desire to push his own fad. Only educational experts would not answer. Men with knowledge of the country, its social and economic conditions, were needed in the direction of affairs.

Dr. Suresprasad Sarbadhikari, M.D., did not favour the idea that the teaching element should preponderate. The function of the teacher was to teach, not to control teaching.

Mr. R. C. Dutt, C.I.E., observed that he had looked in vain for any evidence in the Report that would substantiate the charge of inefficiency brought against the Senate. There was no cause for the drastic measure recommended by the Commission. The Senate was the creation of past Viceroys, and it was perfectly within the competency of Viceroys to rectify any defects without going the length of the recommendation of the Commission. We needed not merely educational experts, but men in touch with the social life of the country.

Babu Bhupendranath Basu, M.A., B.L., pointed out that, having regard to the conservative genius of the people, it was necessary to introduce into the Senate men who, though not distinguished for culture, were leaders of society, and whose influence would commend the cause of high education to the country. Their services could not be ignored. Laymen on Senate had always right loyally followed the leading of eminent teachers and experts.

The Hon'ble Mr. C. W. Bolton, C.S.I., pointed out that it was a misapprehension to suppose that there was any intention to abolish the present Senate or to cast any slur upon them.

Raja Pyarimohan Mookerjee, M.A., B.L., C.S.I., testified to the good the University had done, and observed that successive Chancellors and Vice-Chancellors had pronounced it an unprecedented success. It had kept pace with the progress of intelligence. He characterised the treatment it was threatened with, as gross injustice and deliberate insult.

Mr. E. M. Wheeler, M.A., pointed out that, if it was desirable to reduce the number of Fellows, section 7 of the Act of Incorporation gave the Governor-General of

India in Council ample power to do so without the aid of fresh legislation. He would suggest, however, that the words "being of opinion.....represented on it" be omitted from the motion.

Mr. Mittra accepted the suggestion.

The Hon'ble Dr. Asutosh Mukhopadhyay, M.A., D.L., F.R.A.S., F.R.S.E., observed that there was nothing like proper representation on the Senate, and the Senate needed to be strengthened. Many of the colleges were not represented at all on the Senate, and the proportion of teachers (60 out of 153) was grossly inadequate. The Advocate-General was not a Fellow, and the Law Faculty had not the benefit of his services. The conflicting elements of experts and non-experts, Europeans and Indians, officials and non-officials, on the Senate, needed to be duly balanced. The system of nomination could not be said to have been fairly worked by Government. The system of election, as far as it had been in operation, could not be charged with failure. Terminable Fellowships would interfere with the independence of the Senate.

The Rev. Dr. K. S. Macdonald, M.A., D.D., observed that he was at a loss to make out what precisely was intended by a new Senate, as recommended.

The Hon'ble the Vice-Chancellor, (who vacated the Chair in favour of the Hon'ble Dr. Asutosh Mukhopadhyay, M.A., D.L., F.R.A.S., F.R.S.E.), in bringing the discussion to a close, remarked that there was no proposal to extinguish the present Senate, nor had any one charged the present Senate with incompetency. There was general discontent as to the character of the teaching, and the complaint was well-founded. To remedy the evil, it was necessary to enlarge the powers of the Senate, but it was felt that the present Senate were not a proper body to exercise the enlarged powers. Hence the necessity for a reconstitution of the Senate. There was not a scrap of evidence to sustain the charge that the recommendation was part of a plot against the interests of high education. If Government was to blame for the composition of the present Senate, it was no argument against Government proposing to reform the Senate for the future. A working governing body was needed, and that was all that was aimed at. To bring about the result in the exercise of powers conferred by section 7 of the Act of Incorporation would be unexampled and invi-

•dious. It was necessary to constitute the Senate on principle, giving representation to all Studies and branches of learning, and for this purpose a measure of reconstitution was required.

The motion was then put to the meeting in the following form:—

“That the Senate disapproves of the recommendation to abolish the present Senate and appoint a new one consisting of 100 members.”

Forty-one members voted for it, and seventeen against it.

The motion was declared carried.

600. The Senate adjourned to meet again on Saturday, the 7th March, 1903.

601. The discussion of the questions referred by the Syndicate was resumed.

602. The Rev. A. P. Begg moved—

“That the strength of the Senate of the Calcutta University be kept up to 150, and that vacancies be filled in the proportion of one-half by election by registered graduates holding the highest class of degree and one-half by appointment of His Excellency the Chancellor.”

The motion was seconded by Babu Jogendrachandra Ghose, who pointed out that the genius of the country and the example of English Universities demanded a self-governing Senate.

The Rev. Father E. Lafont, S.J., and the Hon'ble Mr. C. W. Bolton took exception to the motion as out of order, in view of the motion carried at the previous meeting.

Mr. N. N. Ghose observed that no maximum should be fixed, and that the election system had not proved a great success. The motion, on being put to the meeting, was declared lost.

603. The Hon'ble Dr. Asutosh Mukhopadhyay moved—

I. That it is not desirable to deprive the Senate of the power of constituting the Faculties.

II. That it is not necessary to limit the number of members in the several Faculties.

III. That it is not desirable to prevent a member of the Senate from becoming a member of more than one Faculty.

In presenting these motions, the Hon'ble Dr. Mukhopadhyay pointed out that if the constitution of the Faculties had not been all that could be desired, the blame rested, not with the Senate, but with the Government. If gentlemen were appointed Fellows who had no special qualifications, and yet had to be assigned to a Faculty, the Senate were helpless. Surely, if the Senate could be trusted with the power of disaffiliating colleges, they could be trusted with constituting the Faculties. They had not in the Senate a superabundance of experts, and the restriction of Fellows to only one Faculty would operate to confine expert service to one department when it was equally needed in other departments.

Rai Jatindranath Chaudhuri seconded the motions.

Mr. G. W. Kuchler, while allowing that the Faculties must overlap in some measure, observed that the Senate had not always exercised a wise discretion. He would instance the large number of lawyers assigned to the Faculty of Arts. The constitution of the Faculties should, in his opinion, rest with the Vice-Chancellor.

Babu Jogendranath Sen pointed out that these lawyers were all graduates in Arts.

The motions, on being put to the meeting, were all declared carried.

604. The Hon'ble Dr. Asutosh Mukhopadhyay moved—

"I. That no case has been made out for having any *ex-officio* member of the Syndicate.

II. That the Syndicate should be left free to elect its own Vice-Chairman from year to year.

III. That it is not desirable that the Syndicate should be elected by the Senate instead of by the Faculties as at present.

IV. That the Senate, while admitting that teachers should be adequately represented on the Syndicate, is of opinion that it is not desirable that there should be a statutory majority of teachers, as such, in the Syndicate, as recommended in para. 51 of the Report.

V. That it is not desirable that any of the powers of the Syndicate should be exercised independently of the Senate, and that, in the opinion of the Senate, it is expedient and necessary that the Senate should not be deprived of the power it at present possesses of revising the decision of the Syndicate upon any matter.

VI. That it is not desirable that the Syndicate should act independently of the Senate in regard to disaffiliation of Colleges: that the Senate fully approves of the principle indicated in para. 15 of the letter of the Government of India, *viz.*, that the recommendation of the Syndicate for the disaffiliation of a College should, in the first instance, be brought before the Senate and be subsequently submitted to Government along with the views of the Senate upon the matter."

In presenting these motions, the Hon'ble Dr. Mukhopadhyay observed that no necessity had arisen for providing, by statute, that the Director of Public Instruction should be a member of the Syndicate. He had been uniformly returned. If a statutory provision had to be made, the question would arise, which of the Directors of Public Instruction should have the privilege? Besides, the Director of Public Instruction did not represent every department of study. The Heads of the departments of Law and Medicine might have an equal claim.

In the same way, there was no ground for providing, by statute, that the Director of Public Instruction should be Vice-Chairman of the Syndicate. The Government of India did not seem to be quite in favour of the proposal. In the absence of the Vice-Chancellor, the Senior Member had hitherto taken the chair. If the names of the senior members who had occupied the chair were considered, it would be found that the interests of education were quite as safe in their hands as they would have been in the hands of the Director of Public Instruction, if not safer.

The representation of the Faculties on the Syndicate would be safer in the hands of the Faculties than in the hands of the Senate. The Members of the Faculty of Medicine, for example, would be a minority in the Senate. Was it desirable that the Senate should be in a position to override their choice as to who should represent them on the Syndicate?

It should be remembered that courses of study were regulated by Boards of Studies, which were composed entirely of experts. As far as this function was concerned, therefore, the voice of teachers was supreme. Legislation was not likely to secure a proper representation of the Colleges on the Syndicate. The interests of Colleges were conflicting, and in the election of representatives, the

practice had been to secure that Government Colleges, Missionary Institutions and other private Colleges were represented on the Syndicate.

The Syndicate, as indeed every other body, were likely to do their duty better if there was a Court of Appeal. There had been a case in which the Syndicate recommended the disaffiliation of a college. The Senate interposed and resolved upon a different course. Both the recommendations were before Government, and Government supported the Senate. There had been cases in which the Syndicate found it necessary to refrain from taking action, because they had not sufficient materials to lay before the Senate in justification of such action. Besides, as regards disaffiliation, the University simply made a recommendation. The ultimate decision rested with Government.

Mr. H. M. Rustomjee seconded the motions, which were supported by Babu Srischandra Chaudhuri.

Babu Mahendranath Ray spoke in favour of a statutory majority of teachers on the Syndicate. He analysed the results of the elections for some years, and pointed out that, with the exception of two teachers, no other teachers had had a chance.

The Rev. Dr. J. Morrison was of opinion that a majority of teachers should be secured on the Syndicate by statute. The necessity for the B. A. Inquiry Committee was evidence that the teaching element should be strong in the governing body of the University.

Dr. P. K. Ray observed that *bonâ fide* teachers should have more control over the affairs of the University, that is, men who had made education their main pursuit in life. Such men had little chance hitherto at the election of representatives.

Babu Goneschunder Chunder, Maulavi Muhammad Yusoo, Khan Bahadur, and Babu Jogendrachandra Ghose were in favour of the Director of Public Instruction being an *ex-officio* member of the Syndicate.

Maulavi Syed Shamsul Huda would leave the Director of Public Instruction to be returned by the free vote of the Faculty.

Mr. E. M. Wheeler suggested the insertion of the words "under bye-laws to be framed by the Senate" after the word "Syndicate" in the fourth motion.

The Hon'ble Dr. Mukhopadhyay accepted the suggestion.

The motions, on being put to the meeting, were all declared carried.

605. The Hon'ble Dr. Asutosh Mukhopadhyay moved—

I. That it is necessary that the Senate should exercise an effective power of control over affiliated Colleges and should exercise some degree of supervision over them; but it is not desirable that there should be any undue interference with the internal management of the Colleges or any interference with the administration of their finances so long as proper efficiency is maintained.

II. That it is essential that the University should make provision for the appointment of a special officer of its own for the inspection of affiliated Colleges, whose duty it will be to submit regularly full reports upon the condition of the Colleges, to be considered by the Syndicate or by a special Standing Committee of the Senate.

III. That the Senate approves of the principle underlying the proposals of the Commission which relate to the question of proper residence for students, and would welcome any practicable scheme relating to this matter.

IV. That the Senate, while approving of the principle that there should be a properly constituted governing body for each college, is of opinion that, under existing conditions, exception to the general rule should be allowed."

In presenting these motions, the Hon'ble Dr. Mukhopadhyay observed that it was necessary to provide for the supervision of colleges. Affiliation ought to be a subsisting relation. There had been instances of colleges deteriorating from their original standard, and of the deterioration not coming to the knowledge of the University until matters had drifted to a crisis. The University had ample funds for providing for the necessary supervision. It was desirable also that the government of a college should be vested in a Committee, and not in the Proprietor alone, except in the case of such a proprietor as Pandit Iswarachandra Vidyasagara, where a Committee would be a hindrance rather than a help.

Babu Jogendrachandra Ghose seconded the motions.

Dr. P. K. Ray suggested that schools should be supervised as well as colleges.

Babu Herambachandra Maitra suggested that rules should be framed for the guidance of the colleges.

Mr. N. N. Ghose urged that the supervision should be held by persons who were in no way interested in the colleges. He was not in favour of a Government officer supervising a private college.

Lieutenant-Colonel G. S. A. Ranking proposed that motion No. IV be amended as follows:—

“That the Senate approves of the principle that there should be a properly constituted governing body for each college.”

The Rev. Father E. Lafont, S.J., seconded the amendment.

Babu Umeschandra Datta pointed out that the University did not exercise the control it had over the colleges. The machinery was wanting for the exercise of such control, and steps should be taken to supply it. At the same time, unnecessary interference should be avoided.

On the motions and the amendment being put to the meeting, the first three motions and the amendment on the fourth were declared carried.

606. The Hon'ble Dr. Asutosh Mukhopadhyay moved—

I. That the Senate disapproves of the principle ‘that the fees must not be fixed so low as to tempt a poor student of but ordinary ability to follow a University Course which it is not to his real interest to undertake.’

II. That the Senate disapproves of the principle ‘that if free studentships are permitted, they ought not to exceed three per cent. of the total number of students on the rolls of a college.’

III. That it is not desirable that the University should interfere in the matter of fees, but that the interference should be limited to the determination of the conditions of efficiency and the strict enforcement of such conditions.”

In presenting these motions, the Hon'ble Dr. Mukhopadhyay remarked that the recommendation to shut out poor students as such had caused him much surprise. Besides, it was not workable. Efficiency was all that the University could reasonably insist upon.

The Hon'ble Maulavi Serajul Islam, Khan Bahadur, seconded the motions, pointing out that the recommendation as to fees would seriously affect Mahomedan students.

Mr. N. N. Ghose pointed out that, having regard to the fact that almost every opening for service was shut against those who had not passed University Examinations, the recommendation would operate most prejudicially.

The Rev. A. P. Begg was in favour of the raising of fees, as it would enable the Colleges to maintain a proper staff, and to offer free studentships to poor students,

• The Rev. Father E. Lafont, S.J., agreed in thinking that by charging students fees according to their social status, Colleges would be in a position to help poor students, who should not, however, be admitted to free studentships without passing a test examination.

Babu Jogendrachandra Ghose pointed out that the vast majority of the gentry were poor.

Babu Mahendranath Ray pointed out that low fees were responsible for the inadequate pay of the Professors.

In closing the discussion, the Hon'ble the Vice-Chancellor remarked that there was nothing in the Report to excite the indignation called forth in connection with poor students. Efficiency was the primary consideration. Cheapness should not be secured at the sacrifice of the staff. Low fees involved two evils. They drew away students from colleges charging proper fees, and they tempted poor students to go in for spheres of life which it was against their true interests to aim at.

The motions, on being put to the meeting, were all declared carried.

607. The Senate adjourned to meet again on Saturday, the 14th March, 1903.

608. On the discussion of the questions referred by the Syndicate being resumed, the Hon'ble Dr. Asutosh Mukhopadhyay moved—

“That the Senate disapproves of the recommendations of the Commission relating to the transfer of students and terminal payment of fees, but the Senate approves of restriction upon the transfer of students when such transfer is asked for to evade discipline.”

In presenting the motion, the Hon'ble Dr. Mukhopadhyay observed that the recommendation of the Commission with reference to transfers, ignored the fact that applications for transfer were sometimes based on change in the circumstances of students or of colleges, and that payment in advance would be a hardship, if not an impossibility, to many students.

The Rev. Father E. Lafont, S.J., seconded the motion.

Babu Jogendranath Sen observed that the Government Transfer Rules were sufficiently stringent.

The Rev. Dr. J. Morrison moved that the words “or in the middle of a term except in special cases” be added to the motion. No one seconding the motion, it fell through.

The Hon'ble Dr. Asutosh Mukhopadhyay's motion, on being put to the meeting, was declared carried.

609. The Hon'ble Dr. Asutosh Mukhopadhyay moved—

"That the Senate disapproves of the recommendation of the Commission regarding the abolition of second grade Colleges, and accepts the view of the Government of India indicated in paragraph 11 of their letter, namely, 'that so long as efficiency is strictly insisted upon, second grade Colleges occupy a definite place in the educational machinery of the country and fulfil a useful function.'

Assuming that it is desirable that School and College classes should be conducted in separate buildings, the Senate is of opinion that any such arrangement is impracticable under existing conditions, and the Senate disapproves of the recommendation that Schools and Colleges should be under separate management."

In presenting the motions, the Hon'ble Dr. Mukhopadhyay pointed out that the Government of India had already demurred to the recommendation of the Commission regarding the abolition of Second Grade Colleges. He observed further that it was not practicable to hold School and College classes in separate buildings. When there were so many claims on the funds of our colleges, it was not proper to insist on money being spent on securing separate buildings for them.

The Rev. Dr. K. S. Macdonald suggested that for the word "impracticable", the words "not always practicable" be substituted.

The Hon'ble Dr. Mukhopadhyay accepted the suggestion.

The motion, on being put to the meeting, was declared carried.

610. The Hon'ble Dr. Asutosh Mukhopadhyay moved—

"That the Senate disapproves of the recommendation of the Commission that the recognition of Schools by the University should depend on their recognition by the Director of Public Instruction, and the Senate accepts the view of the Government of India as indicated in para. 16 of their letter, namely, 'that the recognition or non-recognition of a School will be the act of the University, that the functions of the Education Department will be limited to placing before the University the information requisite to enable it to exercise its controlling authority, and that the rules which a School will have to conform to for the purposes of recognition will be not the departmental rules, but the rules framed by the Syndicate for this purpose.'"

In presenting the motion, the Hon'ble Dr. Asutosh Mukhopadhyay pointed out that the Government of India

had, in this matter, defined and demarcated the functions of the Education Department and the University respectively. The Syndicate were not always able to accept the recommendations of the Inspectors of Schools. In such cases the Inspectors concerned, naturally, went up to their Chief, the Director of Public Instruction, who, as naturally, accepted their version of the case. The charge that the Syndicate recognised venture schools was absolutely unsustainable.

The Rev. Father Lafont, S.J., seconded the motion, which was supported by Mr. E. M. Wheeler.

The motion, on being put to the meeting, was declared carried.

611. Mr. N. N. Ghose moved—

“That the Senate does not disapprove of the recommendation for the establishment of a Central Law College in Calcutta, but is of opinion that the Law classes in colleges affiliated in Law to the University should not be abolished, but should, like the Arts Department, be subject to the control and supervision of the University.”

In presenting the motion, Mr. Ghose pointed out that the Commission had, in this matter, proceeded upon considerations which were not based upon facts. A comparison between the standard of law teaching in the English Inns of Court and in our Colleges would show that a higher standard was required of B.L. candidates. No keys to text-books in Law were written. The method of teaching by cases was followed, although books of cases could not be expected to produce practical lawyers. It was not true that Arts Colleges would perish if Law Classes were abolished. No case had been made out against Law Colleges. At the same time rules for their improvement would be welcome, and a Central Law College might be established to serve as a model.

Babu Umeschandra Datta seconded the motion.

612. The Hon'ble Dr. Asutosh Mukhopadhyay moved—

“That the Senate is of opinion that it is desirable to improve the present system of law teaching, and the Senate accepts the opinion of the Government of India indicated in para. 18 of their letter, namely, that a Law College should be established, but that its object should be to serve as a model, and that it should possess no monopoly.”

In presenting the motion, the Hon'ble Dr. Mukhopadhyay pointed out that the discussion should not be

governed merely by the state of things in the Calcutta Law Colleges. The case of the Mofussil Colleges should also be taken into account. There was ample room for improvement, and opportunity should be given to the Colleges to introduce improvements. There could be no objection to a Law College being established, but it should serve as a model and possess no monopoly.

Maulavi Serajul Islam, Khan Bahadur, seconded the motion.

On being put to the meeting, both Mr. Ghose's and the Hon'ble Dr. Mukhopadhyay's motions were declared carried.

613. The Hon'ble Dr. Mukhopadhyay moved—

"That the consideration of the subjects covered by questions 23 to 47 be postponed for the present, and that the Government of India be requested to give the Senate an opportunity of expressing their opinion upon these questions before the Government of India frames any Regulations relating to these matters."

In presenting the motion, the Hon'ble Dr. Mukhopadhyay pointed out that the Government of India had no agency for framing Regulations as to details of courses of studies apart from the Senate.

Babu Mahendranath Ray seconded the motion.

A discussion followed as to the exact term of the motion, in which Babu Jogendranath Sen, Mr. N. N. Ghose and Babu Bhupendranath Basu took part.

Mr. N. N. Ghose suggested that the motion take the following form :—

"That the consideration of the subjects covered by questions 23 to 47 be postponed, and that the Government of India be requested to leave the determination of them to the Universities, each for itself, in accordance with the existing law and practice."

The Hon'ble Dr. Asutosh Mukhopadhyay accepted the suggestion.

The motion, in the form suggested and accepted, being put to the meeting, was declared carried.

614. The Hon'ble the Vice Chancellor, in winding up the discussion, vacated the Chair in favour of the Hon'ble Dr. Asutosh Mukhopadhyay, and proceeded to thank the Senate for the readiness with which they had accepted the suggestion as to the procedure of discussion. The event had justified the suggestion, and every body

had had a fair hearing. Those who were alarmed at the prospect of constitutional changes, should have remembered that the Commission did not aim at subverting the Senate. Their object was to reform the Senate, and the question was whether the large powers they desired to confer on the University could be trusted in the hands of the existing Senate. The Colleges, which constituted a University, were not mere schools, but had higher aims, and their competency for fulfilling these aims must be established by proper tests. Examinations were not a sufficient test, and the fact that Examination results were regarded as a conclusive test showed that the Commission were right in saying that teaching had been subordinated to Examination. To have regulations imposed upon the Senate by outside authority would be nothing out of the way. Oxford was controlled by Statutory regulations. If the Regulations generally had to be recast, Government would have to employ a special agency. It was necessary to provide against an illegitimate competition between Colleges maintained by the lowering of fees as also against the relaxation of discipline caused by the system of transfers. In the recommendations about Colleges, the principle sought to be emphasised was, that a College was not complete without a College life. While allowing freedom to the Senate in a considerable measure, it was not possible for Government to throw off all responsibility in the matter of the education of our students.

Before resuming his seat, the Hon'ble the Vice-Chancellor announced that the Resolutions passed by the Senate would be forwarded to the Government of India.

615. Babu Herambachandra Maitra proposed a vote of thanks to the Chair, which was carried.

MINUTES OF THE SYNDICATE

FOR THE YEAR 1902-1903.

No. 12

THE 21ST MARCH, 1903.

Present:

THE HON'BLE Mr. THOMAS RALEIGH, C.S.I., M.A., D.C.L., *Vice-Chancellor, in the Chair.*

REV. FATHER E. LAFONT, S.J., THE HON'BLE DR. ASUTOSH MUKHOPADHYAY, M.A., D.L., C.I.E., M.I.E.E. F.R.A.S., F.R.S.E.

BABU KALICHARAN BANURJI, M.A., DR. NILRATAN SARKAR, M.A., M.D. B.J. LT.-COL. G. BOMFORD, C.I.E., M.D., I.M.S.

ALEX. PEDLER, ESQ., C.I.E., R. MITTRA, ESQ., LL.B. F.R.S. B. HEATON, ESQ.

616. The Minutes of the Syndicate, dated the 14th February, 1903, were read and confirmed.

617. Read the Minutes of the Faculty of Arts, dated the 7th February, 1903.

ORDERED—

To be recorded.

618. Read the Proceedings of the M. A. Board of Examiners for 1902, dated the 18th February, 1903.

ORDERED—

To be recorded.

RESOLVED—

That no further action be taken with reference to the results in Mathematics, Group B.

619. The Officiating Registrar submitted for approval a draft letter addressed to the Secretary to the Govern-

- ment of India, in the Home Department, embodying the Resolutions of the Senate on some of the recommendations of the Indian Universities Commission.

RESOLVED—

That the draft letter be approved.

ORDERED—

That the Resolutions of the Senate be communicated to the Government of India in terms of the draft letter.

620. Read a letter from C. L. Griesbach, Esq., C.J.E., F.G.S., intimating his retirement from the service on pension from the afternoon of the 24th ultimo, and requesting that, as in future he will reside permanently in England, the orders of the Government of India may be ascertained with regard to the retention or otherwise of the Fellowship which he holds in this University.

ORDERED—

That the letter be forwarded to the Government of India.

621. The Officiating Registrar reported that a candidate having taken up Hebrew as his Second Language at the B. A. Examination now being held, he had, in anticipation of the orders of the Syndicate, appointed Rev. W. McCulloch to set and examine papers in the subject.

RESOLVED—

That the action of the Officiating Registrar be approved.

622. The Officiating Registrar reported that Capt. T. B. Kelly, I.M.S., having resigned owing to his transfer from Calcutta, he had, in anticipation of the orders of the Syndicate, appointed Capt. H. B. Meakin, M.D., I.M.S., Examiner in Physiology at the B. Sc. Examination, and had also appointed him a member of the Board of Examiners for the ensuing M. B. and L. M. S. Examinations in the place of Capt. Kelly.

RESOLVED—

That the action of the Officiating Registrar be approved.

623. The Officiating Registrar reported that, in the absence of Capt. Kelly, he had asked Capt. Meakin to set the papers in Physiology for the B. Sc. Examination in 1904.

RESOLVED—

That the action of the Officiating Registrar be approved.

624. The Officiating Registrar reported that a vacancy having been caused in the list of the F. A. Examiners in Sanskrit by the death of Babu Kailaschandra Bhattacharyya, M.A., he had, in anticipation of the orders of the Syndicate, appointed Pandit Harischandra Kabiratna in the place of the deceased.

RESOLVED—

That the action of the Officiating Registrar be approved.

625. Read a letter from Babu Hirendranath Datta, M.A., B.L., Solicitor, requesting, on behalf of his clients, the Trustees of the Sree Gopal Basu Mallik Endowment, that if the new scheme submitted by the Trustees for the promotion and encouragement of Sanskrit learning and Vedantic studies be not acceptable to the Syndicate, they will be so good as to propose an alternative scheme or to suggest such alterations in or amendment of the scheme submitted by the Trustees as will obviate the objections to which the same may, in the opinion of the Syndicate, be open.

ORDERED—

That the Trustees be informed, through their Solicitor, that the Syndicate are willing to frame a new scheme, but as its preparation and adoption will take some time, they propose that meanwhile a Fellow be appointed, as under the old scheme, for one year.

RESOLVED—

That a Committee, consisting of the Hon'ble Dr. Asutosh Mukhopadhyay, M.A., D.L., F.R.A.S., F.R.S.E., Babu Jogendra-chandra Ghose, M.A., B.L., and R. Mittra, Esq., I.L.B., be appointed to draw up a new scheme.

626. Read a letter from the Heads of affiliated Colleges in Jaffna, Ceylon, taking exceptions to the paper on Tamil Translation [Part 1 (a) English] set at the recent Entrance Examination.

Read also a later letter from one of them, withdrawing the objections to the paper, and commending it as very fair.

ORDERED—

To be recorded.

627. Read a letter from N. D. Beatson-Bell, Esq., having reference to the management of the Rajchandra College.

RESOLVED—

That the whole case be laid before the Senate, with a recommendation that the privileges of affiliation be withdrawn from the College.

628. Read a letter from Babu Mahendranath Ghoshal, M.A., Professor, Rajchandra College, stating that the members of the College staff have not yet received their salaries for the month of January.

ORDERED—

That Babu Mahendranath Ghoshal be informed that the Syndicate regret they have no power to interfere in the matter.

629. Read a letter from the Principal, C. M. S. College, Calcutta, reporting that it has been decided by the Church Missionary Society in Calcutta to admit into their College a limited number of non-Christian students from June 1903, although in the application for the affiliation of the College up to the F. A. standard it was stated that the object of the Institution was to provide a University education to Christian students and to such non-Christian students only as had been previously educated in the schools of the Society.

ORDERED—

To be recorded.

630. Read a letter from the Acting Manager, Victoria College, Jaffna, requesting, on behalf of the College Coun-

cil, that the Governor-General in Council may be moved to pass early orders regarding the proposed affiliation of the College to this University.

ORDERED—

That the letter be forwarded to the Government of India.

631. Read a letter from the Secretary to the Chief Commissioner of Assam, enquiring whether the Syndicate of the Calcutta University would be prepared to consider the question of including the Vernacular languages used in Assam, other than Bengali, among the list of prescribed subjects for the Entrance Examination.

RESOLVED—

That the letter be laid before the Faculty of Arts.

632. Read a letter from the Secretary to the Institution of Civil Engineers, London, forwarding a copy of the Rules and Syllabus of Examinations for admission of students and for Election of Associate members, and intimating that the Council of the Institution have resolved to discontinue the practice of granting exemption from their Examinations to students who have passed the Entrance Examination of this University, adding however that if the University authorities should see fit to assimilate the range and standard of the pass requirements of their Examination to those of the Studentship Examination of the Institution or should institute a separate Examination fulfilling those conditions, to be taken voluntarily by any student who may contemplate admission to the Institution at a later date, the Council will be glad to consider an application for the inclusion of such modified or new Examination in Schedule I of their rules, as a qualification exempting wholly from the Examination of the Institution.

RESOLVED—

That the letter be laid before the Faculty of Engineering.

633. Read a letter from Mr. Mark W. Casey, C.E., M.S.I., A.I.S.E., Assistant Engineer, P. W. Department, inquiring whether he may be permitted to appear at

the B. E. or the L. E. Examination of this University without being required to pass the preliminary Examinations, with the following qualifications:—(i) Passed 6th from the Roorkee College with Assistant Engineer's certificate in 1900.

(ii) Associate of the Institute of Sanitary Engineers, London, by examination.

(iii) Member of the Sanitary Institute, London, by examination.

(iv) Passed the Government Final Standard Examination.

ORDERED—

That Mr. Casey be asked to apply through the Principal of the Civil Engineering College.

634. Read a letter from the Commanding Royal Engineer, Cordite Factory District, Military Works, Conoor, stating with reference to this Office letter No. 1043, dated the 7th February last, that as Sergeant Hamilton intends to appear at the F. E. Examination in 1904, the difficulty raised in para. 2 of the letter from the Principal, Civil Engineering College, Sibpur, regarding testing Sergeant Hamilton's knowledge in practical Surveying may be removed if the candidate is furnished with the necessary instructions as to the number and extent of the Surveys required and the class of instruments to be used.

ORDERED—

That the Commanding Royal Engineer, cordite Factory District, be informed that the Syndicate regret they cannot help Sergeant Hamilton in the manner suggested.

635. Read a letter from the Director of Public Instruction, Assam, stating that in countersigning the B.A. application of Babu Iswarchandra Biswas, Teacher of the Baniyachong High School, he has cut out the phrase "full period of two academical years" from the application, as the candidate has not served as a teacher for the full period of two academical years, and suggesting that the above phrase might be defined if a definition be deemed necessary; also enquiring whether the University authorities will accept the countersignatures of the Head Mas-

ters of recognised schools or of the Principals of affiliated Colleges in lieu of his countersignature, as he is often very far from Shillong, and the present practice is open to much objection.

ORDERED—

To be recorded.

ORDERED FURTHER—

That the Director of Public Instruction, Assam, be informed that the Syndicate cannot accept the countersignatures of the Head Masters of recognised schools or of the Principals of Affiliated Colleges in lieu of his countersignature in the case of applications from teachers

636. Read a letter from Babu Krishnaprasad De, M.A., submitting a paper on "Reciprocal Polars of Conic Sections" as the result of his research work in connection with the Premchand Roychand Studentship, which was awarded to him in 1900.

ORDERED—

That the paper be referred to the Hon'ble Dr. Asutosh Mukhopadhyay and Dr. C. E. Cullis, with a request that they will be good enough to favour the Syndicate with their opinion as to whether the paper gives evidence of special investigation.

637. Read an endorsement from the Principal, Presidency College, Calcutta, forwarding an application from Rabindranath Mitra, a student in the 4th year B.A. class of the College, praying that the deficiency in his attendance at lectures may be excused.

The Officiating Registrar reported that, in accordance with the orders of the Syndicate obtained by circulating the papers relating to the above case, he had permitted the applicant to appear at the B.A. Examination now being held.

ORDERED—

To be recorded.

638. Read an endorsement from the Head Master, Deogarh H. E. School, forwarding an application from

Babu Asutosh Banerjee, praying that as Kalidas Bhattacharyya, to whom the "Rajkrishna-Kshetramani" Scholarship was awarded on the results of the Entrance Examination of 1902, has ceased to prosecute his studies in a College, the scholarship may be awarded to Ramtosh Banerjee, who stood next to Kalidas Bhattacharyya in order of merit among the successful candidates from the Deogarh H. E. School, and who is now prosecuting his studies in the Raj College, Burdwan.

ORDERED:--

That the scholarship cannot be awarded, as prayed for.

639. Read endorsements from the Rector, Agartala College, forwarding applications from Kulachandra Goswami and Jogendrachandra Bhattacharyya, students in the 1st year class of the above College, praying that, as on account of ill-health they are compelled to leave Agartala and seek admission into some other College, the lectures attended by them in the Agartala College may be permitted to count towards their qualifying percentage of attendance, although the College has not yet been affiliated to the University.

ORDERED --

That the lectures attended by the applicants in the Agartala College be permitted to count towards their qualifying percentage of attendance.

640. Read a letter from Mr. A. J. Finlayson, Assistant Master, Diocesan School, Rangoon, stating that he has passed the Matriculation Examination of the Madras University three years ago, and requesting permission to appear at the F. A. Examination of the Calcutta University in 1904.

ORDERED—

That Mr. Finlayson be permitted to appear at the F. A. Examination of this University in 1904.

641. Read an application from Qalandar Ali Khan, B.A. (Panjab), requesting permission to appear at the next M. A. Examination of this University in Persian.

ORDERED—

That the applicant be permitted to appear at the next M. A. Examination of this University in Persian.

642. Read an application from Francis X. D'Silva, who has passed the Intermediate Examination of the Allahabad University, requesting permission to appear at the B. A. Examination of this University, and enclosing the written permission of the Registrar, Allahabad University, in support of his application.

ORDERED—

That the applicant be permitted to appear at the B. A. Examination of this University.

643. Read an application from S. Vijayaragavachari, B.A. (Madras), requesting permission to appear at the M. A. Examination of this University.

ORDERED—

That inquiry be made whether the applicant has passed the B. A. Examination of the Madras University in Mathematics only.

644. Read an application from Mr. N. K. Bapat, B.A., B.L. (Bombay), requesting permission to appear at the Examination for Honours in Law of this University, and enclosing the written permission of the Registrar, Bombay University, in support of his application.

ORDERED—

That the Registrar of the Bombay University be addressed on the subject of the application, with a request that he will be good enough to ascertain and communicate the views of the Syndicate of the Bombay University as to whether such an application should be entertained by this University.

645. Read a letter from the Head Master, Bhagalpur Madrasa, requesting that the mistake made by Saratchandra Lahiri in stating his age in his application for admission to the Entrance Examination just over may be rectified in the records of the University.

ORDERED—

That the request be complied with.

646. Read an endorsement from the Head Master, Gobardanga H. E. School, forwarding, with his recom-

mendation, an application from Babu Upendranath Pradhan, requesting that the mistake made by his brother, Surendranath Pradhan, in stating his age in his application for admission to the Entrance Examination just over may be corrected in the records of the University.

ORDERED—

That the application be refused.

647. Read an endorsement from the Principal, Krishnagar College, forwarding an application from Surendrakumar Sarkar, supported by an affidavit made before a Magistrate, praying that the age entered in his application for admission to the Entrance Examination just over may be changed from 19 to 17 years, 3 months.

ORDERED—

That the application be refused.

648. Read a petition from Rajkrishna Bose, praying that the mistake made by him in entering his age in the application for admission to the Entrance Examination in 1898 may be corrected in the records of the University.

ORDERED—

That the prayer be refused.

649. Read a letter from Mr. E. B. Havell, A.R.C.A., Principal, Government School of Art, Calcutta, forwarding a set of books in Drawing prepared specially for Indian Schools by Messrs. Macmillan & Co., and recommending their adoption as text-books in Freehand Drawing for the Entrance Examination.

ORDERED—

That the books be adopted as text-books in Freehand Drawing for the Entrance Examination.

650. Read a letter from Rev. Dr. J. Morrison, M.A., D.D., suggesting that a copy of the facsimile of the Shakespeare Four Folios may be purchased for the University Library.

ORDERED—

That the letter be referred to the Library Committee.

651. Read a letter from the Deputy Secretary to the Government of India, Home Department, forwarding copy of a report from the Comptroller and Auditor-General on the audit of the accounts of the University for the year ending 30th June, 1902.

ORDERED—

That the report be laid before the Senate.

ORDERED ALSO—

That a permanent advance of Rs. 300 be made to the Registrar, from April 1903, to meet the petty expenses of the office.

652. Read an endorsement from the Under-Secretary to the Government of Bengal, Judicial Department, forwarding for disposal a copy of a letter from the Judicial Commissioner, Chota Nagpur, requesting that a copy of Dr. Rashbihari Ghose's Tagore Law Lectures on the Law of Mortgage and a copy of Babu Upendranath Mitra's Tagore Law Lectures on the Law of Limitation and Prescription may be supplied to the Library attached to the Court of the Munsiff of Gobindapur.

ORDERED—

That the Judicial Commissioner, Chota Nagpur, be informed that the latest editions of the Tagore Law Lectures named are the property of the Lecturers, and therefore are not at our disposal.

653. Read a letter from Mr. Lakshman Sastri, Senior Sanskrit Pandit, St. Peter's College, Tanjore, forwarding copies of "Sankshipta Ramayana" and "Bharata Sangraha," Part I, and requesting their adoption as text-books in Sanskrit for the University Examinations.

ORDERED—

That the books be referred to the Board of Studies in Sanskrit and Sanskrit Languages.

654. Read a letter from Babu Kisorimohan Ray, offering to place at the disposal of the University 3 per cent. G. P. notes for Rs. 4,000, for the purpose of founding from the interest thereof two scholarships, each of the

value of Rs. 5 per month, tenable for one year, subject to the following conditions:—

I. That the aforesaid Scholarships shall be called “Kishory Mohun-Harakinkari Scholarships.”

II. That the aforesaid endowment and the names of Scholars shall be published in the Calendar of the University and be placed next after the Rajkrishna-Kshetramani Scholarships founded by me in 1901 (University Calendar, 1902, pp. 266-67).

III. That the aforesaid Scholarships shall be awarded to holders of Rajkrishna-Kshetramani Scholarships and shall be tenable for one year, commencing next after the expiration of the terms of their original Scholarships, on condition that they prosecute or pursue their studies in some well organised Institution, teaching in Arts or some profession or any technical subject. Provided that no such scholarship shall be awarded to any one of them if, in the opinion of the University, the student is deemed unfit and undeserving, by reason of his or her not having made sufficient progress in study, during the term of his or her holding the said “Rajkrishna-Kshetramani Scholarships,” or for any other reason.

IV. That, if for any reason, in any year, any of the two Scholarships be not awarded to a holder of a “Rajkrishna-Kshetramani Scholarship,” the same shall be awarded to a most deserving student who could have been eligible for one of the Rajkrishna-Kshetramani Scholarships according to the tenor and spirit of the conditions attached to the said Scholarships, but to whom no such Scholarship was awarded by reason of there being, at the time, a more fit student to take it.

V. That as far as practicable the aforesaid Scholarships shall be subject to the conditions attached to the said “Rajkrishna-Kshetramani Scholarships.”

VI. That the power of putting a fair construction on any doubtful point in, or of deciding upon any point not covered by, the aforesaid conditions or the conditions attached to the said “Rajkrishna-Kshetramani Scholarships” shall rest with the University.

ORDERED -

That the offer be thankfully accepted.

655. The Officiating Registrar reported that it having been brought to his notice by the Inspector of Schools, Presidency Division, that Sibendranath Nandi, a teacher, who applied for admission to the B. A. Examination now being held, submitted a certificate purporting to be signed by the Principal, Albert College, which on enquiry was found to be not genuine, he had, in accordance with the orders of the Syndicate obtained by circulating the papers relating to the case, excluded the candidate from the Examination.

ORDERED—

To be recorded.

656. Read a letter from the Principal, Canadian Mission College, Indore, reporting that Deshpande Ramkrishna Ganesh, who appeared at the recent Entrance Examination as a private student (Ind. P. 39), was a student of the above named College up to December last, and was rejected, on account of his failure at the College test, as unfit to be sent up for the Entrance Examination.

ORDERED—

That the candidate and the Inspector who signed his application be addressed on the subject.

657. Read a letter from the Executive Engineer, 2nd Calcutta Division, submitting a plan and an estimate for fitting up the Senate Hall with electric lights and fans.

ORDERED—

That the plan and estimate be sanctioned, and the work proceeded with.

658. Read a letter from the Principal, Bangabasi College taking exceptions to Questions 2 and 4 set at the B.A. Examination now being held, in the Pass paper in Botany.

The Officiating Registrar reported that he had referred the letter to the Examiner concerned.

ORDERED—

That the action of the Officiating Registrar be approved.

659. Read a letter from the Head Master, Purnia Zila School, requesting that, under the circumstances therein set forth, the age entered in the Entrance application of Syed Abdur Salam (Roll Bha. 188) may be changed to 15 years.

ORDERED—

That the request be not complied with.

660. Read a letter from Babu Jitendralal Banerjee, M.A., stating the circumstances under which he appeared at the recent M. A. Examination as a private student, after attending lectures for a full session in the Presidency College.

ORDERED—

To be recorded.

ORDERED ALSO—

That on Jitendralal Banerjee, M.A., paying the amount of tuition fee due from him as a student of the Presidency College, he may be gazetted as having passed from the Presidency College.

661. Read a letter from the Assistant Inspector of Schools, Bhagalpur Division, requesting that the Syndicate may be pleased to grant some remuneration and actual conveyance charges to the Professors and Teachers who superintended the University Examinations held at Bhagalpur.

ORDERED—

That having regard to the circumstances under which the Examinations were held this year at Bhagalpur, the Registrar be authorised to deal with the question of remuneration and charges as a special case.

662. Read a letter from Mr. W. H. A. Wood and Mr. Wm. Tate, Examiners in Chemistry at the recent M. A. Examination, requesting to be furnished with a copy of any representations that may have been made to the Syndicate regarding the way in which the last M. A. Examination was conducted.

ORDERED—

That as the Syndicate had taken no action on the representation, it was not desirable to furnish the Examiners with a copy.

663. Read a letter from the Assistant Inspector of Schools, Bhagalpur Division, enquiring whether it is permissible to allow the Entrance candidates to use compass during the Examination in Geometry.

ORDERED—

That the use of the compass may be permitted.

664. Read an application from Babu Harimohan Mookerjee, Third Assistant, supported by a medical certificate, for three months' extension of leave.

ORDERED—

That an extension of leave for three months be granted to Babu Harimohan Mookerjee on half pay.

ORDERED ALSO—

That the Registrar be authorised to provide for the work of Babu Harimohan Mookerjee, and that the arrangement be reported at the next meeting.

665. The Officiating Registrar reported that Dr. C. E. Cullis having been prevented by the state of his health from taking up his duties as Head Examiner in Mathematics at the recent F. A. Examination, he had appointed Mr. C. Little to act as Head Examiner; that Rev. E. A. Newton, an Examiner in English at the F. A. Examination, having declined to attend the Head Examiners' meetings, he had distributed the papers that would have gone to Mr. Newton among the other Examiners, and that at the Entrance Examination, the Hindi and Bengali passages for translation into English, having been sent a second time to two of the centres, in place of the papers on the Hindi and Bengali texts, he had got fresh papers to be set by Mahamahopadhyay Haraprasad Sastri and Babu Nrisinhachandra Mookerjee for the candidates concerned at those centres, and to be given out on the last day of the Examination.

ORDERED—

That the action of the Officiating Registrar be approved.

666. Read a letter from the Inspector of Schools, Dacca Division, forwarding, with his recommendation, an application for the recognition of the Prasanna Kumar Institution, Kirtipasa.

ORDERED—

That the Institution be recognised as a High School.

667. Read a letter from Messrs. Longmans, Green & Co., forwarding a copy of Morris's "Geometrical Drawing for Art Students," and requesting that the book may be laid before the Board of Studies in Mathematics for consideration.

ORDERED—

That the book be laid before the Board of Studies in Mathematics.

671. The Faculty proceeded to consider the following letter from the Secretary to the Chief Commissioner of Assam, which had been referred to them by the Syndicate :

852 P. I. G.
122 I.

FROM

THE SECRETARY TO THE CHIEF COMMISSIONER
OF ASSAM,

TO

THE REGISTRAR, CALCUTTA UNIVERSITY.

Dated the 21st February, 1903.

I am directed to enquire whether the Syndicate of the Calcutta University would be prepared to consider the question of including the

vernacular languages used in Assam, other than Bengali, among the list of prescribed subjects for the Entrance Examination of the University.

2. I am to represent that the existing rules, which require a candidate for the examination to take up, in addition to English, a second language chosen from a list, which does not comprise any of the vernaculars spoken by a large proportion of the inhabitants of the province, oppose a serious obstacle to the promotion of secondary education in Assam. According to the results of the last census, out of the total population of the province, amounting to 6,126,343, the number returned as speaking Bengali was 2,948,183, while 1,349,784 were returned as speaking Assamese, the remainder making use of other dialects. Considered from the territorial point of view, Bengali is in general use only in the Surma Valley districts of Sylhet and Cachar, and in a portion of Goalpara, while Assamese is the vernacular generally spoken in the remaining districts of the Brahmaputra Valley, and the Hill districts have each their indigenous forms of speech. Under the present rules, a candidate for the Entrance Examination, who is not a native of a Bengali-speaking district, must either acquire Bengali, which is to him a foreign language, or else take up one of the classical languages, included in the list.

3. For a very large proportion of the boys who enter for the Matriculation Examination, the course is practically a final one, and it seems to the Chief Commissioner that it is hardly fair to burden a pupil who does not mean to pursue his studies in Arts beyond the Matriculation Standard with the task of learning a classical language, which is only of real use to him, if he proceeds to the First Arts Examination. There appear, for instance, to be grave objections to the teaching of the rudiments of Latin to Khasia boys. Whether for the youth whose education ceases at the Entrance Standard, or for one who engages, after Matriculation, in any Branch of technical study for which a high qualification in Arts is not necessary, a competent knowledge of his own vernacular in addition to English should, Mr. Fuller thinks, constitute a more useful equipment than a slight acquaintance with one of the classical languages. The exclusion of Assamese from the subjects of the Entrance Examination has made the study of Sanskrit practically compulsory in the upper classes of High Schools in the Brahmaputra Valley. This may be desirable in the case of students who aim at passing the F. A. and B. A. Examinations: but Mr. Fuller cannot consider it a satisfactory feature in the course of instruction of boys whose studies will terminate upon Matriculation.

4. The Chief Commissioner hopes that it will not be considered an unreasonable request that the concession which has been made in favour of Bengali and other vernaculars, and also as regards Khasi in the case of female candidates for Matriculation, should be extended to Assamese and to the Khasi and other local languages when taken up by male students in a High School course. It may be rightly objected that Assamese has not the developed literature which Bengali commands, and this objection would apply with still greater force to languages such as Khasi and Garo. But these languages are, and will remain, the vulgar tongue of the people, and in their development lies the hope of establishing a living vernacular literature. Their acquirement will, of course, impose less labour than the acquirement of Sanskrit or Latin, but the Administration would take advantage of this fact to add to the High School course lessons in the history and geography of the province, subjects which it is obviously desirable to include in the school curricula.

5. I am to point out that, in the rules for the Entrance Examination, Assamese and Khasi are already recognized as literary languages, the Examination in English for Assamese and Khasia candidates includ-

ing a translation into English from Assamese or Khasi, as the case may be, while the examination in the second language (in the case of candidates who do not take up Greek, Latin, French, German, or Hebrew) includes a translation from English into Assamese or Khasi. The Chief Commissioner has heard of Khasia students who have succeeded in passing in the second language almost entirely through marks obtained for the translation from English into Khasi. One of the features brought out at the recent census was the remarkable progress which education had made among the Khasias. There is an excellent High School for them at Shillong, and it is a matter of regret that the present rules of the Entrance Examination place such impediments in the way of their obtaining the University Certificate of Matriculation.

6. The Chief Commissioner entertains no doubt that if Assamese, Khasi, and other local languages of the province (such as Garo) were recognized as subjects for the Entrance Examination, text-books in these languages would be forthcoming, which, while possibly inferior to the Bengali text-books, would meet substantially the requirements of the examination. In the case of the hill languages no difficulty would be experienced in securing the services of competent examiners from among the missionary community. Mr. Fuller trusts that, in considering the present request, the Syndicate will allow due weight to the fact that, in including natives of Assam within the number of its alumni, the University is undertaking the intellectual care of a number of heterogeneous races, which differ very widely from those of the provinces of Bengal, and may, with reason, modify its requirements so as to suit the special conditions of the province. Assam lies under great obligations to the Calcutta University, and the Chief Commissioner, as at present advised, would much rather call in its assistance to meet the needs of boys whose education will terminate with their Matriculation than endeavour to provide for them independently.

In inviting discussion, the President remarked that it was desirable to approach the letter in a sympathetic spirit. In the first place all candidates for the Entrance Examination should be placed on the same footing, and no ground should exist for the charge that Assamese candidates were treated harder than Bengali candidates. In the next place, occasion should not be given to Assam to go up to the Government of India for a separate University.

The Hon'ble Dr. Asutosh Mukhopadhyay, Saraswati, moved—

“That Assamese and Khasi be added to the list of languages besides English (pp. 26-27, Calendar, 1903), in one of which every candidate at the Entrance Examination shall be examined.”

In support of the motion, Dr. Mukhopadhyay pointed out that Assamese and Khasi were already recognised as vernaculars from and into which Assamese and Khasi candidates were required to translate, and that female candidates were allowed to take up Khasi as a Second Language. While Bengali candidates need not know more than two languages, Assamese candidates were ex-

pected to know three. No difficulty had been experienced in prescribing text-books and appointing Examiners in Khasi. He had ascertained that there would be no difficulty either as regards Assamese.

The motion was seconded by the Rev. Dr. K. S. Macdonald, who added that students should be encouraged to study the languages of Assam as eminently fitted to qualify them for taking part in the Linguistic Survey of India.

After some discussion as to whether the motion should not be more comprehensive, and whether text-books and Examiners would be forthcoming, in which the Rev. A. P. Begg, Babu Srischandra Chaudhuri and Mahamahopadhyay Haraprasad Sastri took part, the motion was put to the meeting and carried unanimously.

672. The Minutes of the Syndicate, dated the 21st March, 1903, were read and confirmed.

673. Read the Minutes of the Faculty of Medicine, dated the 28th March, 1903.

ORDERED—

To be recorded.

674. Read the Minutes of the Faculty of Engineering, dated the 28th March, 1903.

ORDERED—

To be recorded.

675. Read the Minutes of the Faculty of Law, dated the 31st March, 1903.

ORDERED—

To be recorded.

676. Read the Minutes of the Faculty of Arts, dated the 18th April, 1903.

ORDERED—

To be recorded.

RESOLVED—

That Assamese and Khasi be added to the list of languages besides English (pp. 26—27, Calendar for 1903), in one of which every candidate at the Entrance Examination is required to be examined.

RESOLVED ALSO—

That this addition take effect at and from the Entrance Examination in 1905, and that the Government of Assam be requested to recommend text-books.

677. The Officiating Registrar reported that Mr. J. H. Ellis, an F. A. Examiner in English, having returned a major portion of the answer-papers allotted to him, owing to his eye-sight not admitting of the close reading the papers require, he had, in anticipation of the orders of the Syndicate, appointed Rev. J. Edwards, M.A., to look over these papers.

RESOLVED—

That the action of the Officiating Registrar be approved.

678. The Officiating Registrar reported that Dr. P. K. Ray having asked to be relieved of the duty of looking over the B. A. Honour papers in Philosophy, he had, in anticipation of the orders of the Syndicate, appointed Rev. A. P. Begg, M.A., in the place of Dr. Ray.

RESOLVED—

That the action of the Officiating Registrar be approved.

679. The Officiating Registrar reported that Dr. W. Pooth having declined to set papers in Mathematics at the B. A. and B. Sc. Examinations in 1904, he had, in anti-

• cipation of the orders of the Syndicate, appointed Dr. C. E. Cullis in place of Dr. Booth.

RESOLVED—

That the action of the Officiating Registrar be approved.

680. The Officiating Registrar reported that, subject to the approval of the Syndicate, he had appointed Dr. C. E. Cullis a member of the Board of Paper-setters in English at the B. Sc. Examination in 1904.

RESOLVED—

That the action of the Officiating Registrar be approved.

681. The Officiating Registrar reported that, owing to the absence of Mr. V. H. Jackson, M.A., from Calcutta, it would be necessary to appoint an Examiner to look over the answer papers in Physics at the forthcoming F. E. Examination.

RESOLVED—

That Dr. J. C. Bose, C.I.E., M.A., D.Sc., be appointed to look over the answer-papers in Physics at the forthcoming F. E. Examination.

682. Read a letter from Dr. W. Booth, stating that on account of press of work he is unable to accept the appointment of setting papers in Physics (*c*) at the M. A. Examination in 1903.

ORDERED—

That Mr. A. Macdonell, M.A., and Mr. P. Brühl be requested, between them, to set the papers that would have fallen to Dr. Booth's share.

683. Read an endorsement from the Principal, Presidency College, Calcutta, forwarding a representation from some of the M. A. students, praying that, as Ward's "Gifford Lectures" is out of print, and is not available either in England or India, the book may be removed from the list of works recommended for the M. A. Examination in Philosophy in 1903.

ORDERED—

That the representation be communicated to the paper-setters for information and guidance.

684. Read an application for the affiliation of the Pratt Memorial High School to this University in Arts up to the F. A. standard.

RESOLVED—

That the consideration of the application be deferred until the decision of the Government of India on the Universities Commission Report is known.

685. Read letters from the Proprietor, Rajchandra College, Barisal, intimating that he has resumed direct management of the College since the 13th February, and asking for the assistance of the Syndicate in overcoming fresh difficulties that have arisen.

ORDERED—

That the Rajchandra College case be brought up at the meeting of the Senate called for the 25th April.

686. Read a letter from the Director of Public Instruction, Burma, stating in reply to this Office letter No. 1264, dated the 12th March, 1903, the names and qualifications of the teachers of the Government High Schools at Mamyo and Thazi.

ORDERED—

That the Government High Schools at Mamyo and Thazi be recognised as High Schools.

687. Read a letter from the Inspector of Schools, Dacca Division, forwarding, with his recommendation, an application for the recognition of the Edward Institution at Mymensingh.

ORDERED—

That the Edward Institution at Mymensingh be recognised as a High School.

688. Read a letter from the Inspector of Schools, Dacca Division, forwarding, with his recommendation, an

application for the recognition of the Siddheswari H. E. School at Baherak in the District of Dacca.

ORDERED—

That the Siddheswari H. E. School at Baherak in the District of Dacca be recognised as a High School.

689. Read an endorsement from the Officiating Inspector of Schools, Chittagong Division, forwarding, with his recommendation, an application for the recognition of the Sandwip Cargill H. E. School in the District of Noakhali.

ORDERED—

That the Sandwip Cargill H. E. School in the District of Noakhali be recognised as a High School.

690. Read letters from the Director of Public Instruction, Bengal, forwarding copies of correspondence that passed between the Principal, Dacca College, and the Head Masters of some of the schools in Dacca in connection with the work of invigilation at the Entrance Examination at the Dacca Centre, and suggesting that in future fixed fees should be paid for such invigilation.

ORDERED—

That the letters and enclosures be referred to the Committee appointed by the Syndicate on the 5th May, 1900, to report on the system which regulates the expenditure incurred by the University in holding its examinations.

691. Read a representation from the Principals and Professors of Chemistry of some of the affiliated Institutions, taking exceptions to a paper on Chemistry set at the recent B. A. Examination.

Read also a letter from Major Bedford, M.D., D. Sc., I.M.S., who was looking over the answer papers, in answer to the representation.

ORDERED—

That the representation and the letter be referred to the B. A. Board of Examiners.

692. Read an endorsement from the Principal, Ravenshaw College, Katak, forwarding a representation from a

Professor of the College, in which he takes exceptions to the questions in Botany and Physiology set at the recent B. A. Examination.

Read also letters from Mr. J. H. Burkill, M.A., F.L.S., Examiner in Botany, in answer to the representation.

ORDERED—

That the representation and letters be referred to the B. A. Board of Examiners.

693. Read an endorsement from the Principal, City College, Calcutta, forwarding, for the consideration of the Syndicate, a representation made by certain candidates at the recent B. A. Examination having reference to the papers in Mathematics set at the Examination.

Read also a letter from the Officiating Principal, Rangoon College, calling attention to an inaccuracy in question No. 2 in the 1st Pass paper in Mathematics set at the recent B. A. Examination.

Read also a letter from the Professor of Mathematics, Rajchandra College, Barisal, having reference to the 2nd part of the 1st question in the 1st Pass paper in Mathematics set at the recent B. A. Examination.

The Officiating Registrar reported that he had referred to the Examiner the exceptions taken to the paper.

ORDERED -

That the representation and letters be referred to the B. A. Board of Examiners, along with any communication that may be received from the Examiner.

694. Read a letter from the Principal, Chittagong College, taking exception to some of the questions in Arabic set at the recent F. A. Examination.

Read also a letter from Shams-ul-Ulama Ahmad, who was looking over the answer papers, suggesting that the 22 marks assigned to the three questions which were really set from omitted portions of the Selection should be divided among the remaining questions.

ORDERED—

That the suggestion be adopted and instructions issued accordingly.

• 695. Read an endorsement from the Principal, Bangabasi College, forwarding an application from Sambhurnath Mitra, a B. A. B. Course student who took up Physics and Chemistry, and who after completing his attendance in all the subjects was unable to appear at the B. A. Examination just over, praying that he may be permitted to appear at the B. A. Examination in 1904 with Physiology and Botany as his alternative subjects after attending lectures on those subjects for 6 months.

ORDERED—

That the application be refused.

696. Read an application from Jogeschandra Datta, 2nd Master, Rajmahal School, praying that he may be permitted to appear at the F.A. Examination in 1904 as a Teacher, although at the time of his admission to the Examination the period of his service as a teacher will fall short of two academical years by one month, and stating that if required he will produce a certificate from the Inspector of Schools, Bhagalpur Division, to the effect that he will continue to serve as a teacher for one month more in order to make up the deficiency.

ORDERED—

That the applicant's prayer be granted.

697. Read an endorsement from the Principal, Ripon College, forwarding an application from Saratchandra Basu, who has passed the Intermediate Examination of the Allahabad University, praying that he may be permitted to appear at the B.A. Examination of this University.

ORDERED—

That the applicant's prayer be granted.

698. Read an endorsement from the Principal, Metropolitan Institution, forwarding an application from D. P. Ghose, who has passed the B.A. Examination of the Panjab University, praying that he may be permitted to appear at the B.L. Examination of this University.

ORDERED—

That the applicant's prayer be granted.

699. Read an endorsement from the Principal, M. A. O. College, Aligarh, forwarding an application from Abdul Aziz, B.A. (Panjab), requesting permission to appear at the M. A. Examination of this University.

ORDERED—

That the applicant's prayer be granted.

700. Read a letter from Mr. C. M. Correa, stating that he has passed the B. A. Examination of the Madras University in all the subjects and not in Mathematics only, and praying that his application for admission to the M. A. Examination of this University may now be favourably considered.

ORDERED—

That the applicant's prayer be granted.

701. Read an application from Mr. Charles Coultrup, who after passing the F. A. Examination of the Madras University in 1900 is serving as a teacher in the Lawrence Asylum, Ootacamund, requesting permission to appear at the B. A. Examination of this University.

ORDERED—

That the application be refused.

702. Read an application from B. Krishna Row, B.A. (Madras), requesting permission to appear at the B. L. Examination of this University.

ORDERED—

That the applicant be asked to state his reasons for seeking admission to the B. L. Examination of this University.

703. Read a letter from Mr. C. Crosby, who has passed the European High School Examination of the United Provinces with Latin as his second language, requesting to be informed whether he may be permitted to join the Calcutta Medical College, with a view to proceed to the Medical Examinations of this University, or, if that be not permissible, whether he may be permitted to appear at the F. A. Examination of this University as a private student.

•ORDERED—

That both the prayers of the applicant be refused.

704. Read a letter from the Officiating Principal, Bishop's College, Calcutta, recommending that John Pauliah Joseph, who has passed the School Higher Examination of the University of the Cape of Good Hope, may be permitted to proceed to the F. A. Examination of this University without being required to pass its Entrance Examination.

RESOLVED—

That the Syndicate recommend to the Senate that John Pauliah Joseph be permitted to proceed to the F. A. Examination of this University without being required to pass its Entrance Examination, on the ground of his having passed the School Higher Examination of the University of the Cape of Good Hope.

705. Read a letter from the Principal, City College, Colombo, forwarding an application from Mr. E. Foster Lee, who has passed the Junior Local Examination of the Cambridge University and holds the Junior and Senior College of Preceptors' certificates, requesting permission to appear at the F. A. Examination of this University as a teacher.

ORDERED—

That the application be refused.

706. Read an application from P. Sundram Iyer, stating that he has passed the F. A. Examination of the Madras University, and requesting permission to appear the B. A. Examination of this University as a teacher.

ORDERED—

That the application be refused.

707. Read a letter from the Head Master, Bajitpur High School, forwarding an application from Babu Kailaschandra Sanyal, supported by an affidavit, praying that the mistake made by his son Dineschandra Sanyal in stating his age in his application for admission to the recent

Entrance Examination may be corrected in the records of the University.

ORDERED—

That the application be refused.

708. Read an endorsement from the Head Master, Dumraon Raj High English School, forwarding an application from Ram Sukul Roy, praying that the mistake made by him in stating his age in the application for admission to the recent Entrance Examination may be rectified.

ORDERED—

That the application be refused.

709. Read a letter from Mr. E. B. Havell, A.R.C.A., Principal, Government School of Art, having reference to Mr. E. C. Dozey's work on Model Drawing.

ORDERED—

That the letter be referred to Mr. E. C. Dozey.

710. Read a letter from the Magistrate of Backerganj, requesting that a copy of the University Minutes may be annually supplied to him.

ORDERED—

That the Syndicate regret they cannot comply with the request.

711. Read a letter from the Deputy Commissioner of Darjeeling, requesting that a fee of Rs. 5 may be paid to each of the gentlemen who assisted in supervising the recent University Examination at Darjeeling.

ORDERED—

That the letter be referred to the Committee appointed by the Syndicate on the 5th May, 1900, to report on the system which regulates the expenditure incurred by the University in holding its Examinations.

712. The Officiating Registrar reported that he had invested Rs. 20,000 in $3\frac{1}{2}$ per cent. Government securities

714. The Officiating Registrar submitted the draft Annual Report of the Syndicate for approval.

RESOLVED—

That the Report be approved.

715. Read a letter from Mr. C. Little, M.A., stating that he proposes to move the Senate at their meeting to be held on the 25th instant for an expression of opinion on the following points :—

(a) Whether the system of allowing marks adopted in papers 3 and 4 in Mathematics, Group B, at the last M.A. Examination is in accordance with the rules laid down for the guidance of Examiners.

(b) Whether the exceptional difficulty of the questions set in papers 3 and 4 did not constitute a sudden and arbitrary departure from the standards of the past years.

ORDERED—

That notice be given to the Senate of Mr. Little's intention.

716. Read a letter from Mr. H. M. Percival, M.A., Head Examiner in English at the F. A. Examination, requesting that the time fixed for the submission of marks by the F. A. Examiners may, under the circumstances mentioned in his letter, be extended in the case of the Examiners in English.

Read also a letter on the same subject from Mr. P. Chaudhuri, M.A., one of the Examiners in English at the F. A. Examination.

ORDERED—

That an extension of one week be granted.

717. Read a letter from Major C. H. Bedford, M.D., D.Sc., I.M.S., forwarding a copy of his work "Elementary Hygiene" for adoption as a text-book for the F. A. Examination.

• ORDERED—

That the book be referred to the Board of Studies in Biology.

718. Read a letter from Mr. H. E. Stapleton, Examiner in Chemistry at the F. A. Examination, with reference to some remarks made by a candidate in his answer paper.

ORDERED—

To be recorded.

719. The Officiating Registrar drew attention to a most objectionable answer paper in Sanitary Science.

ORDERED---

That the paper be referred to the Moderators in Arts for investigation and report.

720. Read a letter from Mahamahopadhyay Haraprasad Sastri, M.A., raising certain points in connection with the M. A. Examination in Sanskrit, Group D.

ORDERED—

That the letter be referred to the Board of Studies in Sanskrit.

721. Read a letter from Biharilal Chakrabarti, who had deposited his fee as a teacher candidate for the F. A. Examination, but who was declared by the Syndicate not entitled to appear as a teacher, praying for permission to appear at any subsequent F. A. Examination without payment of a fee.

ORDERED—

That the fee deposited by Biharilal Chakrabarti be refunded to him.

722. The Officiating Registrar reported (1) that, during the three months the 3rd Assistant was absent on privilege leave, he had provided for the work by engaging a new clerk on Rs. 20 a month, and by making one of the clerks an additional allowance of Rs. 6 a month, and (2) that, during the three months the 3rd Assistant was to be on sick leave on half-pay, he had arranged for

the work by making additional allowances of Rs. 7, 6, 6, 6, and 5 respectively to the Assistants, Babus Manmathanath Mukerjee, Amritlal Basu, Saratchandra De, Birendranath Banerjee and Siddheswar Ghosh, and an allowance of Rs. 5 to Babu Jogendranath Banerjee.

ORDERED—

That the arrangements made by the Officiating Registrar be approved.

723. The following contingent bills for the months of November and December, 1902, and January, February and March, 1903, were passed:—

726. The Officiating Registrar laid before the Senate the Accounts of the University for the year ending 30th June, 1902, together with the following letter from the Secretary to the Government of India, Home Department, forwarding copy of a report on the audit of the Accounts :—

No. 126.

FROM

R. NATHAN, Esq., C.I.E.,

Offg. Deputy Secretary to the Government of India,

TO

THE REGISTRAR OF THE CALCUTTA UNIVERSITY.

Calcutta, the 24th February, 1903.

HOME DEPARTMENT
(EDUCATION.)

SIR,

I am directed to forward for your information a copy of a letter from the Comptroller and Auditor-General, No. A70, dated 11th December, 1902, on the subject of the audit of the accounts of the Calcutta University for the year 1901-02.

2. In paragraph 5 of his letter the Comptroller-General has noticed that the cash balance at the credit of certain funds are unnecessarily high, and has suggested that further investments in Government Securities should be made. The Government of India agree with the opinion of the Comptroller-General on this point. They also approve of the suggestion made in paragraph 8 of his letter that a permanent advance should be granted to the Registrar of the University to meet the petty expenses of his office.

I have the honour to be,

SIR,

Your most obedient servant,

(Sd.) R. NATHAN,

Offg. Dy. Secy. to the Government of India.

No. A 70.

OFFICE OF THE COMPTROLLER AND AUDITOR-GENERAL.

THE TREASURY, CALCUTTA,

The 11th December, 1902.

To

THE SECY. TO THE GOVT. OF INDIA,
Home Department.

SIR,

I have the honour to report that the Accounts of the General Fee Fund, the Reserve Fund and the various Endowment Funds of the Calcutta University for the year ending June, 1902, have been audited on my behalf and found correct.

2. The receipts of the General Fee Fund for the year amounted to Rs. 2,95,954-15-6 and the charges to Rs. 3,04,918-0-2, which includes a contribution of Rs. 48,831-15-8 to the Reserve Fund. The Fund closed with a debit balance of Rs. 4,038-7-7 on the 30th June, 1902. A transfer from the Reserve Fund has been made during the year to the extent of Rs. 18,503-10-0, to wipe off the balance of Rs. 13,579-0-11 that stood at debit of the Fund on the 18th July, 1901.

3. The Reserve Fund closed on 30th June, 1902, with a balance of Rs. 5,55,000 in Government Securities. The available cash balance at its credit which is composed of the contribution from the Fee Fund and the interest realised was utilised in the purchase of Government Securities to the nominal value of Rs. 50,000 and in wiping off the previous year's deficit of the Fee Fund.

4. Under the head Endowment Funds, five new Endowments have been added during the year as follows:

Jyotishchandra Basu Medal Fund	...	500	Govt. Security.
Rajkrishna-Kshetramani Fund	...	4,000	"
Griffith Memorial Prize Fund	...	26,800	"
Jogendrachandra Ghosh Research Fund	...	10,000	"
Abinaschandra Fund	...	2,500	"

5. The cash balance at credit of some of these Funds appears to be unnecessarily high, and as the expenses are more than covered by the receipts, I would suggest that further investments in Government Securities out of the balances be made. A list of these funds showing the amount of cash at credit is subjoined.

			Rs.	As.	P.
1. Duff Memorial	939	2	11
2. Eshan Scholarship	1,694	6	2
3. Harischandra Prize Fund	500	7	8
4. Premchand Roychand Fund	5,393	9	10
5. Saradaprasad Memorial Fund	1,358	12	7
6. Sibly Scholarship Fund	2,026	4	6
7. Tagore Law Professorship Fund	12,293	8	6

6. The Bank's safe custody receipts for the Government Securities belonging to all the Funds deposited therein were produced and agreed with the ledger.

7. Abstract Accounts of the various funds of the University as presented by the Syndicate, which were found on audit to be correct, are appended hereto.

8. The petty contingent charges of the office are at present paid out of the fees collected and the net amount of the collections paid into the Bank of Bengal to credit of the Fee Fund. In accordance with the principle enunciated in Article 1 of the Civil Account Code, the fees realized should be credited in full. A permanent advance to be recouped from time to time could be granted to the Registrar of the University to meet the petty expenses of the office and the advance treated in the manner described in Articles 77 and 78 of the Code. The Registrar's acknowledgment for the advance could be produced before the officer deputed annually to audit the accounts of the University.

I have, &c.,

(Sd.) A. F. COX,

Comptroller-General.

The Officiating Registrar reported that the suggestion as to further investments had been carried out, and that the Syndicate had granted a permanent advance of Rs. 300 for petty expenses.

The Accounts were passed, and the letter and Report were ordered to be recorded.

727. The Rev. Father E. Lafont, S.J., C.I.E., M.I.E.E., moved (vacating the Chair in favour of the Hon'ble Mr. Justice Gooroo Das Banerjee, M.A., D.L., for the purposes of the motion) that Babu Kalicharan Banurji, M.A., B.L., be appointed Registrar of the University for two years, commencing from the 1st of May, 1903.

The Very Rev. Father A. Neut, S.J., seconded the motion, which was carried unanimously.

728. The Hon'ble Dr. Asutosh Mukhopadhyay moved that the Board of Accounts for the year 1903-1904 be constituted as follows:—

Babu Isanchandra Basu, M.A., B.L.

C. Little, Esq., M.A.

H. M. Rustomjee, Esq., C.I.E.

Babu Jogendranath Sen seconded the motion, which was carried unanimously.

729. The Officiating Registrar laid before the Senate the Annual Report of the Syndicate for the year 1902-1903.

The Report was received and adopted.

730. The Faculties for the year 1903-1904 were constituted as follows:—

731. Mr. C. Little moved the Senate for an expression of opinion on the following points:—

(1) Whether the system of allowing marks adopted in papers 3 and 4 in Mathematics, B. Group, in the late M.A. Examination,* is in accordance with the rules laid down for the guidance of Examiners.

* PP. cccxlii—cccxlvi, Calendar for 1903.

(2) Whether the exceptional difficulty of the questions set in papers 3 and 4 did not constitute a sudden and arbitrary departure from the standard of past years.

Mr. Little remarked that his attention had first been drawn to papers 3 and 4 in Mathematics, B. Group, at the recent M. A. Examination, by a complaint from his students. He waited till the results were published. His judgment, founded upon seventeen years' experience, was that substantial injustice had been done. He made a representation to the Syndicate through the Principal of his College. The Syndicate referred it to the M. A.

Board of Examiners, and they were of opinion that practically no injustice had been done in any particular case. No action was accordingly taken. In moving the Senate, he was not concerned with the past, but with the future. He was anxious to provide against a repressive system of examination, under which the branch of study in question might die away. In papers 3 and 4, candidates were expected to answer only nine out of twelve questions, but every set of nine questions did not carry 100 marks, that is, the full marks prescribed by the Regulations. Some of the questions were exceptionally difficult. Question 11, for example, in paper 3, was taken from the fag-end of a text-book of two volumes, in which the subject was very meagrely treated, and the author while professing to prove one thing, proved something else. Question 4 in paper 4 involved really nine questions, but carried only ten marks. The result was that a candidate who obtained first class marks with the two other Examiners, had only third class marks in these papers. Steps should be taken to prevent a recurrence. He was not disposed to make a motion, but it was desirable to hold the Examiners in a subject jointly responsible for all the papers.

Babu Gaurisankar De observed that both the system of marking adopted and the questions were unfair.

The Hon'ble Dr. Asutosh Mukhopadhyay, Saraswati, remarked that the questions were the most difficult ever set, and unfair. They could not have been answered by the best candidate within the limit of time allowed. As regards the system of marking, it would appear that there were quite a number of sets of nine questions that did carry 100 marks. Besides, no one had, as a matter of fact, answered nine questions carrying less than 100 marks, and in no case would the redistribution of the marks, by which the total fell short of 100, affect the result. The Board of Examiners, in declining to interfere, had gone upon these considerations.

The Hon'ble Mr. Justice Gooroo Das Banerjee observed that it was not fair to place the candidates under the necessity of starting with a mathematical puzzle as to the set of nine questions to choose. Where there were alternatives, the questions should all be of the same value.

Mr. C. R. Wilson remarked that if the practice of setting alternative questions was in favour of the candidates, easier alternatives were more in their favour.

The Rev. Dr. John Morrison observed that it was desirable for the Senate to make a pronouncement on the question, and moved, accordingly, for a declaration that such a system of marking, as was adopted in papers 3 and 4, might lead to injustice, and should not be adopted by paper-setters in the future. He subsequently withdrew the motion in deference to Mr. Little's wishes.

Babu Golapchandra Sarkar remarked that alternatives might be allowed, provided the rule as to full marks was not infringed.

Babu Syamacharan Ganguli observed that when alternative questions were set, they should be alternatives to, and carry the same marks as, certain definite questions.

Babu Bhupendranath Basu suggested that the question should be referred to the Mathematical Board.

The Rev. A. P. Begg, M.A., remarked that the fact of the subject of question 11 in paper 3 being treated in the text-book in the way mentioned by Mr. Little, was only a reason for special attention being drawn to it.

The Hon'ble Dr. Asutosh Mukhopadhyay, Saraswati, moved that both the points raised by Mr. Little be referred to the Board of Studies in Mathematics for consideration and report.

Mr. C. R. Wilson seconded the motion.

Babu Narendralal De remarked that though they were not all experts, the question was very simple.

The motion was put to the meeting and carried.

732. The Officiating Registrar laid before the Senate the following papers with reference to the management of the Rajchandra College, Barisal, with a recommendation from the Syndicate that the privileges of affiliation be withdrawn from the College.

PAPERS IN THE RAJCHANDRA COLLEGE CASE.

I.—EXTRACTS FROM THE MINUTES OF THE SYNDICATE.

A.

Extract from the Minutes of the Syndicate, dated the 12th April, 1902.
"651. Read letters from Babu Annadaprasad Bhattacharyya, Principal, Rajchandra College, Barisal, stating certain facts regarding the management of the Institution.

Ordered—

(1) That the Proprietor of the Rajchandra College, Barisal, be informed that certain allegations have been made in connection with the management of the College, which, in the opinion of the Syndicate, it is desirable should at once be inquired into, and that the Syndicate suggest that the Proprietor should invite the Director of Public Instruction, Bengal, to make the necessary inquiry.

(2) That the Director of Public Instruction, Bengal, be requested to be so good as to make the necessary inquiry and favour the Syndicate with a report."

B.

Extract from the Minutes of the Syndicate, dated the 22nd November, 1902.

"Read a letter from the Director of Public Instruction, Bengal, forwarding his report on the allegations made in the letter from the late Principal of the Rajchandra College, Barisal, dated the 20th March, 1902.

Ordered—

That the Officiating Registrar be instructed to forward to the Proprietor of the College a copy of the Report of the Director of Public Instruction, Bengal, on the letters addressed to the Syndicate by the late Principal of the College and to inform him (1) that, in the opinion of the Syndicate, the College should, at once, be placed under a responsible Committee of Management; (2) that the Committee he may accordingly appoint should undertake to carry out, within a reasonable time, the various reforms suggested in the Director's Report, and should report to the Syndicate, within one month of their appointment, the steps they propose to take in that behalf; (3) that, in default of the appointment of such Committee and of such undertaking on the part of the Committee, the Syndicate would have to consider the question of the connection of the College with the University; and (4) that a reply to this communication will be expected before the 6th December, on which date the next meeting of the Syndicate will be held."

C.

Extract from the Minutes of the Syndicate, dated the 6th December, 1902.

"Read a letter from Babu Biharilal Ray, Proprietor, Rajchandra College, Barisal, in reply to the Resolution of the Syndicate on the future management of the College, asking for a definition of 'a responsible Committee.'"

Read also a representation on the subject from Babu Lalitkumar Basu, describing himself as Managing Proprietor.

Ordered—

That it be suggested to Babu Biharilal Ray that the Committee to be appointed might consist of himself, as Proprietor, in association with one or two of the highest officials in the station, *ex-officio*, one or two gentlemen of substance in the District, one or two local pleaders, one or two members of the College staff and the like.

Ordered also—

- That, in the consideration of any questions affecting the Rajchandra College, the Syndicate could deal only with the Proprietor, Babu Biharilal Ray, at whose instance the College had been affiliated."

D.

Extract from the Minutes of the Syndicate, dated the 17th January, 1903.

"Read communications from the Proprietor of the Brajamohan Institution, Barisal, intimating the amalgamation of his College with the Rajchandra College, Barisal; from the Proprietor of the Rajchandra College intimating cancelment of such amalgamation and submitting names of a Committee of Management as requested by the Syndicate; and from N. D. Beatson Bell, Esq., Settlement Officer, Barisal, intimating that the Rajchandra College had been placed temporarily under his management, and that he was anxious to know to whom the Syndicate would desire him to make over the College.

Resolved—

(i) That the Proprietor of the Brajamohan Institution be informed that the Syndicate could not recognise the amalgamation without a joint application from him and the Proprietor of the Rajchandra College for affiliation of the Colleges on an amalgamated basis.

(ii) That the Proprietor of the Rajchandra College be informed that, in the opinion of the Syndicate, the Committee suggested by him should be modified as follows:—

The Proprietor,
The Principal,
Rev. W. Carry,
Babu Jageschandra Sen,
Maulavi Fazlul Huq,
with

N. D. Beatson Bell, Esq., as President.

(iii) That the thanks of the Syndicate be conveyed to Mr. N. D. Beatson* Bell for the interest he is taking in the affairs of the Rajchandra College; that he be informed that the management of the College may be transferred to the Committee recommended by the Syndicate, if such a Committee* is formed by the Proprietor, and that the Syndicate would be glad if he could see his way to accept the office of President of the Committee; and that he be requested to favour the Syndicate with his opinion as regards the prospects of an amalgamation of the Colleges."

E.

Extract from the Minutes of the Syndicate, dated the 21st March, 1903.

"Read a letter from N. D. Beatson Bell, Esq., having reference to the management of the Rajchandra College.

Resolved—

That the whole case be laid before the Senate, with a recommendation that the privileges of affiliation be withdrawn from the College."

* This Committee has not been formed.

F.

*Extract from the Minutes of the Syndicate, dated the
18th April, 1903.*

"Read letters from the Proprietor, Rajchandra College, Barisal, intimating that he has resumed direct management of the College since the 13th February, and asking for the assistance of the Syndicate in overcoming fresh difficulties that have arisen.

Ordered—

That the Rajchandra College case be brought up at the meeting of the Senate called for the 25th April."

II.—LETTERS FROM THE PRINCIPAL, RAJ CHANDRA COLLEGE, BARISAL.

A.

•Dated Barisal, the 1st March, 1902.

From BABU ANNADA PRASAD BHATTACHARYYA, Principal, Raj Chandra College.

To—The Registrar of the Calcutta University.

I have the honour to bring to your notice that the affairs of the Raj Chandra College, Barisal, are in a deplorable condition, owing to the fact that the founder of the Institution, Babu Behari Lal Ray Chaudhuri, a local Zemindar, has for the last six or seven years ceased altogether to look after its management, which has been entrusted wholly and solely to a man who was formerly a Superintendent in the school department on a very small salary, and who is without any academic education at all, he not having passed his Entrance Examination even. He is at once the Principal, the Manager, the Secretary, the Head Clerk and the Head Master. He lets nobody know the secrets of the College office for fear of damaging exposures, the Principal and the Head Master being allowed by him only to sign such letters and forms as require their signature under the Government or University rules. I have been here for about eight months, and during this period I have been trying my best to mend matters, but to no purpose. I request you, therefore, to be so kind as to look into the affairs of this College, and see whether it is being conducted on lines on which a first grade College, worthy of the name, should be conducted. If you be pleased to institute an enquiry into the state of things obtaining in the College, I shall be able to suggest points regarding which there are the most glaring defects in its management, such defects as render the Institution, in my humble opinion, a blot on the fair fame of the educational system of the Province.

B.

Dated Barisal, the 25th March, 1902.

From—BABU ANNADA PRASAD BHATTACHARYYA, Principal, Raj Chandra College, Barisal.

To—The Registrar of the Calcutta University.

In continuation of my letter of the 1st March, 1902, in which I prayed for an enquiry into the management of the Raj Chandra College, Barisal, under its present Secretary, Babu Lalit Kumar Basu, I beg further to state below a few points about which enquiries might

advantageously be made in order to enable the University to gain an insight into the working of the above College. I should repeat here again that at least for the sake of its own reputation the University ought to look into the affairs of this College, the maintenance of which on a sound basis and in an efficient condition seems to be at present nobody's concern. It is said that the founder of the College, Babu Bihari Lal Ray Chaudhuri, after having spent about fifty thousand rupees for its maintenance, was at last compelled to make over its management wholly to Babu Lalit Kumar Basu, owing to the latter gentleman threatening the very existence of the College and the Collegiate School by establishing a rival school and taking away there the boys of the Raj Chandra Collegiate School, over whom he had secured much influence during his employment in the Raj Chandra College, at first as a Superintendent and afterwards as a Secretary. The founder of the College seems to have got tired of it, and does not seem to be willing to have anything to do with it any longer; the Secretary, therefore, who is responsible to nobody, not even to the Proprietor of the College, for its proper management, does just as he likes with the Institution. I feel ashamed to characterise his management in suitable terms.

In conclusion, I beg to submit that either the Proprietor should be called upon to appoint a Committee for the management of the College, or he should be required to make over the Institution to his able brother, Mr. P. L. Roy, of the Calcutta Bar. Litigation has been going on for some time past between the Proprietor and his Secretary, as a result of which the resources of the College, whatever they may be, are being drained away. The University alone can save the College from utter ruin, and in the interests of high education, I pray the University may come to its rescue and thus discharge one of its most sacred duties. I shall feel highly obliged if my prayer meets with a sympathetic response from the members of the Syndicate, before whom I request you to lay this letter for their consideration.

NOTE.—To this letter 46 points in which enquiry is requested are appended. They will be found in the subjoined Report of the Director of Public Instruction.

III.—REPORT OF THE DIRECTOR OF PUBLIC INSTRUCTION.

No. 7420A.

Dated Calcutta, the 26th September, 1902.

From—The Director of Public Instruction, Bengal,

To—The Registrar of the Calcutta University.

In continuation of the correspondence ending with your No. 459, dated 20th September, I beg to report that I inspected the Raj Chandra College at Barisal on 25th September, 1902. I have now to submit my report on the various allegations made in the letter of the late Principal, Babu Annada Prasad Bhattacharyya, M.A., dated 28th March, 1902, to your address.

My opinions are given, point by point, as a Report on the 46 allegations made in the letter quoted above.

I may remark that it seems to be true that the former Proprietor, Babu Bihari Lal Ray Chaudhuri, a local Zamindar, retired from the active management of the College, probably some four or five years ago. The active management, or indeed almost the Proprietorship, seems to rest with Babu Lalit Kumar Basu, the so-called Secretary, for Mr. Roy informed me that the Secretary now takes any surplus obtained from the working of the Law classes.

My report will show that an extremely unsatisfactory state of things exists at Barisal. I have put forward the whole facts as far as I have been able to ascertain them, but though such facts must undoubtedly condemn in the strongest way the working of this College, it must not be supposed that the facts stand singly, and unless my previous experience in inspecting such Colleges has been mistaken, other Colleges would have to be condemned equally strongly.

If this had been the case of an Institution applying to be newly affiliated to the Calcutta University, I should have unhesitatingly advised the Syndicate to refuse the affiliation. I cannot indeed avoid expressing the opinion that the College never should have been affiliated in the first instance. As, however, this affiliation has now existed for many years, it seems right that the faults of the College should be in the first instance pointed out and that the College should be required to satisfy the Syndicate that it can fulfil proper conditions of affiliation in the future.

Report on the various points put forward for enquiry by the late Principal of the Raj Chandra College, Barisal, BABU ANNADA PRASAD BHATTACHARYA, M.A., in his letter dated 26th March, 1902, to the Registrar of the Calcutta University.

The points for enquiry are given as questions and the reports on each point are given in the form of answers

Point (1) Whether the tin sheds in which the classes are held afford sufficient protection against wind, rain, and sun's rays.

Point 1. The buildings used for holding the Raj Chandra College and Collegiate School are almost the worst I have ever seen used for such a purpose. The buildings consist of kutchas with galvanized iron roofs, the walls are of coarse rough reed matting, reaching up to only within a couple of feet or so from the roof. This matting is in such a bad state of repair that it is possible to see through the walls to the outside in endless places, and for people outside to look into the College class rooms. The matting walls also do not reach to the ground, and I saw myself a chicken come into the so-called Library room of the College from under the walls during College hours. Low mat partitions only are erected between the various class rooms, and everything in the way of lecturing going on in one room must necessarily be heard in the adjoining rooms. Some of the rooms are also exceedingly dark and quite unfit for the students to work in. Some of the rooms would not be a credit even to a village middle school. The floors are of ordinary earth, full of holes and of great inequalities. Care has not even been taken to level the earthen floors and passages.

There are wooden doors to the rooms with wooden posts, and most of them are scribbled all over with chalk writings, and some of the writings are such things as faces and heads, also the words "a beautiful face disfigured or turned pale" in Bengali, and so on. The laxity of discipline shown in these and other ways in this College was as great

as I have seen in the worst managed schools in Bengal. Also when I passed out of one class into another, it was a signal for the classes to begin to chatter, again showing entire absence of discipline.

The answer to Point No. 1 must be that the College premises are absolutely unfit for the purpose for which they are being used, and they do not afford sufficient protection to the students against wind, rain, and sun's rays.

Point (2) Whether these sheds afford sufficient accommodation for all the students or whether a number of the second year students were compelled to sit in the verandah during the session that is about to close.

Point 2. Most of the rooms in both College and School are much overcrowded. As an instance in point, the Second year class has had 139 names on the roll. Of these 27 are blank spaces in the roll for names of students who apparently should have been struck off the rolls in September as defaulters for the non-payment of fees, but have not been so struck off. Out of the 112 students thus left, 95 were actually present, and on going over the accommodation as to space, and accommodation for seats in the class rooms, not more than 5 more students could have found accommodation in the class. The limit of capacity of the class is therefore 100, and at that it would have been crowded, and yet at one time 132 have been admitted to the class.

The second allegation of the late Principal is therefore also true.

Point (3) Whether the miserable hut in which the 3rd year and 4th year classes were held from the commencement of the current session to the dismissal of the 2nd year and 4th year classes after Christmas, and in which, in all likelihood, the same class will again be held in the next session, is not too damp, too close, and too dark to be healthy for about seventy students, who used to be packed therein, and an equal number of whom are likely to be crowded together in it again in the next session.

Point 3. The answer will be practically as in point 2. The rooms for the College classes are much overcrowded, they are exceedingly damp and dark, and quite unhealthy.

Point (4) Whether there is any enclosure on the roadside of the College ground to prevent the boys from coming in and going out at their pleasure.

Point 4. The College buildings are quite open to the roadside. During my inspection, all the children and young men from the neighbourhood were taking a keen interest in the proceedings, coming into the College grounds and peeping round corners, etc. Goats and other animals also wandered about in the passages next to the class rooms.

The charge made by the late Principal is correct; there is nothing to prevent egress or ingress of any one at any time. A durwan is said to be employed by the College, but it is difficult to see how he can be useful, as the place is open of access on all sides, except one, where there is a tank.

Point (5) Whether in the rainy season a pool of water is or is not formed in the College ground just in front of the main shed.

Point 5. The ground between various buildings was more or less under water during my visit, and I had to pass from shed to shed by walking on rough bricks placed for the purpose.

Point (6) Whether the stench from neighbouring privies and cesspools is not almost unbearable almost throughout the year, and whether from this cause some of the school classes are not at times dismissed before the close of the work for the day.

Point 6. I was aware of unpleasant smells for a considerable part of my visit of inspection, but I did not care to trace out the cause. Nearer proximity to the cause was undesirable. The registers of attendance of the masters of the Collegiate school show that the school is closed rather irregularly.

Point (7) Whether before the dismissal of the 2nd year and 4th year classes in December there was any compartment in which the Teachers and Professors might find accommodation for waiting before going to their respective classes; and whether in the next session the same small compartment will not be again used as the office room, library room, laboratory, and waiting room for Teachers and Professors.

Point 7. There is a part of one of the sheds in which the Professors of the College and Masters of the School can sit. It is, however, not at all suitable for the purpose. There is a similar room used as the so-called office, but, as before, it is quite unsuitable. A similar part is used as the library, and another as the laboratory.

Point (8) Whether Teachers and Professors are not compelled to go to their respective lodgings or to the lodgings of gentlemen residing in the neighbourhood of the College for want of privies and urinals.

Point 8. There is no College latrine for the Professors and Teachers. They have to proceed to the Principal's residence, where there is one.

Point (9) Whether there are any privies for the boys of the College.

Point 9. There are some bare tumble-down walls without roof on the other side of the road from the College and School. This place is said to be used as a latrine by the students.

Point (10) Whether there is any arrangement for supplying the Hindu and Muhammadan students with good drinking water, and whether there are separate compartments for the purpose.

Point 10. There is a mat-shed where Hindus are supplied with water by a College servant. I was informed that Muhammadans had to stand out in the road, if they wanted to drink water.

Point (11) Whether the number of menial servants, three only (durwan, water-bearer, duftry), is sufficient for all purposes.

Point 11. There are said to be three servants of the College, a durwan, a water-bearer and a duftry. There is even no sweeper. The College is clearly miserably provided in this respect.

Point (12) Whether the number of Professors is sufficient for the purpose of teaching the four ordinary College classes and also the Honour class in English, Sanskrit, Mathematics, and Philosophy. [The number of Professors is as follows:—two Professors for English, one of whom is compelled to teach for two hours daily the two sections of the Entrance class from June to December; one for Philosophy; one for Mathematics; one for Sanskrit; one for Physics and Chemistry].

Point 12. The College staff is, I think, weak both numerically, and perhaps as judged by their educational qualifications, also from an expert point of view. On the other hand, the results shown by the College indicate that the staff must have worked well to secure the results that have been obtained in recent years in the Calcutta University Examinations.

Point (13) Whether there has been any Professor of Science in the College since its re-opening after the Puja holidays.

Point 13. Babu Kunja Bihari Ballav, M.A., Professor of Physical Science, left the College on 11th December, 1901. Babu Mahendranath Ghosal, M.A., the new Professor of Physical Science, only joined on 8th July, 1902. There was therefore no Professor of Physical Science and Chemistry attached to the College for a period of seven months.

Point (14) Why was the Professor of Science, Babu Kunja Bihari Ballav, compelled to leave the College; whether the Secretary had any intention of saving money by keeping the post vacant, or rather turning away the Professor of Science, as some might say; whether in consequence of no Professor of Science being appointed after the Puja holidays the boys of the 2nd and 4th year classes had to go without lectures in Science, and whether two B course students of the 3rd year class were put to the inconvenience of removing their names from this College; whether from the beginning of the session till the Puja holidays these two students had been compelled to read Science with the boys of the 4th year class, with whom they could not keep pace owing to the latter being far more advanced in their study of the subject than they themselves were; whether the lecturing in Science in the 1st year class has not been of a most indifferent character, owing to the Professor of Mathematics being compelled to teach that subject in the above class since the re-opening of the College after the Puja holidays.

Point 14. From letters shown to me it appeared that Babu Kunja Bihari Ballav left the College of his own free will. He was paid up to the day he left. So far as I am aware, there were no proper Science lectures during the interval. The remaining allegations in point 14 could not be traced out.

Point (15) Whether all the Professors, excepting the Pandit, were not discharged just before the summer vacation of 1901, in order to save money.

Point 15. It is admitted that just before the summer vacation of 1901 the financial condition of the College was very bad, and the Secretary, Babu Lalit Kumar Basu told all the Professors that they should seek for service elsewhere if possible, and in fact discharged

them; some of the Professors did not come back and did not receive pay for the vacation months; some did come back and were paid for the three months.

Point (16) Whether there have not been changes in the staff of Professors almost every year since the present Secretary took over the charge of the College, Professors fresh from their college life having been sought for to replace the older ones, and with what object.

Point 16. It is admitted the staff is very frequently changed; sometimes there are one or two new Principals in a year. The records of the College are, however, in such a disorderly state that I could not ascertain how many such changes of Professors and Principals had occurred in recent years. Several of the Professors are very young men, more or less fresh from College.

Point (17) Whether the salaries of the Professors are allowed to fall into arrears for two, three, or more months.

Point 17. Acquittance registers for Professors and Teachers of the last few years were not forthcoming, except those for a few months of the present session. Hence it was impossible to trace out this point. The whole of the records, such as do exist, appear to be in a state of confusion, except those for the last few months.

Point (18) Whether the salaries of some of the Professors are not ridiculously low. Whether the Professor of Arabic and Persian receives a salary of Rs. 18 only per month, and is compelled to teach the school classes down to the lowest one.

Point 18. The Professor of Arabic and Persian in the College receives Rs. 18 a month. I went carefully into the number of lectures he has to give for this salary, and it appears he is paid at the rate of one pice for every four (4) minutes he lectures, or at the rate of 4 annas per lecture delivered.

Point (19) Whether the salaries of the Professors are paid in very small instalments; instalments of Rs. 5, 2, or even one rupee.

Point 19. In the absence of proper registers, receipts, &c., it was impossible to trace out this point. There was a distinct disinclination on the part of the Secretary to show me any accounts of the College and School.

Point (20) Whether an Acquittance Roll is kept in which payments to the Professors are entered and their signatures taken.

Point 20. Most of the acquittance registers, if they were ever kept, have disappeared.

Point (21) Whether the office records are kept in proper order, if kept at all.

Point 21. The office records, etc., are in great disorder.

Point (22) Whether there is a sufficient number of maps and blackboards for the school classes.

Point 22. There are five maps in good order, and two very old ones for the use of the whole School and College. They are manifestly insufficient in number. Geography cannot possibly be properly taught.

Point (23) Whether about one hundred boys of the school classes were not compelled to pass the school hours standing, and that daily, from the month of July till the Pujā vacation, for want of benches, and whether the same difficulty is not to arise again next college session, when the benches will have to be taken away from the school classes for the convenience of the college students.

Point 23. The sitting accommodation for the students in both the College and School is generally quite insufficient. The pupils are much crowded together in a very insanitary fashion.

Point (24) Whether the laboratory is not in a most neglected condition, and whether for want of chemicals and instruments, experiments become frequently impossible.

Point 24. There is no laboratory properly so called. There is a portion of a kutchā shed in which there are a few almirahs and some low benches and a table, and this is called "the laboratory." The almirahs contain a few chemicals, some of them wrongly labelled, misspelt, etc. The value of the chemicals originally must have been very small. They would fetch nothing if now sold. The chemicals are old and many of them in bad condition.

There are some pieces of apparatus, chemical and physical, in the almirahs; a few pieces are in order, but the major part of the apparatus is quite useless. It is also of such nature that nothing like the experiments illustrative of a definite and continuous course of lectures could be attempted; even a proper F.A. course of science lectures would be impossible. The apparatus originally could not have been more than sufficient for a small amount of science lecturing in a small school of low grade.

I saw from the College registers that lectures in Physiology are delivered. I saw absolutely no apparatus for such lectures, nor did I see any diagrams or specimens which could be used for them.

The proper teaching of science in the Raj Chandra College is hence quite impossible.

Point (25) Whether the library is not in a very poor and confused state; whether additions worth even 10 or 12 rupees a year are made to it.

Point 25. It is an extremely poor library for a first grade College. As the Encyclopædia Britannica was purchased last year, the second allegation of the late Principal is not quite correct. It is said the library contains 1,200 books, but not more than 300 or 400 appear to be of any use, and many of them are not "up to date" works.

Point (26) Whether the Professors and teachers can get, in all cases, copies of the text-books they have to teach.

Point 26. I should say there would be sufficient books for this purpose.

Point (27) Whether there is an Attendance Register, either for the teachers or for the Professors.

Point 27. There is an attendance register of teachers in the Collegiate School, but no attendance register for the Professors of the College.

Point (28) Whether the Professors and teachers get leave whenever they like, to the detriment of the classes.

Point 28. There is much laxity in the attendance of the teachers of the Collegiate School; some teachers came late on more than half the days of one of the month's attendance I examined.

Point (29) Whether the University rules as to admission, calculation of attendances and such other matters are observed in all cases.

Point 29. I never saw much worse registers of the attendance of students in a College or School than those of the Raj Chandra College; alterations of markings and of absence from College are most numerous, and it is clear from the internal evidence of the register that some of these alterations were made not at the time of the original filling up of the register at the lecture. I regret to have to say it, but, with registers such as these, it is impossible to expect to get correct percentages, etc. The books, too, in which the calculation of the attendances of students are made show very numerous alterations, specially in the months of November and December, *i.e.*, the two months just before the students have to be signed up as to their attendance at the College.

Point (30) Whether candidates are allowed to appear at Honours examinations without attending lectures in these courses.

Point 30. I could not trace out any case of this. Attendance at Honour lectures is marked in the rolls in many cases.

Point (31) Whether a boy of the name of Satya Nath Sarkar was sent up for the B.A. Examination of 1901, though he had been away at Agra, in the Medical School there for five months, thus failing to complete full two years' attendance at the College.

Point 31. Babu Satya Nath Sarkar was present for many months in the College, and his attendance is duly marked. He was absent for a considerable period, but I could not find he had been five months away from the College, for the registers, like other records of the College, are in a very confused state.

Point (32) Whether the Secretary, who himself keeps the records of the College, can produce the register from which the attendance of Chitta Ranjan Mukerjee, who obtained the M.A. degree in English from this College at the last M. A. Examination, at the M. A. lectures of this College may be proved.

Point 32. Registers were produced showing that Chitta Ranjan Mukerjee had attended 52 M.A. lectures. The registers were peculiar. All other parts of the registers in which Chitta Ranjan Mukerjee's name appeared were written up in ink and almost wholly filled up as to attendance of all other students with ink.

Chitta Ranjan Mukerji's name was entered in ink, but his attendance in the various months and days was filled in with a violet copying ink pencil; and so far as I could see absolutely different from the greater part of the remainder of the registers. The condition of this register was most peculiar, to say the least of it.

Point (33) Whether at least two instances of false entry of percentages of attendance were not detected among the F. A. applications for 1902.

Point 33. There were such numerous alterations of the figures in the registers and records, that it would be impossible to give any definite decision on this point.

Point (34) Whether the students of the College classes are not allowed to handle their attendance registers freely, being thereby given an opportunity of tampering with the entries in the rolls.

Point 34. Alterations in the registers are most frequent, and very many alterations are not at all attested by the Principal or other autho-

rities. I am hence unable to say by whom the unattested alterations have been made. It is stated the registers are kept under lock and key, after having been brought from the class rooms by the Professors.

Point (35) Whether extortions in the shape of contribution to the Secretary's litigation fund had not been made before sending up candidates for the Entrance Examination, and whether substantial contributions did not influence the selection of candidates for the above examination, students who failed miserably at the Test Examination having been sent up; whether, when remonstrated with, the Secretary wrote to the Principal that he would return the moneys, though he has not done it yet.

Point 35. It was quite impossible for me to investigate this charge. It could only be done in a court of law.

Point (36) Whether a boy of the name of Sasi Kumar Sen Gupta was sent up for the last Entrance Examination without submitting to any Test Examination.

Point 36. In the College records, in the test examination for students going up to the Entrance Examination, no marks are given in the case of Sasi Kumar Sen Gupta. I was told he had been orally examined at a subsequent examination, and his marks not entered in the register. This appears to be a flagrant breach of the Calcutta University Rules.

Point (37) Whether boys who did not appear at the annual examinations of their respective classes, or, appearing, failed miserably, have been promoted to higher classes.

Point 37. I went over the annual examination marks of the Collegiate School. This Examination is a ridiculous farce. Boys failing miserably in several subjects, and indeed failing badly in nearly all subjects, are still promoted to the next higher class. Boys getting one-tenth or one-eighth of the full marks are still promoted.

Point (38) Whether a certain teacher took money from the boys of the 4th class and for this money consideration let them know the questions set at the annual examination of the class when these questions passed through his hands to the Press, and the Secretary took no notice of his action.

Point 38. It was impossible for me to test this charge.

Point (39) Whether the Secretary realised the money-order fee from each Entrance, F. A. and B. A. candidate, i.e., 2 annas, 4 annas and 6 annas respectively, though he afterwards converted the money received from the boys as examination fees into currency notes and sent these notes to the Registrar in registered covers at very small postal charges.

Point 39. The sums received for the fees for the Calcutta University examinations are not entered in the College account books, and it is impossible to test the truth of the statement. It is admitted that something beyond the bare Calcutta University fee is demanded and paid by the students, but it is stated that the excess amount is only a few pice. The fees, however, appear to be sent to the Calcutta University in currency notes in insured and registered covers, and hence this cost to the College would be but small.

Point (40) Whether the staff of teachers for the school department is undermanned, and whether some mere boys are engaged as teachers.

Point 40. The staff of the school is too small, and many of the teachers are very young.

Point (41) Whether the Teachers and Professors, excepting perhaps one or two of them, ever care to observe punctuality in attendance.

Point 41. It is impossible to give an opinion on this point.

Point (42) Whether there are any rules for the management of the College, or for regulating the conduct of the Professors, teachers, or boys.

Point 42. There do not appear to be any definite rules. The management appears to be practically in the hand of the Secretary, Babu Lalit Kumar Bose.

Point (43) Whether the Secretary ever consults the Principal with regard to the appointment or dismissal of Teachers and Professors, framing of routines, selection of text books for the school classes, or in any matter whatever concerning the College and the Collegiate school.

Point 43. Routines and other usual signs of good management in a College or School appear to be conspicuous by their absence. The College appears to be extremely badly managed in every way.

Point (44) Whether College students are sometimes called upon to teach the school classes.

Point 44. This is denied.

Point (45) Why the reports and returns called for by the University or the office of the Director of Public Instruction are not submitted.

Point 45. They come in to the Director of Public Instruction's office usually when called for.

Point (46) Whether the great majority of the students, both in the College and school classes, are free, half-free and partly free students, in the 1st year class, the number of such free, half-free and partly free students being 52 out of a total of 69 in the class, and in the 3rd year class 11 out of 15 in the class; and whether the motive for such a lavish grant of free, half-free and partly free studentships is rivalry with another local college.

Point 46. There is excessive laxity in this respect. On my asking for a statement of the number of free, half-free, etc., students in the College, I was told no such summary was available. The following facts will, however, enable a judgment to be come to in this matter.

In the month of August, there were 254 students on the roll of the College, even omitting the blanks in the register which should represent "defaulters." The College fee is Rs. 3 a month per student. Even without admission fees, fines and other sources of income, the College income should have been $254 \times \text{Rs. } 3 = \text{Rs. } 762$. The actual collections in August apparently from all sources were Rs. 411. This makes out at an average rate per student of from Re. 1-9 to Re. 1-10, so that nearly half the students must be wholly free or nearly the whole of them half-free students. To test this the double page of the College second year register of account for payment of fees was examined. In this there were 28 names of students. Of these, 3 were put down to pay at the full rate of Rs. 3; 4 were put down to pay at Rs. 2; 8 to pay at Re. 1-8; 4 to pay at Re. 1; 3 were marked free and 5 were blank as to any payment at all. These low fees also appear to be

remitted in many cases, as no records of payment for several students could be traced in the book which was examined.

In this connection it may be mentioned that in Government Colleges the number of free students rarely exceeds one per cent.; and in the recommendation of the recent Indian Universities Commission a limit of two per cent. is proposed.

It is impossible to say for what reason such a large number of students have their fees partially or wholly remitted. I am, however, informed that a somewhat similar state of things occurs in the local rival B. A. College at Barisal.

IV LETTERS FROM N. D. PRATSON-BELL ESQ., SETTLEMENT OFFICER, BARISAL.

Barisal 15th January, 1903.

I have the honor to report for the information of the Syndicate that I have undertaken as a temporary measure the management of the Rajchandra College, which is affiliated to the University of Calcutta. The circumstances are peculiar. The proprietor of the College, Babu Bihari Lal Rai Chaudhuri, entered into a written agreement with Babu Aswinikumar Datta, the proprietor of the rival College, for an amalgamation of the two Institutions. It was agreed that Babu Aswinikumar Datta should manage the amalgamated concern. Babu Bihari Lal Rai Chaudhuri soon repented of his agreement and sent intimation that he had cancelled it. Babu Aswinikumar Datta held to the agreement and endeavoured to enforce it. The result was that the two gentlemen were simultaneously endeavouring to manage the Rajchandra College. All discipline came to an end and an open breach of the peace was imminent. I therefore intervened, and by consent of both parties took up the temporary management. I understand that the matter is being formally brought before the Syndicate. I shall be very much obliged if the Syndicate will issue early orders on the case. For many reasons it is quite impossible for me to continue to take part in the management, and I desire to know to whom I should make over charge. The Syndicate are already fully aware of the unsatisfactory state of affairs which has been existing in this College. It would be futile for me to endeavour to remedy the defects during my short incumbency. I am therefore confining myself to a rectification of the most glaring deficiencies in the maintenance of the registers and accounts. Along with College, I am looking after the so-called Collegiate school. Any action I have taken has of course been quite unofficial. I have known the two gentlemen for seven years, and have taken an interest in Barisal education.

Barisal, 18th January, 1903.

In continuation of my letter of 15th instant on the subject of the Rajchandra College and school, I beg to state that I have been requested by Babu Aswinikumar Datta to send up the names of candidates for the different Examinations as appearing from the Rajchandra—Brajamohan Institute. As, however, I have not yet received information

that the Syndicate has recognised the amalgamation, I have passed orders that for the present the names should be sent up from the "Rajchandra College" and "Rajchandra School." If this be wrong, kindly see that necessary corrections are made. It would of course be unjust that any candidate should suffer from a mistake in the matter of naming the Institution.

C.

Barisal, 16th February, 1903.

With reference to your letter of 21st January, 1903, I beg to state that I managed the affairs of the Rajchandra College up to 31st January and audited the books up to that date.

The affairs of the College are in such a state that no self-respecting person would consent to serve on the Committee unless an adequate cash balance of at least Rs. 10,000 were immediately placed to the credit of the Committee. I see no prospect of any such provision. Moreover, my short experience of business relationship with the present Proprietor is not of such a nature that I desire to see it prolonged.

As regards the proposed amalgamation of the Colleges, I think that there is room in Barisal for two well equipped and well endowed colleges. Both the present colleges (especially the R. C. College) are of a "hand to mouth" character. There competition is deleterious to the cause of education in the town. If an amalgamation, accompanied by an endowment, could be arranged, it would be desirable. Amalgamation unaccompanied by an endowment would remove the evils of the present competition, but would be no permanent solution of the educational problem in Barisal.

The Chairman read a telegram from the Proprietor, Rajchandra College, praying that the consideration of the Rajchandra College case may be postponed.

Rai Suryyakumar Sarbadhikari moved that the consideration of the case be postponed for a fortnight.

Babu Kshetranath Chatterjee seconded the motion, which was supported by Babu Narendralal De.

The Very Rev. Father A. Neut, S.J., observed that there should be no postponement, unless some one had any reason to urge against the disaffiliation. The College was a standing shame, and the sooner it was disaffiliated the better.

Rai Chunilal Basu, Bahadur, opposed postponement on the ground that the state of things in the College was deplorable in every respect, and that every opportunity had been given to the Proprietor to improve matters. It would be a shame to allow the College to go on.

Mr. C. R. Wilson also opposed postponement. Ample forbearance had been exercised. It was only fair to the students that they should be told of the disaffiliation as promptly as possible.

- Rev. E. M. Wheeler, Babu Dwarkanath Chakrabarti, and Maulavi Abdul Karim protested against postponement.

The motion for postponement was put to the meeting and lost.

The Hon'ble Dr. Asutosh Mukhopadhyay, Saraswati, thereupon moved that the Senate accept the recommendation of the Syndicate, and withdraw the privileges of affiliation from the Rajchandra College, Barisal.

In making the motion, the Hon'ble Dr. Mukhopadhyay pointed out that six years before, the Principal of the College complained to the Syndicate, the Proprietor had practically retired from the management of the College. This was breach of faith on his part with the University. A long time was taken in inviting the Director of Public Instruction to hold an inquiry, and when the Director arrived, he found that the Principal had been dismissed. The charges were established at the inquiry. Every opportunity was given to the Proprietor to mend matters and introduce the reforms suggested by the Director. But he either trifled or did nothing. The Committee suggested by the Syndicate was not formed, and matters were allowed to go from bad to worse, until all discipline was at an end, and Mr. Beatson-Bell was driven to declare that no man with any self-respect could help in the management of the College. If immediate action was not taken, the effect would be disastrous to the cause of discipline and of education.

The resolution was seconded by Maulavi Abdul Karim, who could vouch, from personal knowledge, for the disgraceful state of things in the College, and who urged that the disaffiliation of the College should include that of the Collegiate School.

The motion, on being put to the meeting, was carried.

Offg. Registrar.

REPORT

OF THE

Syndicate for the Year 1902-1903.

The usual Examinations have been held during the year in Arts, Law, Medicine and Engineering; and a tabular statement is appended, showing the results and affording a comparison with the results of the previous year. The total number of candidates who appeared at this year's Examinations was 14,888 against 13,257 in the previous year.

The number of candidates registered for the Entrance Examination held in March 1902, was 7,029, of whom 3,450 passed, 3,508 failed, 68 were absent, and 3 were expelled. Of the successful candidates, 610 were placed in the First Division, 1,300 in the Second, and 1,540 in the Third. Of the 3,508 candidates who failed, 2,047 were rejected in English, 1,784 in Mathematics, 609 in the Second Languages, 1,490 in History and Geography, and 146 for not obtaining the minimum aggregate.

3,625 candidates took up Drawing as an optional subject, of whom 1,255 passed, 1,369 failed, and 1,001 were absent.

The following table shows the number of candidates that came up from each province, the number passed, and the percentage of successful candidates for the years 1901 and 1902 :—

The following list of Schools, which on the average of the three Entrance Examinations held in 1900, 1901, and 1902, failed to pass 20 per cent. of the candidates sent up for Examination, was submitted to the Syndicate at their meeting held on the 12th July, 1902 :—

Arrah Town School, Bayley H. E. School, Barh, Behar High School, Bhagalpur, City Institution, Calcutta, Sehore High School,

The authorities of the Schools in the above list were warned that if they failed to show better results at the next Examination the names of their schools would be removed from the list of recognised Institutions qualified to send up candidates to the Entrance Examination.

At the Entrance Examination held in March, 1903, there were 7,106 candidates.

The number of candidates registered for the First Examination in Arts held in March, 1902, was 4,139, of whom 1,535 passed, 2,363 failed, 241 were absent. Of the successful candidates, 129 were placed in the First Division, 383 in the Second, and 1,023 in the Third. Of the 2,363 candidates who failed, 1,807 were rejected in English, 1,403 in Mathematics, 813 in the Second Languages, 1,820 in Physics and Chemistry, and 13 for not obtaining the minimum aggregate, 590 in History, 173 in Logic and 940 in the Optional Subjects.

A comparative statement of the number of candidates, the number passed, and the percentage of passed candidates from each Province for the years 1901 and 1902 is subjoined.
